AGENCY: Alcohol and Tobacco Tax and Trade Bureau, Treasury.

ACTION: Notice of cancellation of pilot program.

TTB has amended its regulations to permanently provide importers with the option to file import-related data electronically along with the filing of the entry or entry summary with CBP, making the pilot program no longer necessary.

DATES: The cancellation of the pilot program is effective December 31, 2016.

In addition to the changes TTB made to the Filing Instructions due to the experience gained through the pilot program, TTB has also updated the Filing Instructions to reflect the regulatory changes made in T.D. TTB–145. The latest version of the Filing Instructions can be found on https://www.cbp.gov by searching for its title.

TTB notes that transmissions to ACE must be through a CBP-approved electronic data interchange system. For more information on submission of import-related information and forms through ACE, please see CBP’s home page on use of ACE at https://www.cbp.gov/trade/automated.

**SUPPLEMENTARY INFORMATION:**

**Title:** NMTC Program Allocation Application.

**OMB Number:** 1559–0016.

**Abstract:** Title I, subtitle C, section 121 of the Community Renewal Tax Relief Act of 2000 (the Act) amended the Internal Revenue Code (IRC) by adding IRC § 45D and created the NMTC Program. The Department of the Treasury, through the CDFI Fund, Internal Revenue Service, and Office of Tax Policy, administers the NMTC Program. In order to claim the NMTC, tax payers make Qualified Equity Investments (QEIs) in Community Development Entities (CDEs) and substantially all of the QEI proceeds must, in turn, be used by the CDE to provide investments in businesses and real estate developments in low-income communities and other purposes authorized under the statute.

The tax credit provided to the investor totals 39 percent of the amount of the investment and is claimed over a seven-year period. In each of the first three years, the investor receives a credit equal to five percent of the total amount paid for the stock or capital interest at the time of purchase. For the final four years, the value of the credit is six percent annually. Investors may not redeem their investments in CDEs prior to the conclusion of the seven-year period without forfeiting any credit amounts they have received.

The CDFI Fund is responsible for certifying organizations as CDEs, and administering the competitive allocation of tax credit authority to CDEs, which it does through annual allocation rounds. As part of the award selection process, CDEs are required to prepare and submit an Allocation Application, which consists of five key sections: Business Strategy; Community Outcomes; Organization Capacity; Capitalization Strategy; and Previous Allocations and Awards. This request for public comment seeks to gather information on the NMTC Allocation Application.

**Type of Review:** Regular Review.

**Affected Public:** CDEs applying for allocations of New Markets Tax Credits.

**Estimated Number of Respondents:** 310.

**Estimated Annual Time per Respondent:** 263.
