SUPPLEMENTARY INFORMATION: Section 7060(f) of the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2016 (Div. K, Pub. L. 114–113) appropriated \$25 million in funds to “to be awarded on an open and competitive basis, to reduce the prevalence of modern slavery globally.” The National Defense Authorization Act (NDAA) for Fiscal Year 2017 (S. 2943) authorized the Department to “to provide support for transformational programs and projects that seek to achieve a measurable and substantial reduction of the prevalence of modern slavery in targeted populations within partner countries (or jurisdictions thereof).”

The State Department seeks public comment on the most effective approaches for awarding funds to reduce the prevalence of modern slavery. The input will be considered in the solicitation and selection of proposals for award of these funds and in the management of these funds in the future.

The Department especially welcomes public comment on the following issues:

1. *Focus of program.* What areas of program funding would have the greatest impact in reducing the prevalence of modern slavery globally?
2. *Assistance Coordination.* What steps could the Department take to ensure this funding complements existing efforts to combat human trafficking globally?

3. What other factors/issues should the Department consider in the development and management of this award/solicitation?
