[Docket Nos. CP17–41–000 PF15–7–000]

Eagle LNG Partners Jacksonville, LLC;
Notice of Application

Take notice that on January 31, 2017, Eagle LNG Partners Jacksonville, LLC (Eagle LNG), 20445 State Highway 249, Suite 250, Houston, TX 77070, filed an application, in Docket No CP17–41–000, pursuant to section 3(a) of the Natural Gas Act (NGA) and Parts 153 and 380 of the Commission’s Regulations, requesting authorization to site, construct, modify, and operate a natural gas liquefaction, storage and liquefied natural gas export facilities (Jacksonville Project), located at a site on the St. Johns River in Jacksonville, Florida.

Specifically, the Jacksonville Project consists of three liquefaction trains with a total capacity of 132 million cubic feet per day, one containment LNG storage tank capable of storing 12,000,000 gallons of LNG (equivalent to 1.0 billion cubic feet of natural gas), marine and truck loading terminal facilities. The purpose of the project is to receive natural gas through transmission pipeline facilities located adjacent to the project and liquefy the supplies for domestic LNG markets and for export overseas, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission’s Web site web at http://www.ferc.gov using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FECONlineSupport@ferc.gov or call toll-free, (886) 208–3676 or TYY, (202) 502–8659.

On December 3, 2014, the Commission staff granted Eagle LNG’s request to use the National Environmental Policy Act (NEPA) Pre-Filing Process and assigned Docket No. PF15–7–000 to staff activities involved in the above referenced project. Now, as of the filing of this application on January 31, 2017, the NEPA Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP17–41–000, as noted in the caption of this Notice.

Any questions concerning this application may be directed to Sean Lalani, President, Eagle LNG Partners Jacksonville LLC, 20445 State Highway 249, Suite 250, Houston, TX 77070, by telephone at (832) 709–0744, or by email to seanlalani@eaglelng.com.

Pursuant to section 157.9 of the Commission’s rules, 18 CFR 157.9, within 90 days of this Notice, the Commission staff will issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff’s issuance of the final environmental impact statement (FEIS) for this proposal. The issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff’s FEIS.

There are two ways to become involved in the Commission’s review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit five copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission’s rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission’s environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission’s environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission’s final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the “eFiling” link at http://www.ferc.gov. Persons unable to file electronically should submit an original and five copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Comment Date: 5:00 p.m. Eastern Time on March 6, 2017.

Notice of Opportunity for Hearing on Compliance of Alabama State Plan Provisions Concerning Provision of Terminating Coverage and Denying Reenrollment to Otherwise Eligible Individuals Based on a Determination of Fraud or Abuse With Titles XI and XIX (Medicaid) of the Social Security Act

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Notice of opportunity for a hearing; compliance of Alabama Medicaid State Plan—provision of providing medicaid to all individuals who meet eligibility criteria, and requirements for handling of suspected fraud and abuse by providers, applicants, and beneficiaries.

CLOSING DATE: Requests to participate in the hearing as a party must be received by the presiding officer by March 20, 2017.

FOR FURTHER INFORMATION CONTACT: Benjamin R. Cohen, Hearing Officer, Centers for Medicare & Medicaid Services, 2520 Lord Baltimore Drive, Suite L, Baltimore, MD 21244.

SUPPLEMENTARY INFORMATION: This notice announces the opportunity, pursuant to section 1904 of the Social Security Act (the Act), for an administrative hearing concerning the finding of the Administrator of the Centers for Medicare & Medicaid Services (CMS) that the State of Alabama is significantly out of compliance with the requirements of section 1902 of the Act in administering its state plan because Alabama fails to promptly enroll and extend coverage to eligible individuals who were subject to an agency determination that they previously engaged in fraud or program abuse, but were never convicted of any act of fraud. This finding will be the basis for withholding federal financial participation (FFP) of one percent of the Alabama Medicaid agency’s quarterly claim for administrative expenditures, an amount that was developed based on the proportion of total state Medicaid expenditures that are used for expenditures for eligibility determinations. The withholding percentage will increase by one percentage point for every quarter in which the Alabama Medicaid agency remains out of compliance. The withholding will end when the Alabama Medicaid agency fully and satisfactorily implements a corrective action plan to bring its procedures for processing eligibility determinations under its Medicaid program into compliance with the federal requirements.

The CMS supports state efforts to appropriately address fraud and abuse, and federal law and regulations provide mechanisms to do so. Specifically, federal law and regulations allow states to impose penalties—including suspension, fines and imprisonment—on individuals who are convicted of concealing or failing to disclose information. Federal regulations also require that states investigate instances of beneficiary abuse of program rules and, if confirmed, take appropriate action authorized under the state plan. These federal provisions both provide the state with a mechanism to address fraud and abuse and take precedence over state law and policies.

The CMS has found that Alabama’s policies and practices violate sections 1902(a)(8) and 1902(a)(10) of the Act requiring states to provide Medicaid to all individuals who meet the eligibility criteria required under the state plan, consistent with title XIX of the Act and federal regulations. Specifically, re-enrollment in Alabama’s Medicaid program is denied to otherwise-eligible individuals who were terminated based on an agency determination that they previously engaged in fraud or abuse for at least one year or until restitution is made, whichever is later. Alabama’s practice of recouping funds or otherwise imposing financial penalties or barring otherwise eligible individuals from Medicaid coverage, absent a criminal conviction, also is not consistent with or authorized by section 1128B(a) of the...
