[Docket No. 160527473–6999–02]

RIN 0648–BG09

## Atlantic Highly Migratory Species; Individual Bluefin Quota Program; Inseason Transfers; Correction

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Stay of final rule; correction.

**SUMMARY:** NMFS published a “Stay of final rule” on January 31, 2017—in accordance with the memorandum of January 20, 2017, from the Assistant to the President and Chief of Staff, entitled “Regulatory Freeze Pending Review,” published in the *Federal Register* on January 24, 2017 (the Memorandum)—to delay the effective date of the final rule NMFS published on December 29, 2016. This notification corrects the effectiveness date from “March 21, 2017” to “February 10, 2017.” For consistency and clarity, the complete new **DATES** section has been set out below in its entirety.

**DATES:** Effective February 7, 2017, the final rule amending 50 CFR part 635, that published on December 29, 2016, at 81 FR 95903, is stayed until February 10, 2017.

**FOR FURTHER INFORMATION CONTACT:** Thomas Warren or Sarah McLaughlin, 978–281–9260; Carrie Soltanoff, 301–427–8503.

**SUPPLEMENTARY INFORMATION:****Background**

On December 29, 2016, NMFS published this final rule modifying the Atlantic highly migratory species (HMS) regulations regarding the distribution of inseason Atlantic bluefin tuna quota transfers to the Longline category. This final rule provides NMFS the ability to distribute quota inseason either to all qualified Individual Bluefin Quota (IBQ) share recipients (*i.e.*, share recipients who have associated their permit with a vessel) or only to permitted Atlantic Tunas Longline vessels with recent fishing activity, whether or not they are associated with IBQ shares. This action is necessary to optimize fishing opportunity in the directed pelagic longline fishery for target species such as tuna and swordfish and to improve the functioning of the IBQ Program and its leasing provisions consistent with

the objectives of Amendment 7 to the 2006 Consolidated HMS Fishery Management Plan.

On January 20, 2017, the White House issued a memo instructing Federal agencies to temporarily postpone the effective date for 60 days after January 20, 2017, of any regulations or guidance documents that have published in the *Federal Register* but not yet taken effect, for the purpose of “reviewing questions of fact, law, and policy they raise.” Because its effective date has already passed, we enacted a stay of the rule published on December 29, 2016, at 81 FR 95903 (see **DATES** above) until March 21, 2017, in a “Stay of final rule” document published on January 31, 2017 (82 FR 8821).

**Need for Correction**

After the “Stay of final rule” published on January 31, 2017, NMFS is correcting the effective date of “March 21, 2017” to “February 10, 2017” to better align with current fisheries management goals. NMFS publishes this notification to correct the stay of effective date.

**Corrections**

In the *Federal Register* of January 31, 2017, in FR Doc. 2017–02043, “March 21, 2017” is corrected to read “February 10, 2017” in the following places:

1. In the **DATES** section on page 8821 in the first column, which is also set out in its entirety above for clarity and consistency;
2. On page 8821, second column, first paragraph, last sentence; and
3. On page 8821, in amendatory instruction 2.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: February 2, 2017.

**Alan D. Risenhoover,**

*Acting Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.*

RIN 0648–XF204

## Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Catcher Vessels Less Than 60 Feet (18.3 Meters) Length Overall Using Hook-and-Line or Pot Gear in the Bering Sea and Aleutian Islands Management Area

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; closure.

**SUMMARY:** NMFS is prohibiting directed fishing for Pacific cod by catcher vessels less than 60 feet (18.3 meters (m)) length overall (LOA) using hook-and-line or pot gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2017 Pacific cod total allowable catch allocated to catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear in the BSAI.

**DATES:** Effective 1200 hours, Alaska local time (A.l.t.), February 2, 2017, through 2400 hours, A.l.t., December 31, 2017.

