A. Overview of Information Collection

Title of Information Collection: Exigent Health and Safety Deficiency Correction Certification.

OMB Approval Number: 2577–0241.

Type of Request: Extension of currently approved collection.

Form Number: None.

Description of the need for the information and proposed use: HUD's Uniform Physical Condition Standards (UPCS) regulation (24 CFR part 5, subpart G) provides that HUD housing must be decent, safe, sanitary, and in good repair. The UPCS regulation also provides that all area and components of the housing must be free of health and safety hazards. HUD conducts physical inspections of the HUD-funded housing to determine if the UPCS standards are being met. Pursuant to the UPCS inspection protocol, at the end of the inspection (or at the end of each day of a multi-day inspection) the inspector provides the property representative with a copy of the "Notification of Exigent and Fire Safety Hazards Observed" form. Each exigent health and safety (EHS) deficiency that the inspector observed that day is listed on the form. The property representative signs the form acknowledging receipt. PHAs are to correct/remedy/act to abate all EHS deficiencies within 24 hours. Using the electronic format, PHAs are to notify HUD within three business days of the date of inspection, which is the date the PHA was provided notice of these deficiencies, that the deficiencies were corrected/remedied/acted on to abate within the prescribed time frames (24 CFR part 902).
