Two mail follow-ups to nonrespondents will be conducted at approximately one-month intervals. The second follow-up of the 2014 ASE included a certified mailing for all nonrespondents. The 2015 ASE included a certified mailing for only a selected group of nonrespondents based on their sampling frame; the other nonrespondents received a standard first-class follow-up mailing. ¹ See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity*

In April 2016, the Department received multiple timely requests to conduct an administrative review of the antidumping duty order on drawn stainless steel sinks from the PRC.

On June 6, 2016, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), the Department published in the **Federal Register** a notice of initiation of an administrative review of the AD order.² The administrative review was initiated with respect to 32 companies, and covers the period April 1, 2015, through March 31, 2016. Subsequent to the initiation of the administrative review, the requesting parties timely withdrew their review requests for 19 of these companies, as discussed below.

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if a party that requested a review withdraws its request within 90 days of the date of publication of notice of initiation of the requested review. For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as the only reminder to importers whose entries will be liquidated as a result of this rescission notice, of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement may result in the presumption that reimbursement of antidumping duties and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

⁴ As stated in *Change in Practice in NME Reviews*, the Department will no longer consider the non-market economy entity as an exporter conditionally subject to administrative reviews. Chlorinated Isocyanurates From the People's Republic of China: Preliminary Results of Countervailing Duty Administrative Review, and Preliminary Intent To Rescind Review, in Part; 2014

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the "Department") preliminarily determines that countervailable subsidies are being provided to producers and exporters of chlorinated isocyanurates ("chloro isos") from the People's Republic of China (the "PRC"). Interested parties are invited to comment on this preliminary determination.

DATES: Effective December 13, 2016.

FOR FURTHER INFORMATION CONTACT: Omar Qureshi or Andrew Devine, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone 202.482.5307 or 202.482.0238, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The products covered by the order are chloro isos, which are derivatives of cyanuric acid, described as chlorinated

s-triazine triones.¹ Chloro isos are currently classifiable under subheadings 2933.69.6015, 2933.69.6021, 2933.69.6050, 3808.50.4000, 3808.94.5000, and 3808.99.9500 of the Harmonized Tariff Schedule of the United States ("HTSUS"). The HTSUS subheadings are provided for convenience and customs purposes; the written product description of the scope of the order is dispositive.

Methodology

On November 13, 2014, the Department published in the **Federal Register** a countervailing duty ("CVD") order on chloro isos from the PRC.² The Department is conducting this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended ("the Act"). For each of the subsidy programs found countervailable, we preliminarily find that there is a subsidy (*i.e.*, a financial contribution from an authority that gives rise to a benefit to the recipient), and that the subsidy is specific.³ In making this preliminary determination, the Department relied, in part, on facts otherwise available, with the application of adverse inferences.⁴ For further information, see "Use of Facts Otherwise Available and Adverse Inferences" in the accompanying Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is provided at Appendix I to this notice.

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.
