Assessment Rates

Consistent with section 751(a)(2)(C) of the Tariff Act of 1930, as amended, (the Act) and 19 CFR 351.212(b)(1), we intend to issue assessment instructions to the U.S. Customs and Border Protection (CBP) fifteen days after the date of publication of these amended final results. We will instruct CBP to assess antidumping duties on period of review entries in the corrected amount shown above.

Cash Deposit Requirements

The following cash deposit requirements will be effective October 27, 2016, the date of publication of the final results of this NSR for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For merchandise produced by Shandong Wah Yuen Stationery Co., Ltd. and exported by Wah Yuen Stationery Co., Ltd., the cash deposit rates will be that established in the amended final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for subject merchandise exported by Wah Yuen Stationery Co., Ltd. but not produced by Shandong Wah Yuen Stationery Co., Ltd., the cash deposit rate will be that for the PRC-wide entity (*i.e.*, 114.90 percent); and (3) for subject merchandise produced by Shandong Wah Yuen Stationery Co., Ltd. but not exported by Wah Yuen Stationery Co., Ltd., the cash deposit rate will be that applicable to the exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Interested Parties

The Department intends to disclose calculations performed in connection with these amended final results within five days of the date of publication of this notice, in accordance with 19 CFR 351.224(b).

This corrected notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.214.

Dated: November 28, 2016.

Welded Carbon Steel Standard Pipe and Tube Products From Turkey: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2014–2015

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On June 13, 2016, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on welded carbon steel standard pipe and tube products (welded pipe and tube) from Turkey. The period of review (POR) is May 1, 2014 through April 30, 2015. Based on our analysis of the comments received, we have made certain changes in the margin calculations. Therefore, the final results differ from the preliminary results. The final weighted-average dumping margins for the reviewed firms are listed below in the section entitled, “Final Results of the Review.” Further, we continue to find that Erbosan and Yucel Group had no reviewable shipments of subject merchandise during the POR.

DATES: Effective December 20, 2016.

FOR FURTHER INFORMATION CONTACT: Michael J. Heaney or Scott Hoefke, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4475 or (202) 482–4947, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 13, 2016, the Department published the *Preliminary Results* of

this review in the **Federal Register**.¹ For the events following the *Preliminary Results*, see (insert cite to memo.) The Department conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the order is welded pipe and tube. The welded pipe and tube subject to the order is currently classifiable under subheading 7306.30.1000, 7306.30.5025, 7306.30.5032, 7306.30.5040, 7306.30.5055, 7306.30.5085, and 7306.30.5090 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheadings are provided for convenience and customs purposes only. The written description is dispositive.²

Final Determination of No Shipments

In the *Preliminary Results*, the Department preliminarily determined that Erbosan and Yucel Group had no shipments during the POR.³ Following publication of the *Preliminary Results*, we received no comments from interested parties regarding these companies. As a result, and because the record contains no evidence to the contrary, we continue to find that Erbosan and Yucel Group made no shipments during the POR. Accordingly, consistent with the Department's practice, we will instruct U.S. Customs and Border Protection (CBP) to liquidate

² A full written description of the scope of the order is contained in the memorandum to Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, “Issues and Decision Memorandum for the Final Results of the Antidumping Duty Administrative Review: Welded Carbon Steel Standard Pipe and Tube Products from Turkey; 2014–2015,” (Issues and Decision Memorandum), dated concurrently with this notice and incorporated herein by reference.

any existing entries of merchandise produced by Erbosan and Yucel Group, but exported by other parties without their own rate, at the all-others rate.⁴

Analysis of the Comments Received

All issues raised in the case and rebuttal briefs submitted in this review are addressed in the Issues and Decision Memorandum, which is hereby adopted with this notice. A list of the issues raised is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and it is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of the comments received, we made certain changes to the *Preliminary Results*. For Toscelik, we adjusted its duty drawback adjustment, its indirect selling expense ratio, and its net financial expense ratio. For Borusan, we excluded its overrun and further processed sales, and adjusted its duty drawback adjustment, its indirect selling expenses, and its movement expenses. For a full discussion of these changes, see Issues and Decision Memorandum.

Rates for Non-Examined Companies

The statute and the Department's regulations do not address the establishment of a rate to be applied to companies not selected for examination when the Department limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, the Department looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual

review in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted average of the estimated weighted average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}."

In this review, we have a calculated a weighted-average dumping margin for Toscelik that is not zero, *de minimis*, or determined entirely on the basis of facts available. Accordingly, the Department assigns to the companies not individually examined (Borusan Birlesik, Borusan Gemlik, Borusan Ihracat, Borusan Ithicat, and Tubeco) the 1.91 percent weighted-average dumping margin calculated for Toscelik.

