

persons were invited to attend the meeting and participate in Board deliberations. Like all Board meetings, the April 12, 2016, meeting was a public meeting and all entities, both large and small, were able to express their views on this issue.

Comments on the interim rule were required to be received on or before October 17, 2016. Two comments were received. One commenter stated that this change will allow almond handlers to have more flexibility with their operations. The other commenter stated the increase in tolerance should lead to a decrease in price. Marketing orders do not regulate price. Therefore, for the reasons given in the interim rule, we are adopting the interim rule as a final rule, without change.

To view the interim rule, go to: <https://www.regulations.gov/docket?D=AMS-SC-16-0047>.

This action also affirms information contained in the interim rule concerning Executive Orders 12866, 12988, 13175, and 13563; the Paperwork Reduction Act (44 U.S.C. Chapter 35); and the E-Gov Act (44 U.S.C. 101).

After consideration of all relevant material presented, it is found that finalizing the interim rule, without change, as published in the **Federal Register** (81 FR 54719) will tend to effectuate the declared policy of the Act.

SUMMARY: In a final rule published in the **Federal Register** on July 2, 2015, and effective on September 1, 2015, we amended the regulations governing the importation of certain animals, meat, and other animal products to allow, under certain conditions, the importation of fresh (chilled or frozen) beef from a region in Argentina located north of Patagonia South and Patagonia North B, referred to as Northern Argentina. However, we inadvertently limited the requirement for the maturation of carcasses to meat derived from bovines. Therefore, we are amending the paragraph to remove the limitation.
