When finalized, this guidance is intended to provide recommendations for information to include in premarket notifications (510(k)) for bone anchor (suture anchor) devices (e.g., descriptive characteristics, labeling, biocompatibility, sterilility, and bench testing). This guidance is a revision of the April 20, 1996 “Guidance Document for Testing Bone Anchor Devices” with updated content.
II. Significance of Guidance

This draft guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the current thinking of FDA on Premarket Notification (510(k)) Submissions for Bone Anchors. It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.

Electronic Drug Product Reporting for Human Drug Compounding Outsourcing Facilities Under Section 503B of the Federal Food, Drug, and Cosmetic Act; Guidance for Industry; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice of availability.

SUMMARY: The Food and Drug Administration (FDA or the Agency) is announcing the availability of a guidance for industry entitled “Electronic Drug Product Reporting for Human Drug Compounding Outsourcing Facilities Under Section 503B of the Federal Food, Drug, and Cosmetic Act.” The final guidance addresses new provisions in the Federal Food, Drug, and Cosmetic Act (the FD&C Act) added by the Drug Quality and Security Act (DQSA) and updates reporting instructions for drug compounders that choose to register as outsourcing facilities. Such compounders must report information on the drugs they compounded in Structured Product Labeling (SPL) format using FDA’s electronic submissions system unless FDA grants a request for a waiver of such requirement because use of electronic means is not reasonable for the person requesting the waiver. This guidance supersedes the revised draft guidance entitled “Electronic Drug Product Reporting for Human Drug Compounding Outsourcing Facilities Under Section 503B of the Federal Food, Drug, and Cosmetic Act.”

DATES: Submit either electronic or written comments on Agency guidances at any time.
