

	2017	
	DPC	DPC w/adjustment
IFQ	\$2,021,490.55	N/A
MS	167,549.51	– \$261,060.01
CP	63,448.85	– 188,439.24

Based on total fees paid to date and estimated fees received in 2016, the adjusted DPCs for 2017 are:

Shorebased IFQ Program: \$2,021,490.55
 MS Coop Program: – \$261,060.01
 C/P Coop Program: – \$188,439.24

And the fee calculations using the adjusted 2017 DPCs are:

Shorebased IFQ Program: 3.0 percent = the lower of 3 percent or $(\$2,021,490.55 / \$41,605,012.42) \times 100$
 MS Coop Program: – 6.0 percent = the lower of 3 percent or $– \$261,060.01 / \$4,373,922.34 \times 100$
 C/P Coop Program: – 1.7 percent = the lower of 3 percent or $(– \$188,439.24 / \$11,120,803.07) \times 100$

As a fee cannot be set using a negative percentage, the 2017 fee percentages for the MS Coop Program and the C/P Coop Program will be set at 0.0 percent.

MS pricing is the average price per pound that the C/P Coop Program will use to determine their fee amount due (MS pricing multiplied by the value of the aggregate pounds of all groundfish species harvested by the vessel registered to a C/P-endorsed limited entry trawl permit, multiplied by the C/P fee percentage, equals the fee amount due). In past years, MS pricing was based on the average price per pound of Pacific whiting as reported in PacFIN from the Shorebased IFQ Program. In other words, data from the IFQ fishery was used as a proxy for the MS average price per pound to determine the “MS pricing” used in the calculation for the C/P sector’s fee amount due. For 2017 MS pricing, NMFS used values derived from those reported on the MS Coop Program cost recovery form from calendar year 2015 as this was determined to be the best information available. NMFS has calculated the 2017 MS pricing to be used as a proxy by the C/P Coop Program as: \$0.08/lb for Pacific whiting.

Cost recovery fees are submitted to NMFS by Fish buyers via *Pay.gov* (<https://www.pay.gov/paygov/>). Fish buyers registered with *Pay.gov* can login in the upper left-hand corner of the screen. Fish buyers not registered with *Pay.gov* can go to the cost recovery forms directly from the Web site below. Click on the link to Pacific Coast

As stated in the preamble to the cost recovery proposed and final rules, in the spring of each year, NMFS will release an annual report documenting the details and data used for the above calculations. The report will include information such as the fee percentage calculation, program costs, and ex-vessel value by sector.