**FOR FURTHER INFORMATION CONTACT:** Josh Keaton, 907–586–7228.

**SUPPLEMENTARY INFORMATION:** NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2017 Pacific cod total allowable catch (TAC) allocated to catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear in the BSAI is 5,959 metric tons (mt) as established by the final 2016 and 2017 harvest specifications for groundfish in the BSAI (81 FR 14773, March 18, 2016), inseason adjustment (82 FR 2916, January 10, 2017), and reallocation (82 FR 8905, February 1, 2017).

In accordance with § 679.20(d)(1)(iii), the Administrator, Alaska Region, NMFS (Regional Administrator), has

determined that the 2017 Pacific cod TAC allocated as a directed fishing allowance to catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear in the BSAI will soon be reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear in the BSAI.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

#### Classification

This action responds to the best available information recently obtained from the fishery. The Acting Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of directed fishing for Pacific cod by catcher vessels less than 60 feet (18.3 m) LOA using hook-and-line or pot gear in the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of January 31, 2017.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: February 2, 2017.

**Karen H. Abrams,**

*Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

#### Fisheries of the Exclusive Economic Zone Off Alaska; Pollock in Statistical Area 610 in the Gulf of Alaska

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; opening.

**SUMMARY:** NMFS is opening directed fishing for pollock in Statistical Area 610 of the Gulf of Alaska (GOA). This action is necessary to fully use the A season allowance of the 2017 total allowable catch of pollock in Statistical Area 610 of the GOA.

**DATES:** Effective 1200 hours, Alaska local time (A.l.t.), February 6, 2017, through 1200 hours, A.l.t., March 10, 2017.

Comments must be received at the following address no later than 4:30 p.m., A.l.t., February 21, 2017.

**ADDRESSES:** You may submit comments on this document, identified by FDMS Docket Number NOAA-NMFS-2015-0110 by either of the following methods:

- *Electronic Submission:* Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to [www.regulations.gov/#/docketDetail;D=NOAA-NMFS-2015-0110](http://www.regulations.gov/#/docketDetail;D=NOAA-NMFS-2015-0110), click the "Comment Now!" icon, complete the required fields, and enter or attach your comments.

- *Mail:* Address written comments to Glenn Merrill, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region NMFS, Attn: Ellen Sebastian. Mail comments to P.O. Box 21668, Juneau, AK 99802-1668.

*Instructions:* Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on [www.regulations.gov](http://www.regulations.gov) without change. All personal identifying information (e.g., name, address), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter "N/A" in the required fields if you wish to remain anonymous).

**FOR FURTHER INFORMATION CONTACT:** Josh Keaton, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The A season allowance of the 2017 total allowable catch (TAC) of pollock in Statistical Area 610 of the GOA is 2,232 metric tons (mt) as established by the final 2016 and 2017 harvest specifications for groundfish of the (81 FR 14740; March 16, 2016) and inseason adjustment (81 FR 95063; December 27, 2016).

NMFS closed directed fishing for pollock in Statistical Area 610 of the GOA under § 679.20(d)(1)(iii) on January 27, 2017 (82 FR 8821; January 31, 2017).

As of February 2, 2017, NMFS has determined that approximately 2,225 metric tons of pollock remain in the A season directed fishing allowance for pollock in Statistical Area 610 of the GOA. Therefore, in accordance with § 679.25(a)(1)(i), (a)(2)(i)(C), and (a)(2)(iii)(D), and to fully utilize the A season allowance of the 2017 TAC of pollock in Statistical Area 610 of the GOA, NMFS is terminating the previous closure and is reopening directed fishing pollock in Statistical Area 610 of the GOA, effective 1200 hours, A.l.t., February 6, 2017.

The Administrator, Alaska Region (Regional Administrator) considered the following factors in reaching this decision: (1) The current catch of pollock in Statistical Area 610 of the GOA and, (2) the harvest capacity and stated intent on future harvesting patterns of vessels in participating in this fishery.

#### Classification

This action responds to the best available information recently obtained from the fishery. The Acting Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries
