DEPARTMENT OF COMMERCE
International Trade Administration

[A–570–831]

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Department) is conducting the 21st administrative review of the antidumping duty order on fresh garlic from the People’s Republic of China (PRC), covering the period of review (POR) November 1, 2014, through October 31, 2015. This review covers 42 manufacturers/exporters of subject merchandise. We preliminarily find that the mandatory respondents Zhengzhou Harmoni Spice Co., Ltd (Harmoni) and Qingdao Tiantaixing Foods Co., Ltd (QTF) each failed to cooperate to the best of its ability. As a result, we preliminarily find that Harmoni has not rebutted the presumption that it is part of the PRC-wide entity, and we preliminarily base QTF’s dumping margin on adverse facts available. In addition, we preliminarily find that voluntary respondent Shenzhen Xinboda Industrial Co., Ltd (Xinboda) made sales of subject merchandise at less than normal value (NV). We invite interested parties to comment on these preliminary results.

DATES: Effective December 9, 2016.

Scope of the Order
The merchandise covered by the order includes all grades of garlic, whole or separated into constituent cloves. Fresh garlic that are subject to the order are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) 0703.20.0010, 0703.20.0020, and 0703.20.0090. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description remains dispositive. For a full description of the scope of this order, please see “III. Scope of the Order” in the accompanying Preliminary Decision Memorandum.1

Partial Rescission of Administrative Review
On January 7, 2016, the Department initiated a review of 42 companies in this proceeding.2 On March 11, 2016, withdrawal requests were timely filed for 14 companies.3 The Department is, therefore, partially rescinding this review with respect to the companies listed in Appendix I, in accordance with 19 CFR 351.213(d)(1).

Affiliation
For the reasons set forth in the Preliminary Decision Memorandum and in accordance with 19 CFR 351.401(f), and the Department’s practice, we are treating QTF, Qingdao Tianheng Foods Co., Ltd. (QTHF), Qingdao Beixing Trading Co., Ltd. (QBT), Qingdao Lianghe International Trade Co., Ltd. (Lianghe), and Qingdao Xintianfeng Foods Co., Ltd (QXF) as a single entity, for the purposes of this preliminary determination.4

Methodology
The Department is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). Export prices were calculated in accordance with section 772(a) of the Act. Because the PRC is a non-market economy (NME) within the meaning of section 771(i)(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act. We relied, in part, on the facts available, with adverse inferences, for our preliminary determination, in accordance with section 776 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum, which is hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s

PRC-Wide Entity

The Department’s policy regarding 
conditional review of the PRC-wide 
entity applies to this administrative 
review.5 Under this policy, the PRC- 
wide entity will not be under review 
unless a party specifically requests, or 
the Department self-initiates, a review of 
the entity. Because no party requested a 
review of the PRC-wide entity in this 
review, the entity is not under review 
and the entity’s rate (i.e., $4.71/kg) is 
not subject to change. Aside from the no 
shipments companies discussed below, 
and the companies for which the review is 
being rescinded, the Department 
considers all other companies for which 
a review was requested, and which did 
not preliminarily qualify for a separate 
rate, to be part of the PRC-wide entity. 
For additional information, see the 
Preliminary Decision Memorandum.

Preliminary Determination of Separate 
Rates for Non-Selected Companies

In accordance with section 
777A(c)(2)(B) of the Act, the Department 
employed a limited examination 
methodology, as it determined that it would 
not be practicable to examine 
individually all companies for which a 
review request was made.6 There were 
five exporters of subject merchandise 
from the PRC that have demonstrated 
their eligibility for a separate rate but 
were not selected for individual 
examination in this review. These five 
exporters are listed in Appendix II.

Neither the Act nor the Department’s 
regulations address the establishment of the 
rate applied to individual 
companies not selected for examination 
where the Department limited its 
examination in an administrative review 
pursuant to section 777A(c)(2) of the 
Act. The Department’s practice in cases 
involving limited selection based on 
exporters accounting for the largest 
volume of imports has been to look to 
section 735(c)(5) of the Act for guidance, 
which provides instructions for 
calculating the all-others rate in an 
investigation. Section 735(c)(5)(A) of the 
Act instructs the Department to use 
rates established for individually 
investigated producers and exporters, 
excluding any rates that are zero, de 
minimis, or based entirely on facts 
available in investigations. In this 
review, we calculated a preliminary 
weighted-average dumping margin for 
Xinboda, while we preliminarily 
determined that the application of facts 
available with adverse inferences is 
warranted for Harmoni and QTF. 
Therefore for the preliminary results, 
the Department has preliminarily 
determined to assign Xinboda’s rate to 
the non-selected separate-rate 
companies.

