A proposed rule change filed pursuant to Rule 19b–4(f)(6) under the Act 12 normally does not become operative for 30 days after the date of its filing. However, Rule 19b–4(f)(6)(iii) 13 permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow the changes to be implemented immediately to update certain Market Maker guidelines to better reflect current market conditions. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.14

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

of filing of the proposed rule change, or such shorter time as designated by the Commission. 12 17 CFR 200.30–3(a)(12).
