withdraw its request for an administrative review.4

Recission of Administrative Review
Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the parties that requested a review withdraw the request within 90 days of the date of publication of the notice of initiation of the requested review. The petitioner withdrew its request for review by the 90-day deadline, and no other party requested an administrative review of this order. Therefore, we are rescinding the administrative review of the antidumping duty order on magnesia carbon bricks from Mexico covering the period September 1, 2015, through August 31, 2016.

Assessment
The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 41 days after the date of publication of this notice in the Federal Register.

Notification to Importers
This notice serves as the only reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate of restatement for the expiration of a formal protective order (APO). This notice is published in accordance with section 777i(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Gary Tavenner,
Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE
International Trade Administration
[A–570–836]
Glycine From the People’s Republic of China: Continuation of Antidumping Duty Order
AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.
SUMMARY: As a result of the determinations by the Department of Commerce (the Department) and the U.S. International Trade Commission (USITC) that revocation of the antidumping duty order on glycine from the People’s Republic of China (the PRC) would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of this antidumping duty order.
FOR FURTHER INFORMATION CONTACT: Dena Crossland or Brian Davis, AD/CVD Operations, Office VI, Enforcement and Compliance, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone (202) 482–3362 or (202) 482–7924, respectively.

SUPPLEMENTARY INFORMATION:
Background
On March 29, 1995, the Department published the antidumping duty order on glycine from the PRC.1 On August 1, 2016, the Department initiated a sunset review of the Order in accordance with section 751(c) of the Tariff Act of 1930, as amended (the Act).2
As a result of this sunset review, the Department determined that revocation of the Order would likely lead to continuation or recurrence of dumping and, therefore, notified the USITC of the magnitude of the margins of dumping likely to prevail should the order be revoked.3 On February 3, 2017, the USITC published its determination, pursuant to section 751(c) of the Act, that revocation of the Order would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.4

Scope of the Order
The product covered by the order is glycine, which is a free-flowing crystalline material, like salt or sugar. Glycine is produced at varying levels of purity and is used as a sweetener/taste enhancer, a buffering agent, a reabsorbable amino acid, chemical intermediate, and a metal complexing agent. This order covers glycine of all purity levels. Glycine is currently classified under subheading 2922.49.4020 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and Customs purposes, the written description of the merchandise under the order is dispositive.5

Continuation of the Order
As a result of the determinations by the Department and the USITC that revocation of the Order would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the Order.
U.S. Customs and Border Protection will continue to collect cash deposits of estimated antidumping duties at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of this order will be the effective date listed above. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next sunset review of this order not later than 30 days prior to the fifth anniversary of the effective date of continuation.

5 See Glycine from the People’s Republic of China: Final Results of the Expedited Sunset Review of the Antidumping Duty Order, 81 FR 88663 (December 8, 2016) and accompanying Issues and Decision Memorandum.
6 See Glycine from China; Determination, 82 FR 9223 (February 3, 2017), and USITC Publication 4667 (January 2017), entitled Glycine from China: Investigation No. 731–TA–718 (Fourth Review).
7 In a separate scope ruling, the Department determined that D(-) Phenylglycine Ethyl Dane Salt is outside the scope of the Order. See Notice of Scope Rulings, 82 FR 62288 (November 21, 1997).
This five-year (sunset) review and this notice are in accordance with sections 751(c) and 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Ronald K. Lorentzen,
Acting Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE
Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Institute of Standards and Technology (NIST).

Title: Building for Environmental and Economic Sustainability (BEES) Please.

OMB Control Number: 0693–0036.

Form Number(s): None.

Type of Request: Renewal (of a current information collection) with changes.

Number of Respondents: 30.

Average Hours per Response: 63 minutes.

Burden Hours: 31.5.

Needs and Uses: BEES Please is a voluntary program to collect data from product manufacturers so that the environmental performance of their products may be evaluated scientifically using the BEES software. These data include product-specific materials use, energy consumption, waste, and environmental releases. BEES evaluates these data, translates them into decision-enabling results, and delivers them in a visually intuitive graphical format.

Affected Public: Business or other for profit organizations.

Frequency: On Occasion.

Respondent’s Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395–5806.

Sheleen Dumas,
PRA Departmental Lead, Office of the Chief Information Officer.

BILLING CODE 3510–13–P

DEPARTMENT OF COMMERCE
National Oceanic and Atmospheric Administration
RIN 0648–XF086

Atlantic Highly Migratory Species; Exempted Fishing Permits; Extension of Public Comment Period

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of receipt of an application for an exempted fishing permit; extension of comment period; and announcement of a public webinar.

SUMMARY: NMFS published a notice in the Federal Register on January 17, 2017, announcing the receipt of an application for an exempted fishing permit (EFP) from Dr. David Kerstetter of Nova Southeastern University to evaluate pelagic longline (PLL) catch and bycatch rates from within the northern portion of the East Florida Coast (EFC) PLL Closed Area and compare those rates to rates from outside the EFC PLL Closed Area. The availability of a Draft Environmental Assessment (EA) analyzing the impacts of granting the application with certain terms and conditions was also announced in the same Federal Register notice. NMFS provided a 30-day comment period in the January Federal Register notice, but given interest from the public, NMFS is extending the comment period for the action to March 29, 2017, and conducting a public webinar on March 27, 2017, to facilitate public comments.

ADDRESSES: Comments may be submitted by any of the following methods:

• Email: nmfs.hms.pllfep@noaa.gov.
Include in the subject line the following identifier: 0648–XF086.
• Mail: Margo Schulze-Haagen, Highly Migratory Species Management Division (F/SF1), NMFS, 1315 East-West Highway, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT:
Craig Cockrell at (301) 427–8503 or Rick Pearson at (727) 824–5399.

SUPPLEMENTARY INFORMATION:

Background
The application and Draft EA, as well as public comments received thus far, are available for review on the HMS Management Division’s Web site at http://www.nmfs.noaa.gov/sfa/hms/compliance/efp/index.html. NMFS invites comments on the specific terms and conditions of the EFP, if issued, and the analyses presented in the Draft EA.

Extension of Comment Period

The original comment period was scheduled to end on February 16, 2017. Given interest from the public and to allow additional time for Regional Fishery Management Councils to discuss the EFP application and Draft EA at upcoming meetings, NMFS is extending the public comment period for this action to March 29, 2017. Additionally, because of requests to hold a public meeting in South Florida regarding this issue, NMFS has decided to hold a public webinar to facilitate public comments from across the geographic range of the U.S. Atlantic PLL fishery.

Public Webinar

The public webinar will be held on March 27, 2017, from 1 p.m.–4 p.m. EST. Information on how to attend the webinar can be found on the HMS Management Division’s Web page at: http://www.nmfs.noaa.gov/sfa/hms/compliance/efp/pll_efp_webinar.html.

Karen H. Abrams,
Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