Final Results of the Review

As a result of this review, we determine that the following weighted-average dumping margins exist for the period May 1, 2014 through April 30, 2015:

Producer or exporter	Weighted-average dumping margin (percent)
Borusan Mannesmann Boru Sanayi ve Ticaret A.S. ⁵	0.00
Toscelik Profil ve Sac Endustrisi A.S. ⁶	1.91
Borusan Birlesik Boru Fabrikalari San ve Tic	1.91
Borusan Gemlik Boru Tesisleri A.S.	1.91
Borusan Ihracat Ithalat ve Dagitim A.S.	1.91
Borusan Ithicat ve Dagitim A.S.	1.91
Tubeco Pipe and Steel Corporation	1.91

Disclosure

We intend to disclose the calculations performed for these final results of review within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b).

For Toscelik, because its weighted-average dumping margin is not zero or

de minimis (i.e., less than 0.5 percent), the Department has calculated importer-specific antidumping duty assessment rates. We calculated importer-specific *ad valorem* antidumping duty assessment rates by aggregating the total amount of dumping calculated for the examined sales of each importer and dividing each of these amounts by the total entered value associated with those sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review where an importer-specific assessment rate is not zero or *de minimis*. Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the importer-specific assessment rate is zero or *de minimis*.

For Borusan, we will instruct CBP to liquidate its entries during the POR imported by the importers identified in its questionnaire responses without regard to antidumping duties because its weighted-average dumping margin in these final results is zero.⁷ Consistent with the Department's assessment practice, for entries of subject merchandise during the POR produced by Borusan, Erbosan, Yucel Group, or Toscelik for which they did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁸

For the companies which were not selected for individual review, we will assign an assessment rate based on the methodology described in the "Rate for Non-Examined Companies" section, above. We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2) of the Act: (1) The cash deposit rates will be equal to the weighted-average dumping margins established in the final results of this review; (2) for previously reviewed or

investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company was reviewed; (3) if the exporter is not a firm covered in this review, a previous review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 14.74 percent, the all-others rate established in the LTFV investigation.⁹ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: December 12, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

[Docket No. 161116999-6999-02]

Announcing Request for Nominations for Public-Key Post-Quantum Cryptographic Algorithms

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice and request for nominations for candidate post-quantum algorithms.

SUMMARY: This notice solicits nominations from any interested party for candidate algorithms to be considered for public-key post-quantum standards. The submission requirements and the minimum acceptability requirements of a "complete and proper" candidate algorithm submission, as well as the evaluation criteria that will be used to appraise the candidate algorithms, can be found at <http://www.nist.gov/pqcrypto>.

DATES: Proposals must be received by November 30, 2017. Further details are available at <http://www.nist.gov/pqcrypto>.

ADDRESSES: Algorithm submission packages should be sent to Dr. Dustin Moody, Information Technology Laboratory, Attention: Post-Quantum Cryptographic Algorithm Submissions, 100 Bureau Drive—Stop 8930, National Institute of Standards and Technology, Gaithersburg, MD 20899-8930. Submissions may also be sent by email to: pqc-submissions@nist.gov. Note that for email submissions, some of the supporting documentation requires a signature and must be physically mailed to the above address. See <http://www.nist.gov/pqcrypto> for complete submission instructions.

FOR FURTHER INFORMATION CONTACT: For general information, send email to pqc-comments@nist.gov. For questions related to a specific submission package, contact Dr. Dustin Moody, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 8930, Gaithersburg, MD 20899-8930, email: dustin.moody@nist.gov, or by telephone: (301) 975-8136.

A public email list-serve has been set up for announcements, as well as a forum to discuss the standardization effort being initiated by NIST. For directions on how to subscribe, please visit <http://www.nist.gov/pqcrypto>.

SUPPLEMENTARY INFORMATION: The National Institute of Standards and Technology (NIST) has initiated a process to develop and standardize one or more additional public-key cryptographic algorithms to augment FIPS 186-4, Digital Signature Standard, as well as special publications SP 800-56A, Revision 2, Recommendation for Pair-Wise Key Establishment Schemes Using Discrete Logarithm Cryptography, and SP 800-56B, Recommendation for Pair-Wise Key Establishment Schemes Using Integer Factorization Cryptography. It is intended that the new public-key cryptography standards will specify one or more additional unclassified, publicly disclosed digital signature, public-key encryption, and key-establishment algorithms that are capable of protecting sensitive government information well into the foreseeable future, including after the advent of quantum computers.

As a first step in this process, NIST solicited public comment on draft minimum acceptability requirements, submission requirements, and evaluation criteria for candidate algorithms. The comments received are posted at <http://www.nist.gov/pqcrypto>, along with a summary of the changes made as a result of these comments.

The purpose of this notice is to announce that nominations for post-quantum candidate algorithms may now be submitted, up until the final deadline of November 30, 2017. Complete instructions on how to submit a candidate package, including the minimal acceptability requirements, are posted at <http://www.nist.gov/pqcrypto>. The finalized evaluation criteria which will be used to assess the submissions are also posted at the same Web site.

Authority: In accordance with the Information Technology Management Reform Act of 1996 (Pub. L. 104-106) and the Federal Information Security Management Act of 2002 (FISMA) (Pub. L. 107-347), the Secretary of Commerce is authorized to approve FIPS. NIST activities to develop computer security standards to protect
