

Measure 1: The number and percentage of program participants who complete the preservice program. Completion is defined by the applicant in the submitted application.

Measure 2: The number and percentage of program participants who complete the inservice program. Completion is defined by the applicant in the submitted application.

Measure 3: The number and percentage of program completers, as defined by the applicant under measures 1 and 2, who are State certified, licensed, or endorsed in EL instruction.

Measure 4: The percentage of program completers who rate the program as effective in preparing them to serve EL students.

Measure 5: The percentage of school leaders, other educators, and employers of program completers who rated the program as effective in preparing their teachers, or other educators, to serve ELs or improve their abilities to serve ELs effectively.

Measure 6: For projects that received competitive preference points for Competitive Priority 2, the percentage of program completers who rated the program as effective, as defined by the grantees, in increasing their knowledge and skills related to parent, family, and community engagement.

(b) *Baseline data.* Applicants must provide baseline (as defined in this notice) data for each of the project performance measures listed in (a) and explain how each proposed baseline data is related to program outcomes; or, if the applicant has determined that there are no established baseline data for a particular performance measure, explain why there is no established baseline and explain how and when, during the project period, the applicant will establish a baseline for the performance measure.

(c) *Performance measure targets.* In addition, the applicant must propose in its application annual targets for the measures listed in paragraph (a). Applications must also include the following information as directed under 34 CFR 75.110(b):

(1) Why each proposed performance target is ambitious (as defined in this notice) yet achievable compared to the baseline for the performance measure.

(2) The data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data; and

(3) The applicant's capacity to collect and report reliable, valid, and meaningful performance data, as evidenced by high-quality data

collection, analysis, and reporting in other projects or research.

Note: If the applicant does not have experience with collection and reporting of performance data through other projects or research, the applicant should provide other evidence of capacity to successfully carry out data collection and reporting for its proposed project.

(d) *Performance Reports.* All grantees must submit an annual performance report and final performance report with information that is responsive to these performance measures. The Department will consider this data in making annual continuation awards.

(e) *Department Evaluations.* Consistent with 34 CFR 75.591, grantees funded under this program shall comply with the requirements of any evaluation of the program conducted by the Department or an evaluator selected by the Department.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
