

transfer of control of the Master Trust to ENO, and approving license amendments that modify and delete trust-related license conditions in the IP3 and FitzPatrick operating licenses. A notice of this application was published in the **Federal Register** on September 27, 2016 (81 FR 66305). On November 1, 2016 (ADAMS Accession No. ML16306A258), a request for a hearing on the application was filed by Ms. Susan H. Shapiro, on behalf of Indian Point Safe Energy Coalition, Hudson River Sloop Clearwater, Council on Intelligent Energy & Conservation Policy, Sierra Club Hudson Valley, Nuclear Information and Resource Service, Alliance for Green Economy, and Radiation and Public Health Project. On December 13, 2016 (ADAMS Accession No. ML16348A495), an Atomic Safety and Licensing Board denied the hearing request for failure to demonstrate standing.

Based on its review of the information in the application, and other information before the Commission, the NRC staff approves the proposed transfer of control of the Master Trust to ENO, along with the proposed amendments to the Master Trust Agreement, as amended. In addition, the NRC staff finds that the application for the proposed license amendments complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations set forth in 10 CFR Chapter I, "Nuclear Regulatory Commission"; the facilities will operate in conformity with the application, the provisions of the Act, and the rules and regulations of the Commission; there is reasonable assurance that the activities authorized by the amendments can be conducted without endangering the public health and safety and that such activities will be conducted in compliance with the Commission's regulations; the issuance of the amendments will not be inimical to the common defense and security or to the public health and safety; and the issuance of the amendments will be in accordance with 10 CFR part 51, "Environmental Protection Regulations for Domestic Licensing and Related Regulatory Functions," of the Commission's regulations and all applicable requirements have been satisfied. The findings set forth above are supported by a safety evaluation dated January 27, 2017.

III

Accordingly, pursuant to Section 161i(4) of the Atomic Energy Act of 1954, as amended, and 10 CFR 50.75, It is hereby ordered that the application to transfer control of the Master Trust for IP3 and FitzPatrick to ENO and the amendments to the Master Trust Agreement are approved.

It is further ordered that the license amendments to the operating licenses of IP3 and FitzPatrick that modify existing trust-related license conditions to reflect the transfer of control of the Master Trust to ENO and delete other existing trust-related license conditions in order to apply the generic requirements of 10 CFR 50.75(h) to IP3 and FitzPatrick, are approved. The amendments shall be issued and made effective at the time that the transfer of control of the Master Trust is completed.

This Order is effective upon issuance.
