

However, certain identifying data about individuals who act as MLOs are entitled to confidential treatment under (b)(6) of the Freedom of Information Act (FOIA), which protects from disclosure information that “would constitute a clearly unwarranted invasion of personal privacy.” (5 U.S.C. 552(b)(6)).

With respect to the information collection requirements imposed on depository institutions, because the requirements require that depository institutions retain their own records and make certain disclosures to customers, the FOIA would only be implicated if the Board’s examiners obtained a copy of these records as part of the examination or supervision process of a financial institution. However, records obtained in this manner are exempt from disclosure under FOIA exemption (b)(8), regarding examination-related materials. (5 U.S.C. 552(b)(8)).

The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. Submission for OMB Review; Comment Request

Title: Renewal of Office of Community Services (OCS) Community Economic Development (CED) Standard Reporting Format.

OMB No.: 0970-0386.

Description: The Office of Community Services (OCS) will continue collecting key information about projects funded through the Community Economic Development (CED) program. The legislative requirement for this program is in Title IV of the Community Opportunities, Accountability and Training and Educational Services Act (COATS Human Services Reauthorization Act) of October 27, 1998, Public Law 105-285, section 680(b) as amended. The reporting format, Performance Progress Report (PPR), collects information concerning the outcomes and management of CED projects. OCS will use the data to critically review the overall design and effectiveness of the program.

The PPR will continue to be administered to all active grantees of the CED program. Grantees will be required to use this reporting tool for their semi-annual reports to be submitted twice a year. The current PPR replaced both the annual questionnaire and other semi-annual reporting formats, which resulted in an overall reduction in burden for the grantees while significantly improving the quality of the data collected by OCS. OCS seeks to renew this PPR to continue to collect quality data from grantees. To ensure the burden on grantees is not increased, all questions on the current PPR will remain the same—we propose adding only one question to the PPR regarding the total number of jobs grantees are creating with grant funds.
