

SUPPLEMENTARY INFORMATION:**I. Background**

On March 12, 2015, NOAA expanded the boundaries of Gulf of the Farallones National Marine Sanctuary (now renamed Greater Farallones National Marine Sanctuary or GFNMS) and Cordell Bank National Marine Sanctuary (CBNMS) to an area north and west of their previous boundaries with a final rule (80 FR 13078). The final rule entered into effect on June 9, 2015 (80 FR 34047). To ensure that the March 12, 2015, rule does not undermine USCG's ability to perform its duties, at that time, NOAA postponed the effectiveness of the discharge requirements in both sanctuaries' regulations with regard to U.S. Coast Guard (USCG) activities for 6 months. Two additional six month postponements of the effectiveness of the discharge requirements were published in the **Federal Register** on December 1, 2015 (80 FR 74985) and May 31, 2016 (81 FR 34268), to provide adequate time for completion of an environmental assessment and to determine NOAA's next steps. Without further NOAA action, the discharge regulations would become effective with regard to USCG activities December 9, 2016. However, NOAA needs more time to develop alternatives for an environmental assessment developed pursuant to the requirements of the National Environmental Policy Act. Therefore, this notice postpones the effectiveness of the discharge requirements in the expansion areas of both sanctuaries with regard to USCG activities for another 6 months, until June 9, 2017. During this time, NOAA will continue to consider how to address USCG's concerns and, among other things, whether to exempt certain USCG activities in sanctuary regulations. The public, other federal agencies, and interested stakeholders will be given an opportunity to comment on various alternatives that are being considered. This will include the opportunity to review any proposed rule and related environmental analysis. In the course of the rule making to expand GFNMS and CBNMS, NOAA learned from USCG that the discharge regulations had the potential to impair the operations of USCG vessels and air craft conducting law enforcement and on-water training exercises in GFNMS and CBNMS. The USCG supports national marine sanctuary management by providing routine surveillance and dedicated law enforcement of the National Marine Sanctuaries Act and sanctuary regulations.

II. Classification**A. National Environmental Policy Act**

NOAA previously conducted an environmental analysis under the National Environmental Policy Act (NEPA) as part of the rulemaking process leading to the expansion of CBNMS and GFNMS, which addressed regulations regarding the discharge of any matter or material in the sanctuaries. The environmental impacts of the decision to postpone effectiveness reflect a continuation of the environmental baseline and the no action alternative presented in that analysis. Should NOAA decide to amend the regulations governing discharges for USGS activities in CBNMS and GFNMS, any additional environmental analysis required under NEPA would be prepared and released for public comment.

B. Executive Order 12866: Regulatory Impact

This action has been determined to be not significant for purposes of the meaning of Executive Order 12866.

C. Administrative Procedure Act

The Assistant Administrator of National Ocean Service (NOS) finds good cause pursuant to 5 U.S.C. 553(b)(B) to waive the notice and comment requirements of the Administrative Procedure Act (APA) because this action is administrative in nature. This action postpones the effectiveness of the discharge requirements in the regulations for CBNMS and GFNMS in the areas added to the sanctuaries' boundaries in 2015 (subject to notice and comment review) with regard to U.S. Coast Guard activities for 6 months to provide adequate time for public scoping, completion of an environmental assessment, and subsequent rulemaking, as appropriate. Should NOAA decide to amend the regulations governing discharges in CBNMS and GFNMS, it would publish a proposed rule followed by an appropriate public comment period as required by the APA. The substance of the underlying regulations remains unchanged. Therefore, providing notice and opportunity for public comment under the Administrative Procedure Act would serve no useful purpose. The delay in effectiveness provided by this action will also enable NOAA to fully implement its statutory responsibilities under the NMSA to protect resources of a national marine sanctuary. For the reasons above, the Assistant Administrator also finds good cause under 5 U.S.C. 553(d) to waive the 30-

day delay in effectiveness and make this action effective immediately upon publication.

Extension of Import Restrictions Imposed on Certain Archaeological and Ethnological Materials From the Plurinational State of Bolivia

AGENCY: U.S. Customs and Border Protection; Department of Homeland Security; Department of the Treasury.

