(b) owner maintenance and management charges for the space;
(c) the monthly payments made by the family to amortize the cost of purchasing the manufactured home, including any required insurance and property taxes; and
(d) the applicable allowances for tenant paid utilities.

The monthly payment made by the family to amortize the cost of purchasing the manufactured home is the debt service established at the time of application to a lender for financing the purchase of the manufactured home if monthly payments are still being made. Any increase in debt service due to refinancing after purchase of the home may not be included in the amortization cost. Debt service for set-up charges incurred by a family may be included in the monthly amortization payments made by the family. In addition, set-up charges incurred before the family became an assisted family may be included in the amortization cost if monthly payments are still being made to amortize the charges.

The total amount for the rent of the manufactured home space and the other eligible expenses is reported in PIC on the HUD-50058 on line 12k, even though it includes amounts in addition to the total monthly rent payable to the owner under the lease for the contract unit.

The utility allowances are the applicable utility allowances from the PHA utility allowance schedule under 24 CFR 982.517 and 982.624. If the amount of the monthly assistance payment for a family exceeds the monthly rent for the manufactured home space (including the owner’s monthly management and maintenance charges), the PHA may pay the remainder to the family, lender or utility company.

HOTMA further provides that the PHA may choose to make a single payment to the family for the entire monthly assistance amount rather than making the HAP directly to the owner of the manufactured home space the family is renting. HUD is not implementing this option at this time but is seeking comment on how to best implement this option, including how to best ensure the PHA may still take enforcement action when necessary against an owner who fails to fulfill his or her responsibilities under the HCV program.

Question for Comment

When implementing the option to allow the PHA to make a single HAP directly to the family, how would HUD ensure that a PHA take enforcement action against an owner of a manufactured home space who fails to fulfill his or her responsibilities under the HCV program? Would a manufactured home park owner be willing to enter into a contract under which he or she would receive no direct payment?

III. Environmental Impact Certification

A Finding of No Significant Impact (FONSI) with respect to the environment has been made in accordance with HUD regulations in 24 CFR part 50 that implement section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)). The FONSI is available for public inspection on www.regulations.gov.

Proposed Membership of the Bureau of Indian Education Accountability Negotiated Rulemaking Committee

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Proposed membership of negotiated rulemaking committee; request for nominations; and request for comments.

SUMMARY: The Secretary of the Interior has selected proposed members to form the Bureau of Indian Education (BIE) Accountability Negotiated Rulemaking Committee (Committee) which will recommend revisions to the existing regulations to implement the Secretary’s responsibility to define the standards, assessments, and accountability system for Bureau-funded schools, as required by the Every Student Succeeds Act (ESSA). Representatives were nominated by Tribes whose students attend Bureau-funded schools. After considering nominations, the Secretary proposes to appoint the persons named in this notice as Tribal Committee members. Tribes, Tribal organizations, and individual Tribal members may submit comments on the proposed Tribal Committee membership, apply for Tribal membership on the Committee, or submit other nominations for Tribal membership on the Committee. The Secretary also proposes to appoint Federal representatives to the Committee as listed.

DATES: Comments on the proposed Tribal members of this Committee must be submitted no later than February 17, 2017.

ADDRESSES: Send comments and nominations to the Designated Federal Official: Sue Bement, Education Program Specialist, Bureau of Indian Education, C/O Office of Regulatory Affairs and Collaborative Action, 1001 Indian School Road NW., Suite 312, Albuquerque, NM 87104. Or email at: BIEcomments@bia.gov.

FOR FURTHER INFORMATION CONTACT: Sue Bement, Designated Federal Official; email BIEcomments@bia.gov.

SUPPLEMENTARY INFORMATION:

Background

The purpose of the BIE Committee is to serve as an advisory committee under the Federal Advisory Committee Act (FACA) and the Negotiated Rulemaking Act (NRA) in a manner that:
(1) Reflects the unique government-to-government relationship between American Indian Tribes and the United States;
(2) Ensures that the membership of the Committee includes only representatives of the Federal Government and Tribes; and
(3) To the extent possible, allots Tribal representation based upon the Tribes’ proportionate share of the total enrollment in Bureau-funded schools.

The Secretary has determined that the proper functioning of the Committee requires that the Committee be limited to no more than the 25 members recommended by the NRA (5 U.S.C. 565). The Secretary has selected 19 Tribal representatives and 6 Federal representatives for the Committee, for a proposed total of 25 members.

The Secretary finds that the proposed Tribal representatives for the Committee:
(1) Represent a balance of interests that will be significantly affected by the final rules (i.e., parents; teachers; school board members; and administrators of Tribal and Tribally operated contract day schools, grant day schools, grant boarding schools, and peripheral dormitories);
(2) Proportionately represent students from Tribes served by Bureau-funded schools;
(3) Reflect the different varieties of school size, type of school and facility, and geographical location; and
(4) Have been selected using a process that considers the nominees’ experience and expertise in Indian education.