Preliminary Determination of No 
Shipments

The companies listed in Appendix III 
timely filed “no shipment” 
certifications stating that they had no 
entries into the United States of subject 
merchandise during the POR. Consistent 
with its practice, the Department asked 
U.S. Customs and Border Protection 
(CBP) to conduct a query of potential 
shipments made by these companies. 
CBP provided information7 that 
indicated that one of the companies had 
shipments into the United States during 
the POR. In addition, the Department 
has found two of these companies to be 
a part of the QTF entity, discussed 
further in the “Affiliations” section of 
the Preliminary Decision Memorandum. 
Based on the certifications by the 
remaining companies and our analysis 
of CBP information, we preliminarily 
determine that the companies listed in 
Appendix III did not have any 
reviewable transactions during the POR. 
In addition, the Department finds that 
consistent with its refinement to its 
assessment practice in NME cases, 
further discussed below, it is 
appropriate not to preliminarily rescind 
the review, in part, in these 
circumstances, but rather to complete 
the review with respect to these 10 
companies, and issue appropriate 
instructions to CBP based on the final 
results of the review.8

Preliminary Results of Review

The Department preliminarily 
determines that the following weighted-
average dumping margins exist for the 
period November 1, 2014, through 
October 31, 2015:

Disclosure, Public Comment and Opportunity To Request a Hearing

The Department intends to disclose the calculations used in our analysis to parties in this review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties may submit written comments (case briefs) no later than 30 days after the date of publication of these preliminary results of review, pursuant to 19 CFR 351.309(c)(ii) and rebuttal comments (rebuttal briefs) within five days after the time limit for filing case briefs, pursuant to 19 CFR 351.309(d)(1). Pursuant to 19 CFR 351.309(d)(2), rebuttal briefs must be limited to issues raised in the case briefs. Parties who submit arguments are requested to submit with the argument: (1) A statement of the issue; (2) a brief summary of the argument; and, (3) a table of authorities. See 19 CFR 351.303 for general filing requirements. All electronically filed documents must be received successfully in its entirety by the Department’s electronic records system, ACCESS.

Pursuant to 19 CFR 351.310, any interested party may request a hearing within 30 days of publication of this notice. Hearing requests should contain the following information: (1) The party’s name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the case and rebuttal briefs. Id. If a party requests a hearing, the Department will inform parties of the scheduled date for the hearing which will be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and location to be determined. Parties should confirm by telephone the date, time, and location of the hearing.

The Department intends to issue the final results of this review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review, in accordance with 19 CFR 351.212(b). For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit rate found to be the estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(ii). The Department will direct CBP to assess rates based on the per-unit (i.e., per kilogram) amount on each entry of the subject merchandise during the POR. The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of review.

The Department announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for merchandise that was not reported in the U.S. sales databases submitted by an exporter individually examined during this review, but that entered under the case number of that exporter (i.e., at the individually-examined exporter’s cash deposit rate), the Department will instruct CBP to liquidate such entries at the NME-wide rate. In addition, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (i.e., at that exporter’s rate) will be liquidated at the PRC-wide rate.9

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2) of the Act: (1) For the companies listed above, the cash deposit rate will be the rate established in these final results of review (except, if the rate is zero or de minimis, then zero cash deposit will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 4.71 U.S. dollars per kilogram; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213(h) and 351.221(b)(4).

Dated: December 5, 2016.

Assistant Secretary for Enforcement and Compliance.

Steel Concrete Reinforcing Bar From Mexico: Preliminary Results of Antidumping Duty Administrative Review; 2014–2015

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to requests from interested parties, the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on steel concrete reinforcing bar (rebar) from Mexico, covering the period April 24, 2014, through October 31, 2015. The review covers Deacero S.A.P.I de C.V. (Deacero), and Grupo Simec S.A.B. de C.V. (Grupo Simec). We preliminarily determine that Deacero made sales of subject merchandise at less than normal value during the period of review (POR), and that Grupo Simec did not. Interested parties are invited to comment on these preliminary results.

DATES: Effective December 9, 2016.

FOR FURTHER INFORMATION CONTACT: Stephanie Moore for Deacero or Patricia Tran for Grupo Simec, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–3692 or (202) 482–1503, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 7, 2016, the Department published a notice of initiation of an administrative review of the antidumping order on rebar from Mexico. As explained in the memorandum from the Acting Assistant Secretary for Enforcement and Compliance, the Department exercised its discretion to toll all administrative deadlines due to a closure of the Federal Government. As a result, the revised deadline for the preliminary results of this review was August 5, 2016. On July 14, 2016, the Department extended the deadline for the preliminary results to December 5, 2016.

Scope of the Order

Imports covered by the order are shipments of steel concrete reinforcing bar imported in either straight length or coil form (rebar) regardless of metallurgy, length, diameter, or grade. The merchandise subject to review is currently classifiable under items 7213.10.0000, 7214.20.0000, and 7228.30.8010. The subject merchandise may also enter under other Harmonized Tariff Schedule of the United States (HTSUS) numbers including 7215.90.1000, 7215.90.5000, 7221.00.0015, 7221.00.0030, 7221.00.0045, 7222.11.0001, 7222.11.0057, 7222.11.0059, 7223.30.0001, 7227.20.0080, 7227.90.6085, 7228.20.1000, and 7228.60.6000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to the order is dispositive.

Methodology

The Department is conducting this review in accordance with section 751(a)(1) and (2) of the Tariff Act of 1930, as amended (the Act). Constructed export price or export price is calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our preliminary results, see the Preliminary Decision Memorandum dated concurrently with this notice and hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). A complete version of the Preliminary Decision Memorandum is available to registered users of ACCESS.

Assessment Rate

Upon issuance of the final results, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. If the weighted-average dumping margin for Deacero or Grupo Simec is not zero or de minimis (i.e., less than 0.5 percent), we will calculate importer-specific ad valorem antidumping duty assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is not zero or de minimis. Where either the respondent’s weighted-average dumping margin is

Producer and/or exporter | Weighted-average dumping margin (percent)
