## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-79988; File No. SR-ICC-2017-002]

### Self-Regulatory Organizations; ICE Clear Credit LLC; Notice of Proposed Rule Change, Security-Based Swap Submission, or Advance Notice Relating to ICC's Liquidity Thresholds for Euro Denominated Products

February 8, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) <sup>1</sup> and Rule 19b-4, <sup>2</sup> notice is hereby given that on January 27, 2017, ICE Clear Credit LLC (“ICC”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change, security-based swap submission, or advance notice as described in Items I, II and III below, which Items have been primarily prepared by ICC. The Commission is publishing this notice to solicit comments on the proposed rule change,

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

security-based swap submission, or advance notice from interested persons.

**I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice**

The principal purpose of the proposed changes is to amend the ICC Clearing Rules ("ICC Rules"), the ICC Treasury Operations Policies and Procedures, and the ICC Liquidity Risk Management Framework to update ICC's liquidity thresholds for Euro denominated products.

**II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice**

In its filing with the Commission, ICC included statements concerning the purpose of and basis for the proposed rule change, security-based swap submission, or advance notice and discussed any comments it received on the proposed rule change, security-based swap submission, or advance notice. The text of these statements may be examined at the places specified in Item IV below. ICC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of these statements.

*A. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice*

The proposed revisions are intended to update ICC's liquidity thresholds for Euro denominated products. Currently, for Euro denominated products, 65% of Clearing Participant Non-Client Initial Margin and Guaranty Fund Liquidity Requirements ("Non-Client Liquidity Requirements") must be posted in Euro cash and the next 35% may be posted in Euro cash, United States ("U.S.") Dollar cash, U.S. Treasury securities, and/or other G7 cash. ICC proposes updating the liquidity thresholds for Euro denominated products, set forth in Schedule 401 of the ICC Rules, to require the first 45% of Non-Client Liquidity Requirements to be satisfied with Euro cash. The next 20% may be posted in Euro cash or U.S. Dollar cash, and the final 35% may be posted in Euro cash, U.S. Dollar cash, U.S. Treasury securities, and/or other G7 cash. The 45% minimum percentage requirement is equivalent to the maximum assumed one day movement in Initial Margin (assuming a 5-day risk horizon).

The proposed revisions will provide Clearing Participants with the option to cover 20% of the current Euro liquidity

threshold with either Euro cash or U.S. Dollar cash. ICC's Euro liquidity will not be negatively impacted by the proposed changes as ICC's committed foreign exchange ("FX") facility provides for same day settled spot FX transactions. The facility allows ICC to use available U.S. Dollar cash to convert into Euro cash to meet a Euro liquidity need, for example in the unlikely event of a Clearing Participant default when Euro cash is needed for liquidity but only U.S. Dollar cash is available.<sup>3</sup>

The ICC Treasury Operations Policies and Procedures and ICC Liquidity Risk Management Framework have also been updated to reflect the update to ICC's Non-Client Liquidity Requirements for Euro denominated products. The changes to the Euro cash Non-Client Liquidity Requirements do not require any operational changes.

Section 17A(b)(3)(F) of the Act<sup>4</sup> requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions; to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible; and to comply with the provisions of the Act and the rules and regulations thereunder. ICC believes that the proposed rule changes are consistent with the requirements of the Act and the rules and regulations thereunder applicable to ICC, in particular, to Section 17A(b)(3)(F),<sup>5</sup> because ICC believes that the update to its liquidity thresholds for Euro denominated products will promote the prompt and accurate clearance and settlement of securities transactions, derivatives agreements, contracts, and transactions, and contribute to the safeguarding of securities and funds associated with security-based swap transactions in ICC's custody or control, or for which ICC is responsible. The proposed update to ICC's liquidity thresholds for Euro denominated products will permit Clearing Participants to post more U.S. Dollar cash to meet Euro Non-Client Liquidity Requirements. Given the fact that, to the extent possible, ICC deposits U.S. Dollar cash in its account at the Federal Reserve Bank of Chicago, the use of additional U.S. Dollar cash provides superior safety and security for

depositors, as the U.S. Dollar cash is held in a manner whereby risk of loss or of delay in access to them is minimized, consistent with Section 17A(b)(3)(F)<sup>6</sup> and Rule 17Ad-22(d)(3).<sup>7</sup>

