Stainless Steel Plate in Coils From Belgium, South Africa, and Taiwan: Continuation of Antidumping Duty Orders and Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Department) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) orders on stainless steel plate in

coils (SSPC) from Belgium, South Africa, and Taiwan, and the countervailing duty (CVD) order on SSPC from South Africa, would likely lead to a continuation or recurrence of dumping and countervailable subsidies and material injury to an industry in the United States, the Department is publishing a notice of continuation of the AD orders and the CVD order.

DATES: Effective January 9, 2017.

FOR FURTHER INFORMATION CONTACT: Victoria Cho or Yasmin Bordas, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2312 or (202) 482-3813, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 2016, the Department published the notice of initiation of the third sunset reviews of the AD orders on SSPC from Belgium, South Africa, and Taiwan, and the CVD order on SSPC from South Africa, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).¹ As a result of the reviews, the Department determined that revocation of the AD orders would likely lead to a continuation or recurrence of dumping, and that revocation of the CVD order would likely lead to continuation or recurrence of countervailable subsidies.² The Department, therefore, notified the ITC of the magnitude of the dumping margins and net countervailable subsidy rates likely to prevail should the AD orders and the CVD order be revoked. On January 3, 2016, the ITC published notice of its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the AD orders on SSPC from Belgium, South Africa, and Taiwan, and the CVD order on SSPC from South Africa, would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³

The subject plate may also be further processed (e.g., cold-rolled, polished, etc.) provided that it maintains the specified dimensions of plate following such processing. Excluded from the scope of these orders are the following: (1) Plate not in coils, (2) plate that is not annealed or otherwise heat treated and pickled or otherwise descaled, (3) sheet and strip, and (4) flat bars. South Africa, and Taiwan: Determination, 81 FR 140 (January 3, 2017).

U.S. Customs and Border Protection will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the orders will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year sunset reviews of the orders not later than 30 days prior to the fifth anniversary of the effective date of continuation.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection. The National Marine Fisheries Service (NMFS) issues permits, under the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*; MSA), to foreign fishing vessels fishing or operating in United States' (U.S.) waters. MSA and associated regulations at 50 CFR part 600 require that vessels apply for fishing permits, that vessels and certain gear be marked for identification purposes, that observers be embarked on selected vessels, and that permit holders report their fishing effort and catch or, when processing fish under joint ventures, the amount and locations of fish received from U.S. vessels. These requirements apply to all foreign vessels fishing, transshipping, or processing fish in U.S. waters.
