Provisions for Removing Commodity Research and Promotion Board Members and Staff

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Extension of comment period.

SUMMARY: Notice is hereby given that the comment period on proposed amendments to the provisions for removal of board and council members or staff of the research and promotion orders—or the regulations under the orders—overseen by the Agricultural Marketing Service (AMS) is extended to December 23, 2016. The proposed rule would provide uniform authority for the U.S. Department of Agriculture (USDA) to initiate action to remove board members and staff who fail to perform their duties or who engage in dishonest actions or willful misconduct. Such action is necessary to ensure the boards can continue to fulfill their intended purposes with minimal disruption.

DATES: Comments must be received by December 23, 2016.

ADDRESSES: Interested persons are invited to submit written comments concerning this proposed rule. Comments should be submitted on the internet at: <http://www.regulations.gov>. Written comments may also be sent to Laurel L. SUPPLEMENTARY INFORMATION:

A proposed rule was published in the **Federal Register** on November 23, 2016 (81 FR 84510). The proposed rule would amend the orders and/or rules and regulations for 19 of the 22 national commodity research and promotion programs overseen by AMS by providing uniform authority for USDA to initiate action as necessary to remove board and council members or their staff employees to preserve program integrity and mitigate damage from illegal or inappropriate behavior. Currently, most of AMS's 22 research and promotion programs specify provisions for removing board and council members or their staff employees when they are unwilling or unable to perform their duties properly or when they engage in prohibited or illegal activities or other willful misconduct. However, removal authority is inconsistent across all of the programs, which impairs AMS's ability to provide uniform oversight of the programs and their assets. The 15-day comment period provided in the proposed rule closes December 8, 2016.

USDA received letters from several of the affected programs requesting that the comment period be extended. The letters expressed concern that the original comment period was insufficient to allow commenters to adequately evaluate the impacts of the proposal and develop appropriate comments.

Authority: This document is issued under 19 of the commodity research and promotion orders established under the following acts: Beef Promotion and Research Act of 1985 (7 U.S.C. 2901-2911); Commodity Promotion, Research, and Information Act of 1996 (7 U.S.C. 7411-7425); Cotton Research and

Promotion Act of 1966 (7 U.S.C. 2101-2118); Dairy Production Stabilization Act of 1983 (7 U.S.C. 4501-4514); Egg Research and Consumer Information Act of 1974 (7 U.S.C. 2701-2718); Fluid Milk Promotion Act of 1990 (7 U.S.C. 6401-6417); Hass Avocado Promotion, Research, and Information Act of 2000 (U.S.C. 7801-7813); Mushroom Promotion, Research, and Consumer Information Act of 1990 (7 U.S.C. 6101-6112); Popcorn Promotion, Research, and Consumer Information Act of 1996 (7 U.S.C. 7481-7491); Pork Promotion, Research, and Consumer Information Act of 1985 (7 U.S.C. 4801-4819); Potato Research and Promotion Act of 1971 (7 U.S.C. 2611-2627); and Watermelon Research and Promotion Act (7 U.S.C. 4901-4916). These acts are collectively referred to as "commodity research and promotion laws" or "acts."

Airworthiness Directives; BAE Systems (Operations) Limited Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Supplemental notice of proposed rulemaking (SNPRM); reopening of comment period.

SUMMARY: We are revising an earlier proposal to supersede Airworthiness Directive (AD) 2011-24-06. AD 2011-24-06 applies to all BAE Systems (Operations) Limited Model Bae 146-100A, -200A, and -300A airplanes; and Model Avro 146-RJ70A, 146-RJ85A, and 146-RJ100A airplanes. This action revises the NPRM by adding airplanes to the applicability. We are proposing this AD to address the unsafe condition on these products. Since these actions impose an additional burden over those proposed in the NPRM, we are reopening the comment period to allow the public the chance to comment on these proposed changes.
