Privacy Act of 1974; System of Records

AGENCY: Office of the Secretary of Defense, DoD.

ACTION: Notice to alter a System of Records.

SUMMARY: Pursuant to the Privacy Act of 1974, and Office of Management and Budget (OMB) Circular No. A–130, notice is hereby given that the Department of Defense proposes to change a system of records, WUSU 07, “USUHS Grievance Records,” last published at 79 FR 40076 on July 11, 2014. This system of records is used to administer and process grievances filed by Uniformed Services University of the Health Sciences (USUHS) employees. Department of Defense (DoD) employees, including USUHS employees, are entitled to present disputes under the DoD Administrative Grievance System and have them considered expeditiously, fairly, and impartially, and have them be resolved as quickly as possible. The data is also used to produce statistical and management reports for USUHS leadership.

Changes to the system of record notice include rewording of the system name and categories of individuals. The notification, record access, and contesting record procedures have been updated to ensure the information is accurate and current. To provide clarity to the public, the applicable routine uses are now delineated, and the purpose has been revised to state that this system of records covers all USUHS employees, not just those covered by a collective bargaining agreement. In addition, minor administrative corrections were made to the system location and safeguards.
