Title: Collection of Qualitative Feedback on Agency Service Delivery
OMB Number: 1545–2256.
Form Number: N/A.

Abstract: Executive Order 12862 directs Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector. Executive Order 13571 expands on this concept to include recent developments in private sector advances in internet customer service technologies. In order to work continuously to ensure that our online products and services are effective and meet our customers' needs, The Internal Revenue Service (hereafter "the Agency") seeks to obtain OMB approval of a generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery. By routine customer feedback we mean information that focuses on the awareness, understanding, attitudes, preferences, or experiences of customers or other stakeholders relating to existing or future services or products, but are not statistical surveys that yield quantitative results that can be generalized to the population of study.

Current Actions: Extension of currently approved collection.

Type of Review: Extension request.

Affected Public: This collection of information is necessary to enable the Agency to garner customer and stakeholder feedback in an efficient, timely manner, in accordance with our commitment to improving service delivery. The information collected from our customers and stakeholders will help ensure that users have an effective, efficient, and satisfying experience with the Agency's programs. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. It will also allow feedback to contribute directly to the improvement of program management.
