replacements), and as-needed repairs by the system operator would follow to ensure proper operation of the solar PV system.

The alternatives considered and analyzed in the PEA are the No Action alternative and three action alternatives, which are to implement the proposed action on greenfield sites (Alternative 1), on previously developed sites (Alternative 2), and on or over structures or impervious surfaces, such as buildings and carports (Alternative 3). Installations may choose any or all of the action alternative approaches to solar PV.

The goal of this programmatic approach is to streamline the NEPA process for the construction, operation, and maintenance of solar PV renewable energy projects by providing installations with sufficient detail about environmental impacts on resources to enable them to tier off of the PEA, as appropriate. Tiering from this PEA would avoid or reduce the costs of repetitive, similar analyses, and allow the Army to focus resources on only those site-specific environmental issues that merit a deeper analysis.

Installations tiering from the PEA would use the checklist contained in the PEA to identify site-specific NEPA requirements. Where further analysis would be required to meet site-specific NEPA requirements, the PEA may still be used for tiering, allowing the installation to focus on those resources which require site-specific analysis.

Members of the public, federally-recognized Native American Tribes, Alaska Native Tribes, Native Hawaiian Organizations, and federal, state, and local agencies are invited to submit written comments on the PEA and/or draft FNSI. The PEA and draft FNSI may be accessed at: http://www.aec.army.mil/Services/Support/NEPA/Documents.aspx.

Brenda S. Bowen,
Army Federal Register Liaison Officer.

BILLING CODE 5001–03–P

DEPARTMENT OF EDUCATION

[Docket No.: ED–2016–ICCD–0136]

Agency Information Collection Activities; Comment Request; William D. Ford Federal Direct Loan Program—150% Limitation

AGENCY: Federal Student Aid (FSA), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 et seq.), ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before January 31, 2017.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use http://www.regulations.gov by searching the Docket ID number ED–2016–ICCD–0136. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at http://www.regulations.gov by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 2E–347, Washington, DC 20202–4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Beth Grebeldinger, 202–377–4018.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public’s reporting burden. It also helps the public understand the Department’s information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: William D. Ford Federal Direct Loan Program—150% Limitation.

OMB Control Number: 1845–0116.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments; Individuals or Households; Private Sector.

Total Estimated Number of Annual Responses: 7,770,494.

Total Estimated Number of Annual Burden Hours: 282,713.

Abstract: These data will allow the Department to calculate the borrowers maximum eligibility period, subsidized usage period, and remaining eligibility period as described in 685.200(f)(1)(ii)–(f)(1)(iv), determine whether the borrower is eligible to receive an additional Direct Subsidized Loan, and ensure that borrowers do not receive Direct Subsidized Loans if they are no longer eligible to receive a Direct Subsidized Loan under 685.200(f)(2).

The Department will determine whether the borrower is responsible for accruing interest on their previously received Direct Subsidized Loans. To ensure that the Department has the information to necessary to make that determination, institutions will be required to report additional information to NSLDS. For example, institutions will be required to report:

The CIP code and the credential level for the program in which a borrower is enrolled; the length of the program in academic years, weeks, or months (consistent with current institutional reporting in the COD System); and a more detailed enrollment status of the borrower (e.g., full-time, three-quarter-time, half-time, or less-than-half-time).

These data will allow the Department to determine whether a borrower who is not eligible for additional Direct Subsidized Loans is responsible for accruing interest on his or her previously received Direct Subsidized Loans.

The regulations implement a new statutory requirement that significantly limits a borrowers eligibility for Direct Subsidized Loans and potentially results in the borrower becoming responsible for accruing interest on existing Direct Subsidized Loans. Under section 485(l) of the HEA, which requires that borrowers be provided with entrance and exit counseling on the provisions governing federal student aid, institutions will be required to revise the entrance and exit counseling provided to borrowers.
For entrance counseling, the added counseling requirements under 685.304 will require institutions to explain the new provisions to borrowers.

Dated: November 29, 2016.

Kate Mullan,
Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

For entrance counseling, the added counseling requirements under 685.304 will require institutions to explain the new provisions to borrowers. This helps the Department assess the impact of its information collection requirements and minimize the public’s reporting burden. It also helps the public understand the Department’s information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Student Assistance General Provisions—Subpart J—Approval of Independently Administered Tests

OMB Control Number: 1845–0049.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments; Individuals or Households; Private Sector.

Total Estimated Number of Annual Responses: 48,779.

Total Estimated Number of Annual Burden Hours: 6,340.

Abstract: This request is for revision of the approval of the reporting and record-keeping requirements that are contained in the information collection 1845–0049 for Student Assistance General Provision regulations Subpart J—Approval of Independently Administered Tests; Specification of Passing Score; Approval of State Process. These regulations govern the application for and approval by the Secretary of assessments by a private test publisher or State that are used to measure a student’s skills and abilities. The administration of approved ability to benefit (ATB) tests may be used to determine a student’s eligibility for assistance for the Title IV student financial assistance programs authorized under the Higher Education Act of 1965, as amended (HEA) when, among other conditions, the student does not have a high school diploma or its recognized equivalent. The language of the current regulations has not changed.

Dated: November 29, 2016.

Kate Mullan,
Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

DEPARTMENT OF ENERGY
Office of Energy Efficiency and Renewable Energy

Incorporated From the Department of Energy Dishwashers Test Procedures and Grant of Interim Waiver

ACTION: Notice of petition for waiver and grant of interim waiver.

SUMMARY: This notice announces receipt of and publishes a petition for waiver from Miele Incorporated (Miele) seeking an exemption from specified portions of the U.S. Department of Energy (DOE) test procedure for determining the energy consumption of dishwashers that operate at 208 volts under Title 10 of the Code of Federal Regulations (CFR) part 430, subpart B, appendix C1. Section 2.2 of appendix C1 has provisions for testing at 115 and 240 volts only. Consequently, Miele submitted to DOE an alternate test procedure that allows for testing of one specified basic model at 208 volts. This notice also announces that DOE has granted Miele an interim waiver from the DOE dishwasher test procedure for the specified dishwasher basic model, subject to use of the alternative test procedure as set forth in this notice. DOE solicits comments, data, and information concerning Miele’s petition and its suggested alternate test procedure.

DATES: DOE will accept comments, data, and information with regard to the Miele petition until January 3, 2017.

ADDRESSES: You may submit comments, identified by Case Number DW–012, by any of the following methods:

• Federal eRulemaking Portal: http://www.regulations.gov. Follow the instructions for submitting comments.

• Email: AS_Waiver_Requests@ee.doe.gov. Include the case number [Case No. DW–012] in the subject line of the message. Submit electronic comments in WordPerfect, Microsoft
