Effective Dates of New Penalties

These new penalty levels apply to civil penalties assessed after the effective date of the applicable adjustment, including civil penalties whose associated violation predated the effective date.6 These adjustments do not retrospectively change previously assessed or enforced civil penalties that the FTC is actively collecting or has collected.

Procedural Requirements

The FCPIAA, as amended, directs agencies to publish the required inflation adjustments in the Federal Register by no later than January 15, 2017, notwithstanding section 553 of title 5, United States Code. Pursuant to this congressional mandate, prior public notice and comment under the APA and a delayed effective date are not required. For this reason, the requirements of the Regulatory Flexibility Act (“RFA”) also do not apply.7 Further, this rule does not contain any collection of information requirements as defined by the Paperwork Reduction Act of 1995 as amended. 44 U.S.C. 3501 et seq.

[Docket No. RM17–9–000; Order No. 834]

Civil Monetary Penalty Inflation Adjustments

AGENCY: Federal Energy Regulatory Commission, Department of Energy.

ACTION: Final rule.

SUMMARY: The Federal Energy Regulatory Commission (Commission) is issuing a final rule to amend its regulations governing the maximum civil monetary penalties assessable for violations of statutes, rules, and orders within the Commission’s jurisdiction. The Federal Civil Penalties Inflation Adjustment Act of 1990, as amended most recently by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, requires the Commission to issue this final rule.

DATES: This final rule is effective January 24, 2017.

SUPPLEMENTARY INFORMATION:

Order No. 834

Final Rule

(Issued January 9, 2017)

1. In this final rule, the Federal Energy Regulatory Commission (Commission) is complying with its statutory obligation to amend the civil monetary penalties provided by law for matters within the agency’s jurisdiction.

I. Background

1 Sec. 701, Public Law 114–74, 129 Stat. 584, 599.
of 1990 (1990 Adjustment Act),2 required the head of each federal agency to issue a rule by July 2016 adjusting for inflation each “civil monetary penalty” provided by law within the agency’s jurisdiction and to make further inflation adjustments on an annual basis every January 15 thereafter.3

II. Discussion

3. The 2015 Adjustment Act defines a civil monetary penalty as any penalty, fine, or other sanction that: (A)(i) Is for a specific monetary amount as provided by federal law or (ii) has a maximum amount provided for by federal law; (B) is assessed or enforced by an agency pursuant to federal law; and (C) is assessed or enforced pursuant to an administrative proceeding or a civil action in the federal courts.4 This definition applies to the maximum civil penalties that may be imposed under the Federal Power Act (FPA),5 the Natural Gas Act (NGA),6 the Natural Gas Policy Act of 1978 (NGPA),7 and the Interstate Commerce Act (ICA).8

4. Under the 2015 Adjustment Act, the first step for adjusting a civil monetary penalty for inflation requires determining the percentage by which the U.S. Department of Labor’s Consumer Price Index for all-urban consumers (CPI–U) for October of the preceding year exceeds the CPI–U for October of the year before that.9 The CPI–U for October 2016 exceeded the CPI–U for October 2015 by 1.636 percent.10

5. The second step requires multiplying the CPI–U percentage increase by the applicable existing maximum civil monetary penalty.11 This step results in a base penalty increase amount.

6. The third step requires rounding the base penalty increase amount to the nearest dollar and adding that amount to the base penalty to calculate the new adjusted maximum civil monetary penalty.12

7. Under the 2015 Adjustment Act, an agency is directed to use the maximum civil monetary penalty applicable at the time of assessment of a civil penalty, regardless of the date on which the violation occurred.13

8. The adjustments that the Commission is required to make pursuant to the 2015 Adjustment Act are reflected in the following table:

III. Administrative Findings

9. Congress directed that agencies issue final rules to adjust their maximum civil monetary penalties notwithstanding the requirements of the Administrative Procedure Act (APA).14 Because the Commission is required by law to undertake these inflation adjustments notwithstanding the notice and comment requirements that otherwise would apply pursuant to the APA, and because the Commission lacks discretion with respect to the method and amount of the adjustments, prior notice and comment would be impractical, unnecessary, and contrary to the public interest.

10. The citation of authority for part 385 is also revised to make a technical correction.

IV. Regulatory Flexibility Statement

11. The Regulatory Flexibility Act, as amended, requires agencies to certify that rules promulgated under their authority will not have a significant economic impact on a substantial number of small businesses.15 The requirements of the Regulatory Flexibility Act apply only to rules promulgated following notice and comment.16 The requirements of the Regulatory Flexibility Act do not apply to this rulemaking because the Commission is issuing this final rule without notice and comment.

V. Paperwork Reduction Act

12. This rule does not require the collection of information. The Commission is therefore not required to submit this rule for review to the Office of Management and Budget pursuant to the Paperwork Reduction Act of 1995.17

VI. Document Availability

13. In addition to publishing the full text of this document in the Federal Register, the Commission provides all...
interested persons an opportunity to view and print the contents of this document via the Internet through the Commission’s Home Page (http://www.ferc.gov) and in the Commission’s Public Reference Room during normal business hours (8:30 a.m. to 5:00 p.m. Eastern time) at 888 First Street NE., Room 2A, Washington, DC 20426.

14. From the Commission’s Home Page on the Internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and downloading. To access this document in eLibrary, type the docket number (excluding the last three digits) in the docket number field.

15. User assistance is available for eLibrary and the Commission’s Web site during normal business hours from the Commission’s Online Support at 202–502–6652 (toll free at 1–866–208–3676) or email at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502–8659, public.referenceeroom@ferc.gov.

VII. Effective Date and Congressional Notification

16. For the same reasons the Commission has determined that public notice and comment are unnecessary, impractical, and contrary to the public interest, the Commission finds good cause to adopt an effective date that is less than 30 days after the date of publication in the Federal Register pursuant to the Administrative Procedure Act, and therefore, the regulation is effective upon publication in the Federal Register.

17. The Commission has determined, with the concurrence of the Administrator of the Office of Information and Regulatory Affairs of the Office of Management and Budget, that this rule is not a “major rule” as defined in section 351 of the Small Business Regulatory Enforcement Fairness Act of 1996. This Final Rule is being submitted to the Senate, House, and Government Accountability Office.

ACTION: Final rule.

SUMMARY: The National Indian Gaming Commission (NIGC or the Commission) is establishing this rule in Chapter III of title 25 of the Code of Federal Regulations. This rule describes the procedures and policies adopted by the Commission pursuant to the Privacy Act of 1974. Under the Act, a Federal agency must publish notice, in the Federal Register, of any systems of records that it intends to create as well as procedures regarding the collection, maintenance, use, and dissemination of the records within those systems.
