

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Submission for OMB Review; Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Atlantic Herring Amendment 5 Data Collection.

OMB Control Number: 0648-0674.

Form Number(s): None.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 204.

Average Hours per Response:

Category E permit renewal, 1 minute; At-Sea Herring Dealer Permit renewal, 5 minutes; weekly dealer reports, 15 minutes; VMS activity declarations, 5 minutes; VMS power-down exemption letter, 5 minutes; VMS pre-landing notification and gear declaration, 5 minutes; catch reports and vessel trip reports, 5 minutes; request for an observer prior to a trip, 5 minutes; cancellation of trip, 1 minute; estimate of catch/discard provision, 1 minute; documentation of slippage, 5 minutes.

Burden Hours: 1,159.

Needs and Uses: This request is for extension of a current information collection. Under the Magnuson-Stevens Fishery Conservation and Management Act, the Secretary of Commerce has the responsibility for the conservation and management of marine fishery resources. Much of this responsibility has been delegated to NOAA's National Marine Fisheries Service (NMFS). Under this stewardship role, the Secretary was given certain regulatory authorities to ensure the most beneficial uses of these resources. One of the regulatory steps taken to carry out the conservation and management objectives is to collect information from users of the resources.

Data collection for Amendment 5 to the Atlantic Herring Fishery Management Plan requires renewal of Category E permits for limited access herring permit holders. This collection also requires herring carrier vessels that sell herring (rather than deliver those fish on behalf of a dealer for purchase) to obtain or maintain an At-Sea Atlantic Herring Dealer Permit. Vessels that have both an At-Sea Atlantic Herring Dealer

Permit and a Federal fishing permit are required to fulfill the reporting requirements of both permits as appropriate.

This collection has several vessel monitoring system (VMS) and vessel trip reporting (VTR) components. Category E vessels must submit daily VMS reports, weekly VTRs, and maintain a VMS unit on their vessels and declare intent to target Atlantic herring via VMS. This collection allows a vessel that opts to enroll as a herring carrier to do so via VMS rather than obtaining a letter of authorization (LOA). By declaring a herring trip via VMS, a vessel is exempt from daily VMS catch reporting, and is not bound by the 7-day enrollment period required by the herring carrier LOA. Vessels with limited access herring permits, Category E permits, and vessels declaring herring carrier trips via VMS also must give a pre-landing notification to the NMFS Office of Law Enforcement via VMS. In addition, vessels are prohibited from turning off VMS units while in port. A vessel representative must request a letter of exemption (LOE) from NMFS to turn off its VMS if that vessel will be out of the water for more than 72 hours. A vessel owner is able to sign a herring vessel out of the VMS program for a minimum of 30 days by requesting and obtaining an LOE from NMFS. A vessel is not able to leave the dock unless the VMS unit is turned back on.

This collection also requires that vessels with limited access herring permits, vessels with open access Category D permits that are fishing with midwater trawl gear in Areas 1A, 1B, and/or 3, vessels with open access category E permits, and herring carrier vessels contact NMFS at least 48 hours in advance of fishing to request an observer. Vessels currently contact NMFS via phone, and selection notices or waivers are issued by NMFS via VMS. Vessels with limited access herring permits, Category E permits, and vessels declaring herring carrier trips via VMS must notify NMFS via VMS of their intent to participate in the herring fishery prior to leaving port on each trip by entering the appropriate activity and gear codes in order to harvest, possess, or land herring on that trip.

Additionally, this collection requires vessels issued limited access permits working cooperatively in the herring fishery to provide NMFS-approved observers with the estimated weight of each species brought on board or released on each tow.

Finally, this collection requires that all herring vessels (*i.e.* any area throughout the EEZ, any gear type) bring all catch aboard the vessel and make it

available for sampling by an observer. If catch is not made available to an observer before discard, that catch is defined as slippage, and the vessel operator must complete a "Released Catch Affidavit" form within 48 hours of the end of the fishing trip which details why catch was slipped, estimates the quantity and species composition of the slipped catch, and records the time and location of the slipped catch.

Affected Public: Business or other for-profit organizations.

Frequency: Annually, daily and on occasion.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: January 27, 2017.

Sarah Brabson,

NOAA PRA Clearance Officer.

Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Data Scoping Webinar for South Atlantic Black Sea Bass; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 56 Data Scoping webinar.

SUMMARY: The SEDAR 56 assessment of the South Atlantic stock of *black seabass* will consist of a series of webinars. See **SUPPLEMENTARY INFORMATION**.

DATES: A SEDAR 56 Data Scoping webinar will be held on Friday, February 24, 2017 from 9 a.m. until 10 a.m.

ADDRESSES: *Meeting address:* The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julia Byrd at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to

request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405; www.sedarweb.org.

FOR FURTHER INFORMATION CONTACT: Julia Byrd, SEDAR Coordinator, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: (843) 571-4366; email: julia.byrd@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. The product of the SEDAR webinar series will be a report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses, and describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion in the Data Scoping webinar are as follows:

Participants will identify who will be providing updated and/or new datasets.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been

notified of the intent to take final action to address the emergency.

Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the SAFMC office (see **ADDRESSES**) at least 10 business days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: January 27, 2017.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

National Oceanic and Atmospheric Administration

RIN 0648-XF193

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Groundfish Management Team (GMT) will hold three webinars that are open to the public.

DATES: The GMT webinars will be held Wednesday, March 1, 2017, from 8:30 a.m. until 11:30 a.m.; Tuesday, April 4, 2016, from 1:30 p.m. to 4:30 p.m.; and Thursday, June 1, 2017, from 1:30 p.m. to 4:30 p.m. Webinar end times are estimates, meetings will adjourn when business for each day is completed.

ADDRESSES: The following login instructions will work for any of the webinars in this series. To attend the webinar (1) join the meeting by visiting this link <http://www.gotomeeting.com/online/webinar/join-webinar>; (2) enter the Webinar ID: 349-453-339, and (3) enter your name and email address (required). After logging in to the webinar, please (1) dial this TOLL number 1-415-655-0060 (not a toll-free number); (2) enter the attendee phone audio access code 229-858-558; and (3) then enter your audio phone pin (shown after joining the webinar). **NOTE:** We have disabled Mic/Speakers as an option and require all participants to use a telephone or cell phone to participate. Technical Information and

System Requirements: PC-based attendees are required to use Windows® 7, Vista, or XP; Mac®-based attendees are required to use Mac OS® X 10.5 or newer; Mobile attendees are required to use iPhone®, iPad®, Android™ phone or Android tablet (See the GoToMeeting WebinarApps). You may send an email to Mr. Kris Kleinschmidt at Kris.Kleinschmidt@noaa.gov or contact him at (503) 820-2280, extension 425 for technical assistance. A public listening station will also be available at the Pacific Council office.

Council address: Pacific Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384; telephone: (503) 820-2280.

FOR FURTHER INFORMATION CONTACT: Ms. Kelly Ames, Pacific Council, (503) 820-2426.

SUPPLEMENTARY INFORMATION: The primary purpose of the GMT webinars is to prepare for the 2017 March, April, and June Pacific Council meetings. A detailed agenda for each webinar will be available on the Pacific Council's Web site prior to the meeting. The GMT may also address other assignments relating to groundfish management. No management actions will be decided by the GMT. The GMT's task will be to develop recommendations for consideration by the Pacific Council at its meetings in 2017.

Although nonemergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The public listening station is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt at (503) 820-2425 at least ten business days prior to the meeting date.

Dated: January 27, 2017.
