Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: West Coast Fisheries Participation Survey.

OMB Control Number: 0648-xxxx.

Form Number(s): None.

Type of Request: Regular (request for a new information collection).

Number of Respondents: 3,543.

Average Hours per Response: 20 minutes.

Burden Hours: 1,181.

Needs and Uses: Northwest Fisheries Science Center (NWFSC) seeks to conduct fisheries participation analyses which involve a survey of United States (U.S.) West Coast commercial fishing participants. A U.S. mail survey will be conducted. The survey will be voluntary, and contacted individuals may decline to participate. Respondents will be asked to answer questions about their motivations for fishing and other factors that affect participation in the suite of West Coast commercial fisheries. Demographic and employment information will be collected so that responses can be organized based on a respondent typology. This survey is essential because data on smaller scale fishing practices, values, participation decisions and beliefs about fishing livelihoods are sparse; yet, they are critical to the development of usable fishery ecosystem models that account

for non-pecuniary benefits of fishing, as well as the ways in which fishing practices shape individual and community well-being.

Affected Public: Individuals or households.

Frequency: One time.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: January 17, 2017.

Taking and Importing of Marine Mammals

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; effectiveness of requirement for observer statements to accompany certain tuna products.

SUMMARY: On November 18, 2016, the Office of Management and Budget (OMB) approved, under the Paperwork Reduction Act, changes to the collection-of-information under Control Number 0648-0335 necessary to require observer statements to support shipments of tuna harvested in fisheries with regular and significant mortality and serious injury of marine mammals. With notice of this approval, the new requirements for observer statements described in the **Federal Register** notice published on September 28, 2016, are hereby effective.

DATES: Effective January 23, 2017.

FOR FURTHER INFORMATION CONTACT: Bill Jacobson, National Marine Fisheries Service, 501 West Ocean Blvd., Long Beach, CA 90802-4213. Phone: 562-980-4035. Email: bill.jacobson@noaa.gov. More information on this final action can be found on the NMFS Web site at <http://www.nmfs.noaa.gov/pr/dolphinsafe/>.

SUPPLEMENTARY INFORMATION: In accordance with a determination of NMFS under 50 CFR 216.91(a)(3)(v), implementing the Dolphin Protection Consumer Information Act, 16 U.S.C. 1385, that certain fisheries have a regular and significant mortality and serious injury of marine mammals, observer statements are required to accompany tuna product from tuna harvested in those fisheries (observer statements). See the **Federal Register** notice "Taking and Importing of Marine Mammals and Dolphin-Safe Tuna Products" published by NMFS on September 28, 2016 (81 FR 66625). NMFS' authority to require these observer statements was subject to approval by the Office of Management and Budget (OMB) because the statements are considered a "collection of information" subject to the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.* Under the terms of the September 28, 2016, **Federal Register** notice, the observer statements would be required only upon publication of an additional notice in the **Federal Register** of OMB approval under the Paperwork Reduction Act. On November 18, 2016, pursuant to the Paperwork Reduction Act, OMB approved the observer statements under Control Number 0648-0335.

Therefore, the observer statements are required beginning on January 23, 2017.

Dated: January 17, 2017.

Director, Office for International Affairs and Seafood Inspection, National Marine Fisheries Service.
