

Zone and the Great Lakes. Coast Survey also writes and publishes the *United States Coast Pilot*[®], a series of nine nautical books that supplement nautical charts with essential marine information that cannot be shown graphically on the charts and are not readily available elsewhere.

Coast Survey solicits information through the online Nautical Discrepancy Reporting System (<http://ocsddata.ncd.noaa.gov/idrs/discrepancy.aspx>).

Data obtained through this system is used to update U.S. nautical charts and the *United States Coast Pilot*.

II. Method of Collection

Respondents can submit discrepancy reports electronically or by telephone (888-990-6622).

III. Data

OMB Control Number: 0648-0007.

Form Number: None.

Type of Review: Regular submission (extension of a current information collection).

Affected Public: Business or other for-profit; individuals or households; not-for-profit institutions; federal government; state, local or tribal government.

Estimated Number of Respondents: 300.

Estimated Time per Response: 30 minutes.

Estimated Total Annual Burden Hours: 150 hours.

Estimated Total Annual Cost to Public: \$0 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: December 23, 2016.

Sarah Brabson,

NOAA PRA Clearance Officer.

BILLING CODE 3510-JE-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

National Estuarine Research Reserve System

AGENCY: Stewardship Division, Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

ACTION: Notice of Public Comment Period for the Weeks Bay National Estuarine Research Reserve Management Plan revision.

SUMMARY: Notice is hereby given that the Stewardship Division, Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce is announcing a thirty-day public comment period for the Weeks Bay National Estuarine Research Reserve Management Plan revision. Pursuant to 15 CFR Section 921.33(c), the revised plan will bring the reserve into compliance. The Weeks Bay Reserve revised plan will replace the plan approved in 2007.

The revised management plan outlines the administrative structure; the research/monitoring, stewardship, education, and training programs of the reserve; and the plans for future land acquisition and facility development to support reserve operations.

The Weeks Bay Reserve takes an integrated approach to management, linking research, education, coastal training, and stewardship functions. The Alabama Department of Conservation and Natural Resources has outlined how it will administer the Reserve and its core programs by providing detailed actions that will enable it to accomplish specific goals and objectives. Since the last management plan, the Reserve has built out its core programs and monitoring infrastructure; constructed several facilities including a Resource Center that supports education, training, and outreach events; participated in more than 35 research projects and conducted over 100 coastal training program events; convened a permanent Restoration Advisory Board; and built new partnerships with organizations within the Mobile Bay of Alabama.

With the approval of this management plan, the Weeks Bay Reserve will increase their total acreage from 6,594 acres to 9,317. The change is attributable to the recent acquisitions of several parcels by the Reserve, totaling 933 acres, as well as the incorporation of 1,790 acres of water bottoms adjacent to the newly acquired land. These parcels have high ecological value and will enhance the Reserve's ability to provide increased opportunities for research, education, and stewardship. The revised management plan will serve as the guiding document for the expanded 9,317 acre Weeks Bay Reserve for the next five years.

View the Weeks Bay Reserve Management Plan revision at (<http://www.weeksbayreserve.com>) and provide comments to the Reserve's Manager, LG Adams (LG.Adams@dcnr.alabama.gov).

FOR FURTHER INFORMATION CONTACT: Hank Hodde at (251) 544-5016 or Erica Seiden at (240) 533-0781 of NOAA's National Ocean Service, Stewardship Division, Office for Coastal Management, 1305 East-West Highway, N/ORM5, 10th floor, Silver Spring, MD 20910.

Dated: December 16, 2016.

John King,

Senior Project Advisor, Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration.
