

I. Background

On January 11 2017, EDA published a Final Rule in the **Federal Register** (82 FR 3131) implementing the Regional Innovation Program as authorized by section 27 of the Stevenson-Wydler Technology Innovation Act of 1980, as amended. Through the RIS Program, the centerpiece of the Regional Innovation Program, EDA currently awards grants for capacity building programs that provide proof-of concept and commercialization assistance to innovators and entrepreneurs and for operational support for organizations that provide essential early-stage funding to startup companies. The Final Rule lays out the overarching regulatory framework for the RIS Program, including its mission and objectives, applicant eligibility requirements, allowable investment rates, eligible project activities, and required application components. In the Final Rule, the Agency also responds to the one germane comment it received during the 60-day Notice of Proposed Rulemaking (NPRM) comment period that was open between September 21, 2016 and November 21, 2016 (81 FR 64805).

II. Provisions of This Action

This action delays the effective date of the Final Rule from February 10, 2017 to March 21, 2017. This action is issued in accordance with the Memorandum that required temporary postponement of rules, that have been published in the **Federal Register** but have not yet taken effect, for 60 days from the date of the Memorandum for the purpose of reviewing questions of fact, law, and policy.

III. Determination of Exemption From Notice and Comment

To the extent that the requirements of 5 U.S.C. 553 apply to this action, there is good cause to exempt this action from notice and comment pursuant to 5 U.S.C. 553(b)(B). EDA is delaying the effective date for this action to give DOC officials the opportunity to further review and consider new regulations, consistent with the Memorandum. Given the imminence of the new effective date, seeking prior public comment on this temporary delay would be impractical, unnecessary, and also contrary to the public interest in the orderly promulgation and implementation of regulations.

Dated: January 25, 2017.

Thomas Guevara,

Deputy Assistant Secretary for Regional Affairs, Performing the non-exclusive duties of the Assistant Secretary for Economic Development.

Fisheries of the Exclusive Economic Zone Off Alaska; Allow the Use of Longline Pot Gear in the Gulf of Alaska Sablefish Individual Fishing Quota Fishery; Amendment 101

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Stay of final rule.

SUMMARY: In accordance with the memorandum of January 20, 2017, from the Assistant to the President and Chief of Staff, entitled “Regulatory Freeze Pending Review,” published in the **Federal Register** on January 24, 2017 (the Memorandum), this action stays the final rule NMFS published on December 28, 2016, in order to delay its effective date.

DATES: Effective January 31, 2017, the final rule amending 15 CFR part 902 and 50 CFR parts 300 and 679 that published on December 28, 2016, at 81 FR 95435, is stayed to March 12, 2017.

FOR FURTHER INFORMATION CONTACT: Rachel Baker, 907-586-7228.

SUPPLEMENTARY INFORMATION: On December 28, 2016, NMFS published this final rule to implement Amendment 101 to the Fishery Management Plan for Groundfish of the Gulf of Alaska (GOA FMP) for the sablefish individual fishing quota (IFQ) fisheries in the Gulf of Alaska (GOA). This final rule authorizes the use of longline pot gear in the GOA sablefish IFQ fishery. In addition, this final rule establishes management measures to minimize potential conflicts between hook-and-line and longline pot gear used in the sablefish IFQ fisheries in the GOA. This final rule also includes regulations developed under the Northern Pacific Halibut Act of 1982 (Halibut Act) to authorize

harvest of halibut IFQ caught incidentally in longline pot gear used in the GOA sablefish IFQ fishery. This final rule is necessary to improve efficiency and provide economic benefits for the sablefish IFQ fleet and minimize potential fishery interactions with whales and seabirds. This action is intended to promote the goals and objectives of the Magnuson-Stevens Fishery Conservation and Management Act, the Halibut Act, the GOA FMP, and other applicable laws.

On January 20, 2017, the White House issued a memo instructing Federal agencies to temporarily postpone the effective date for 60 days after January 20, 2017, of any regulations or guidance documents that have published in the **Federal Register** but not yet taken effect, for the purpose of “reviewing questions of fact, law, and policy they raise.” Because its effective date has already passed, we are enacting this stay of the rule published on December 28, 2016, at 81 FR 95435 (see **DATES** above) until March 12, 2017.
