SUPPLEMENTARY INFORMATION:

I. Abstract

The Patent Trial and Appeal Board (PTAB or Board) is established by statute under 35 U.S.C. 6. This statute directs, in relevant part, that PTAB shall "on written appeal of an applicant, review adverse decisions of examiners upon applications for patents pursuant to section 134(a)." PTAB has the authority, under 35 U.S.C. 134 and 306 to decide appeals in applications and ex parte reexamination proceedings, and under pre-AIA sections of the Patent Act, *i.e.*, 35 U.S.C. 134 and 315, to decide appeals in inter partes reexamination proceedings. In addition, 35 U.S.C. 6 establishes the membership of PTAB as the Director, the Deputy Director, the Commissioner for Patents, the Commissioner for Trademarks, and the Administrative Patent Judges. Each appeal is decided by a merits panel of at least three members of the Board.

The Board's responsibilities under the statute include the review of ex parte appeals from adverse decisions of examiners in those situations where a written appeal is taken by a dissatisfied applicant or patent owner. In inter partes reexamination appeals, PTAB reviews examiner's decisions adverse to

a patent owner or a third-party requester. PTAB's opinions and decisions for publicly available files are published on the USPTO Web site.

There are no forms associated with these items. However, they are governed by rules in Part 41. Failure to comply with the appropriate rule may result in dismissal of the appeal or denial of entry of the paper.

II. Method of Collection

By mail, hand delivery, or facsimile when an applicant files a brief, petition, amendment, or request. These papers can also be filed as attachments through EFS-Web.

III. Data

OMB Number: 0651-0063.

Form Number(s): None.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households, businesses or other for profits, non-profit institutions, and the Federal Government.

Estimated Number of Respondents: 23,660 responses per year. The USPTO estimates that approximately 25% (5,915) of these responses will be from small entities and approximately 5% (1,183) of these responses will be from micro entities. The USPTO also estimates that approximately 93% (22,004) of the briefs, requests, petitions, and amendments will be filed electronically.

Estimated Time per Response: The USPTO estimates that it takes the public approximately 2 to 32 hours to complete this information, depending on the complexity of the request. This includes the time to gather the necessary information, prepare the brief, petition, and other papers, and submit the completed request to the USPTO. The USPTO calculates that, on balance, it takes the same amount of time to gather the necessary information, prepare the brief, petition, and other papers, and submit it to the USPTO, whether the applicant submits it in paper form or electronically.

Estimated Total Annual Respondent Burden Hours: 555,098 hours per year.

Estimated Total Annual Respondent Cost Burden: \$227,590,180 per year. The USPTO expects that all of the information in this collection will be prepared by an attorney. Using the professional hourly rate of \$410 for attorneys in private firms, the USPTO estimates that the total respondent cost burden for this collection is \$227,590,180 per year.