**Every Student Succeeds Act (ESSA)**

The ESSA reauthorizes and amends the Elementary and Secondary Education Act of 1965 (ESEA). ESSA Section 8007(2) directs the Secretary of the Interior, in consultation with the Secretary of Education, if so requested, to use a negotiated rulemaking process to develop regulations for implementation of the Secretary of the Interior’s defined standards, assessments, and accountability system for Bureau-funded schools no later than the 2017–2018 academic year. The Committee will recommend revisions to the existing regulations (25 CFR part 30) to replace Adequate Yearly Progress (AYP) regulatory language and implement the Secretary’s statutory responsibilities. The regulations will define the standards, assessments, and accountability system, consistent with Section 1111 of the ESEA, for Bureau-funded schools on a national, regional, or Tribal basis.

ESSA Section 8007(2) also provides that if a Tribal governing body or school board of a Bureau-funded school determines the requirements established by the Secretary of the Interior are inappropriate, they may waive, in part or in whole, such requirements. Where such requirements are waived, the Tribal governing body or school board must, within 60 days, submit to the Secretary of the Interior a proposal for alternative standards, assessments, and an accountability system, if applicable, consistent with ESEA Section 1111. The proposal must take into account the unique circumstances and needs of the school or schools and the students served. The proposal will be approved by the Secretary of the Interior and the Secretary of Education, unless the proposed standards, assessments, and accountability system do not meet the requirements of ESEA Section 1111. Additionally, a Tribal governing body or school board of a Bureau-funded school seeking a waiver may request, and the Secretary of the Interior and the Secretary of Education will provide technical assistance.

**Proposed Work of the Committee**

The Committee will attempt to reach consensus on draft regulatory language for implementation by the 2017–2018 academic year. The objectives of the Committee are to represent the interests that will be significantly affected by the final regulations, negotiate in good faith, and reach consensus, where possible, on recommendations to the Secretary for the proposed regulations. The Committee will be charged, consistent with ESSA Section 8007, with developing draft regulations to implement the Secretary’s responsibility to define the standards, assessments, and an accountability system, consistent with ESEA Section 1111, for Bureau-funded schools. The draft regulations will be considered by the Secretary and subject to government-to-government consultation. The Department must have final regulations for implementation by the 2017–2018 academic year. As a part of its deliberations, the Committee will consider the appropriate scope of the draft regulations, e.g., national, regional, or Tribal basis, as appropriate, taking into account the unique circumstances and needs of such schools and the students served by such schools, and how BIE will implement such regulations.

The BIE encourages Tribal self-determination in Native education, by encouraging governing Tribes or school boards to develop alternative standards, assessments, and accountability systems, and by providing technical assistance. Therefore, the Committee will also be asked to provide recommendations on how BIE could best provide technical assistance under ESSA Section 8007(2) to Tribes who opt to exercise their authority to adopt their own standards, assessments, and an accountability system.

Since the Department must have final regulations in place by the 2017–2018 academic year, the Committee will be expected to meet frequently within a short time frame, i.e., from the time of establishment through summer 2017. BIE currently anticipates up to six meetings, with each meeting lasting three days in length. The BIE has dedicated resources required to: ensure the Committee is able to conduct meetings, provide technical assistance, and provide any additional support required to fulfill the Committee’s responsibilities.

**Proposed Tribal Committee Members**

On November 9, 2015, the BIE published a notice of intent (80 FR 69161) requesting comments and nominations for Tribal representatives for the Committee. The comment period for that notice of intent closed December 24, 2015. On April 14, 2016, the BIE reopened the comment and nomination period with a new deadline of May 31, 2016 (81 FR 22039). The BIE further extended the nomination period for Tribes to nominate individuals for membership on the Committee on August 17, 2016 (81 FR 54768) with a closing date of October 3, 2016. Within each of those notices, the BIE solicited comments on the proposal to establish the Committee, including comments on any additional interests not identified. Within each of those notices, the BIE solicited nominations from Tribes whose students attended Bureau-funded schools operated either by BIE or by a Tribe or tribal organization through a contract or grant, to nominate Tribal representatives to serve on the Committee and Tribal alternates to serve when the representative is unavailable. Based upon the proportionate share of students, some Tribes similar in affiliation or geography were grouped together for one seat. BIE asked those Tribes to either co-nominate a single Tribal representative to represent the multi-Tribal jurisdiction or for each Tribe in the multi-Tribal jurisdiction to nominate a representative with the knowledge that the Secretary will be able to appoint only one of the nominees who will be responsible for representing the entire multi-Tribal jurisdiction on the Committee. A chart demonstrating the proportionate share of students attending Bureau-funded schools can be found in the Federal Register at 80 FR 69161, dated November 9, 2015.

The Secretary of the Interior proposes the following Tribal representatives for the BIE Committee, who:

- Have knowledge of school assessments and accountability systems;
- Have relevant experiences as past or present superintendents, principals, teachers, or school board members, or possess direct experience with AYP;
- Are able to coordinate, to the extent possible, with other Tribes and schools who may not be represented on the Committee;
- Are able to present the Tribe(s) with the authority to embody Tribal views, communicate with Tribal constituents, and have a clear means to reach agreement on behalf of the Tribe(s);
- Are able to negotiate effectively on behalf of the Tribe(s) represented;
- Are able to commit the time and effort required to attend and prepare for meetings; and
- Are able to collaborate among diverse parties in a consensus-seeking process.

The proposed Committee was selected based upon nominations submitted through the process identified in each of the Federal Register notices under the “Nominations” or “Submitting Nominations” sections. The BIE did not consider nominations that were received in any other manner or were
received after the close of each comment period.