Additionally, the change to the liquidity thresholds for Euro denominated products will not adversely impact ICC's liquidity levels because ICC's committed FX facility provides for same day settled spot FX transactions, which allows ICC to use available U.S. Dollar cash to convert into Euro cash to meet a Euro liquidity need. As such, the proposed change would increase the safety and security of ICC's assets without any diminishment of its ability to meet its liquidity needs. Further, the changes promote liquidity and ensure assets are available in the event of a participant default. As previously stated, ICC will hold the additional U.S. Dollar cash at the Federal Reserve Bank of Chicago. In doing so, ICC reduces the likelihood that assets securing participant obligations would be unavailable when ICC needs to draw on them, thus safeguarding ICC's ability to meet its settlement obligations. For the foregoing reasons, the updated liquidity thresholds for Euro denominated products are designed consistent with ICC's objective to promote the prompt and accurate clearance and settlement of securities transactions, derivatives agreements, contracts, and transactions, and contribute to the safeguarding of securities and funds associated with security-based swap transactions in ICC's custody or control, or for which ICC is responsible, consistent with Section 17A(b)(3)(F).<sup>8</sup>

In addition, the proposed revisions are consistent with the relevant requirements of Rule 17Ad-22.<sup>9</sup> ICC's Euro liquidity or financial resources will not be negatively impacted by the proposed changes as ICC's committed FX facility provides for same day settled spot FX transactions, to convert U.S. Dollar cash into Euro cash. As such, the changes are therefore reasonably designed to meet the requirements of Rule 17Ad-22(b)(3).<sup>10</sup>

*B. Clearing Agency's Statement on Burden on Competition*

ICC does not believe the proposed rule change would have any impact, or impose any burden, on competition. The proposed update to ICC's liquidity thresholds for Euro denominated

products applies consistently across all market participants and the implementation of the proposed liquidity thresholds for Euro denominated products does not preclude the implementation of similar changes by other market participants. Therefore, ICC does not believe the update to its liquidity thresholds for Euro denominated products imposes any burden on competition that is inappropriate in furtherance of the purposes of the Act.

*C. Clearing Agency's Statement on Comments on the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice Received From Members, Participants or Others*

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

**III. Date of Effectiveness of the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice and Timing for Commission Action**

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) By order approve or disapprove such proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, security-based swap submission, or advance notice is consistent with the Act. Comments may be submitted by any of the following methods:

Rules 15Ba1-1 through 15Ba1-8 SEC File No. 270-619, OMB Control No. 3235-0681

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information provided for in Rules 15Ba1-1 to 15Ba1-8 (17 CFR 240.15Ba1-1 to 17 CFR 240.15Ba1-8)—Registration of Municipal Advisors, under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (the "Act"). The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

On September 20, 2013 (*see* 78 FR 67468, November 12, 2013), the Commission adopted Rules 15Ba1-1 through 15Ba1-8 and Rule 15Bc4-1 under the Act to establish the rules by which a municipal advisor must obtain, maintain, and terminate its registration with the Commission. In addition, the rules interpret the definition of the term "municipal advisor," interpret the statutory exclusions from that definition, and provide certain additional regulatory exemptions. The rules became effective on January 13, 2014; however, on January 13, 2014, the Commission temporarily stayed such rules until July 1, 2014 (*see* 79 FR 2777, January 16, 2014). Section 15B(a)(1) of the Act makes it unlawful for a municipal advisor to provide advice to or on behalf of a municipal entity or obligated person with respect to municipal financial products or the issuance of municipal securities, or to undertake a solicitation of a municipal entity or obligated person, unless the municipal advisor is registered with the Commission. The rules, among other things (i) require municipal advisors to file certain forms (*i.e.*, Form MA, Form MA-A, Form MA/A, Form MA-I, Form MA-I/A, Form MA-NR, and Form MA-W) with the Commission to, as appropriate, obtain, maintain, or terminate their registration with the Commission and maintain certain books and records in accordance with the Act, and (ii) set forth how certain entities may meet the requirements of the statutory exclusions or regulatory exemptions from the definition of "municipal advisor."

**Form MA**

The Commission estimates that approximately 75 respondents will submit new Form MA applications annually in each of the next three years. The Commission further estimates that each submission will take
