

as amended. Except where otherwise indicated, COGME is governed by provisions of the Federal Advisory Committee Act (5 U.S.C. App. 2), as amended, which sets forth standards for the formation and use of advisory committees. In accordance with the Federal Advisory Committee Act (FACA), COGME was initially chartered on September 30, 1996, and has been renewed at appropriate intervals.

COGME provides advice to the Secretary of HHS (Secretary) on a range of issues including: The supply and distribution of physicians in the United States; current and future physician shortages or excesses; issues relating to foreign medical school graduates; Federal policies related to the previously listed topics, including policies concerning changes in the financing of medical education training; and the development of performance measures and longitudinal evaluation of medical education programs. COGME's reports are submitted to the Secretary and Chairmen and Ranking Members of the Senate Committee on Health, Education, Labor, and Pensions and the House of Representatives Committee on Energy and Commerce.

Renewal of the COGME charter authorizes the Committee to operate until September 30, 2018.

A copy of the COGME charter is available on the COGME Web site at <http://www.hrsa.gov/advisorycommittees/bhpradvisory/cogme/index.html>. A copy of the charter also can be obtained by accessing the FACA database that is maintained by the Committee Management Secretariat under the General Services Administration. The Web site address for the FACA database is <http://www.facadatabase.gov/>.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Proposed Collection: Public Comment Request; Children's Hospitals Graduate Medical Education Payment Program Application and Full-Time Equivalent Resident Assessment Forms

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services.

ACTION: Notice.

SUMMARY: In compliance with the requirement for opportunity for public comment on proposed data collection projects (Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995), HRSA announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on this ICR should be received no later than January 9, 2017.

ADDRESSES: Submit your comments to paperwork@hrsa.gov or mail the HRSA Information Collection Clearance Officer, Room 14N-39, 5600 Fishers Lane, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email paperwork@hrsa.gov or call the HRSA Information Collection Clearance Officer at (301) 443-1984.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the information request collection title for reference.

Information Collection Request Title: Children's Hospitals Graduate Medical Education Payment Program Application and Full-Time Equivalent Resident Assessment Forms OMB No. 0915-0247 Revision.

Abstract: The Children's Hospitals Graduate Medical Education (CHGME) Payment Program was enacted by Public Law 106-129, and reauthorized by the CHGME Support Reauthorization Act of 2013 (Pub. L. 113-98) to provide Federal support for graduate medical education (GME) to freestanding children's hospitals. The legislation indicates that eligible children's hospitals will receive payments for both direct and indirect medical education. The CHGME Payment Program application and full-time equivalent (FTE) resident assessment forms received OMB clearance on June 30, 2014.

The CHGME Support Reauthorization Act of 2013 included a provision to allow certain newly qualified children's hospitals to apply for CHGME Payment Program funding. The CHGME Payment Program application forms have been revised to accommodate the new statute. In addition, a payment question included in the CHGME Payment Program application forms has been removed, since the participating

children's hospitals are now required to electronically communicate their financial information to the Payment Management System through the Electronic Handbook.

The form changes are only applicable to the HRSA 99-1 (also known as Exhibit O (2)) and HRSA 99-5 forms. All other hospital and auditor forms are the same as currently approved. The changes to the HRSA 99-1 and HRSA 99-5 forms require OMB approval and are as follows:

1. *HRSA 99-1:* Add additional description to Line 4.06 (both Page 2 and Page 2 Supplemental), 5.06 and 6.06. The current description is "FTE adjusted cap." The new description will be "FTE adjusted cap or 2013 CHGME Reauthorization cap due to Public Law 113-98."

2. *HRSA 99-5:* Remove Payment Information question and check boxes, applicable only to: (1) Hospitals which have not previously participated in the CHGME Payment Program, and (2) hospitals in which financial institution information has changed since submission of its last application.

Need and Proposed Use of the Information: Data on the number of FTE residents trained are collected from children's hospitals applying for CHGME Payment Program funding. These data are used to determine the amount of direct and indirect medical education payments to be distributed to participating children's hospitals. Indirect medical education payments are derived from a formula that requires the reporting of discharges, beds, and case mix index information from participating children's hospitals. As required by statute, the FTE resident assessment shall determine any changes to the FTE resident counts initially reported to the CHGME Payment Program.

Likely Respondents: The likely respondents include the estimated 60 children's hospitals that apply and receive CHGME Payment Program funding, as well as the 30 auditors contracted by HRSA to perform the FTE resident assessments of the children's hospitals participating in the CHGME Payment Program. Children's hospitals applying for CHGME Payment Program funding are required by the CHGME Payment Program statute to submit data on the number of FTE residents trained in an annual application. Once funded by the CHGME Payment Program, these same children's hospitals are required to submit audited data on the number of FTE residents trained during the federal fiscal year to participate in the reconciliation payment process. Contracted auditors are requested by

HRSA to submit assessed data on the number of FTE residents trained by the children's hospitals participating in the CHGME Payment Program in an FTE resident assessment summary.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information

requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train

personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

* The total is 90 because the same hospitals and auditors are completing the forms.

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.
