BILLING CODE 6560–50–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

30-Day Submission Period for Requests for ONC-Approved Accreditor (ONC-AA) Status

AGENCY: Office of the National Coordinator for Health Information Technology, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: This notice announces the 30-day period for submission of requests for ONC-Approved Accreditor (ONC-AA) status.

DATES: The 30-day submission period begins February 7, 2017 and will end on March 9, 2017.

FOR FURTHER INFORMATION CONTACT: Alicia Morton, Director, ONC Health IT Certification Program, Office of the National Coordinator for Health Information Technology (ONC), 202–690–7151.

SUPPLEMENTARY INFORMATION:

In accordance with 45 CFR 170.503(f)(2), an ONC-Approved Accreditor's (ONC-AA's) status will expire not later than 3 years from the date its status was granted by the National Coordinator for Health Information Technology (National Coordinator). The American National Standards Institute's (ANSI's) status as the ONC-AA for certifying bodies under the ONC Health IT Certification Program will expire on June 6, 2017. To ensure the continuity of the accreditation process and the ongoing responsibilities of the ONC-AA under the ONC Health IT Certification Program, we are seeking requests for ONC-AA status for the 3-year term that would follow the term of the current ONC-AA (ANSI). Accordingly, this notice is issued pursuant to § 170.503(b), which requires the National Coordinator to publish a notice in the **Federal Register** to announce the 30-day period during which requests for ONC-AA status may be submitted. In order to be considered for ONC-AA status, an accreditation organization must submit a written request to the National Coordinator that includes the information required by

§ 170.503(b) within the 30-day period specified in this notice. Section 170.503(b) requires an accreditation organization to submit the following information to demonstrate its ability to serve as an ONC-AA:

(1) A detailed description of the accreditation organization's conformance to ISO/IEC 17011:2004 (incorporated by reference in § 170.599) and experience evaluating the conformance of certification bodies to ISO/IEC Guide 65:1996 (incorporated by reference in § 170.599);

(2) A detailed description of the accreditation organization's accreditation requirements, as well as how those requirements would complement the Principles of Proper Conduct for ONC-Authorized Certification Bodies (ONC-ACBs) and ensure the surveillance approaches used by ONC-ACBs include the use of consistent, objective, valid, and reliable methods;

(3) Detailed information on the accreditation organization's procedures that would be used to monitor ONC-ACBs;

(4) Detailed information, including education and experience, about the key personnel who review organizations for accreditation; and

(5) Procedures for responding to, and investigating, complaints against ONC-ACBs.

Requests for ONC-AA status may be submitted by email to ONC-AA@hhs.gov and should include "Request for ONC-AA Status" in the subject line. Alternatively, requests for ONC-AA status may be submitted by regular or express mail to: Office of the National Coordinator for Health Information Technology, Attention: ONC Health IT Certification Program—Request for ONC-AA Status, 330 C Street SW., Washington, DC 20201. In accordance with § 170.505, the official date of receipt of an email submission will be the date on which it was sent, and the official date of a submission by regular or express mail will be the date of the delivery confirmation. To clarify, email submissions may be sent up to and through 11:59 p.m. EST on the last day of the submission period. Additional information about requesting ONC-AA status and the ONC Health IT Certification Program can be found on the ONC Web site at: <http://healthit.gov/certification>.

Authority: 42 U.S.C. 300jj–11.

Jon White,

Acting National Coordinator for Health Information Technology.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

[Document Identifier: 0990–New–30D]

Agency Information Collection Activities; Submission to OMB for Review and Approval; Public Comment Request

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, has submitted an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB) for review and approval. The ICR is for a new collection. Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public on this ICR during the review and approval period.

DATES: Comments on the ICR must be received on or before March 9, 2017.

ADDRESSES: Submit your comments to OIRA_submission@omb.eop.gov or via facsimile to (202) 395–5806.

FOR FURTHER INFORMATION CONTACT: Information Collection Clearance staff, Information.CollectionClearance@hhs.gov or (202) 690–5683.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the Information Collection Request Title and document identifier 0990–New–30D for reference.

Information Collection Request Title: Evaluating Supporting Nursing Moms at Work.

Abstract: The HHS Office on Women's Health (OWH) is seeking approval by OMB on a new Information Collection Request. A Section of the Affordable Care Act (ACA) requires employers to provide basic breastfeeding accommodations for nursing mothers at work. These include a functional space, other than a bathroom, that is shielded from view and intrusion from coworkers and reasonable break time for women to express milk. OWH implemented outreach to businesses and industries across the nation to determine perceived barriers to compliance to this requirement, and became acutely aware of the sparse amount of information and resources that target worksite lactation needs and challenges of these employers.

Based upon these findings, in June, 2014, the HHS Office on Women's