ACTION: Final rule.

SUMMARY: This final rule amends the U.S. Customs and Border Protection (CBP) regulations to reflect an extension of import restrictions on certain archaeological and ethnological materials from the Plurinational State of Bolivia ("Bolivia"). The restrictions, which were originally imposed by Treasury Decision (T.D.) 01-86 and last extended by CBP Dec. 11-24, are due to expire on December 4, 2016. The Assistant Secretary for Educational and Cultural Affairs, United States Department of State, has determined that conditions continue to warrant the imposition of import restrictions. Accordingly, these import restrictions will remain in effect for an additional five years, and the CBP regulations are being amended to reflect this extension through December 4, 2021. These restrictions are being extended pursuant to determinations of the United States Department of State made under the terms of the Convention on Cultural Property Implementation Act in accordance with the United Nations Educational, Scientific and Cultural Organization (UNESCO) Convention on the Means of Prohibiting and Preventing the Illicit Import, Export and Transfer of Ownership of Cultural Property. T.D. 01-86 contains the Designated List of archaeological and ethnological

materials from Bolivia to which the restrictions apply.

DATES: Effective December 2, 2016.

SUPPLEMENTARY INFORMATION:

Background

Pursuant to the provisions of the 1970 United Nations Educational, Scientific and Cultural Organization (UNESCO) Convention, codified into U.S. law as the Convention on Cultural Property Implementation Act (Pub. L. 97-446, 19 U.S.C. 2601 *et seq.*), the United States entered into a bilateral agreement with Bolivia¹ on December 4, 2001, concerning the imposition of import restrictions on certain archaeological and ethnological materials from Bolivia. On December 7, 2001, the U.S. Customs Service (U.S. Customs and Border Protection's predecessor agency) published Treasury Decision (T.D.) 01-86 in the **Federal Register** (66 FR 63490), which amended 19 CFR 12.104g(a) to reflect the imposition of these restrictions and included a list designating the types of articles covered by the restrictions.

Import restrictions listed in 19 CFR 12.104g(a) are effective for no more than five years beginning on the date on which the agreement enters into force with respect to the United States. This period can be extended for additional periods not to exceed five years if it is determined that the factors which justified the initial agreement still pertain and no cause for suspension of the agreement exists (19 CFR 12.104g(a)).

On October 11, 2016, after reviewing the findings and recommendations of the Cultural Property Advisory Committee, the Assistant Secretary for Educational and Cultural Affairs, United States Department of State, concluding that the cultural heritage of Bolivia continues to be in jeopardy from pillage of certain archaeological and ethnological materials, made the necessary determination to extend the import restrictions for an additional five years. Diplomatic notes have been

exchanged reflecting the extension of those restrictions for an additional five-year period. Accordingly, CBP is amending 19 CFR 12.104g(a) to reflect the extension of the import restrictions. The Designated List of Archaeological and Ethnological Material from Bolivia covered by these import restrictions is set forth in T.D. 01-86. The Designated List may also be found at the following Web site address: <https://eca.state.gov/cultural-heritage-center/cultural-property-protection/bilateral-agreements/bolivia>.

The restrictions on the importation of these archaeological and ethnological materials from Bolivia are to continue in effect through December 4, 2021. Importation of such material continues to be restricted unless the conditions set forth in 19 U.S.C. 2606 and 19 CFR 12.104c are met.

Inapplicability of Notice and Delayed Effective Date

This amendment involves a foreign affairs function of the United States and is, therefore, being made without notice or public procedure under 5 U.S.C. 553(a)(1). In addition, CBP has determined that such notice or public procedure would be impracticable and contrary to the public interest because the action being taken is essential to avoid interruption of the application of the existing import restrictions (5 U.S.C. 553(b)(B)). For the same reason, a delayed effective date is not required under 5 U.S.C. 553(d)(3).

Regulatory Flexibility Act

Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

Executive Order 12866

Because this rule involves a foreign affairs function of the United States, it is not subject to Executive Order 12866.

Signing Authority

This regulation is being issued in accordance with 19 CFR 0.1(a)(1).
