The National Oceanic and Atmospheric Administration (NOAA) Office of Education (OEd) collects, evaluates and analyzes student data for the purpose of selecting successful candidates, and for generating reports and news articles to communicate the success of its program. The OEd requires applicants to its undergraduate scholarship programs to complete an application in order to be considered. The application package requires two faculty and/or academic advisors to complete a NOAA student scholar reference form in support of the scholarship application. NOAA OEd student scholar alumni are also requested to provide information to NOAA for internal tracking purposes. NOAA OEd grant recipients are required to update the student tracker database with the required student information. There is also a revised alumni form whose use has extended to two more of the programs. The collected student data supports NOAA OEd's program performance measures. The Dr. Nancy Foster Scholarship Program and the NMFS Recruiting, Training, and Research Program also collect student data for their programs and are also covered by this notice.
