persons were invited to attend the meeting and participate in Board deliberations. Like all Board meetings, the April 12, 2016, meeting was a public meeting and all entities, both large and small, were able to express their views on this issue.

Comments on the interim rule were received without change. Accordingly, the interim rule that was published in the Federal Register on July 2, 2015 (80 FR 37935–37953, Docket No. APHIS–2014–0032), and effective on September 1, 2015, we amended the regulations governing the importation of certain animals, meat, and other animal products to allow, under certain conditions, the importation of fresh (chilled or frozen) beef from a region in Argentina located north of Patagonia South and Patagonia North B, referred to as Northern Argentina. However, we inadvertently limited the requirement for the maturation of carcases to meat derived from bovines. Therefore, we are amending the paragraph to remove the limitation.

SUPPLEMENTARY INFORMATION: In a final rule 1 that was published in the Federal Register on July 2, 2015 (80 FR 37935–37953, Docket No. APHIS–2014–0032), and effective on September 1, 2015, we amended the regulations governing the importation of certain animals, meat, and other animal products to allow, under certain conditions, the importation of fresh (chilled or frozen) beef from a region in Argentina located north of Patagonia South and Patagonia North B, referred to as Northern Argentina. These requirements appear in 9 CFR 94.29, which provides for the importation of fresh beef and ovine meat from certain regions. However, when we added the requirements, we inadvertently limited the requirements in paragraph (i), which provides the requirements for the maturation of carcases, to meat derived from bovines. Therefore, we are amending the paragraph to remove the limitation.
