AGENCY: Enforcement and Compliance, International Trade Administration, Commerce.

SUMMARY: On December 12, 2016, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on seamless refined copper pipe and tube from Mexico. The review covers three producers/exporters of the subject merchandise, GD Affiliates S. de R.L. de C.V. (Golden Dragon), Nacional de Cobre, S.A. de C.V. (Nacobre), and IUSA, S.A. de C.V. (IUSA). The period of review (POR) is November 1, 2014, through October 31, 2015. No interested party submitted comments on the preliminary results. The final results do not differ from the preliminary results.

DATES: Effective February 21, 2017.

FOR FURTHER INFORMATION CONTACT:

Dennis McClure or George Ayache, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–5973 or (202) 482–2623, respectively.

SUPPLEMENTARY INFORMATION:

Background

This review covers three producers/exporters of the subject merchandise, Golden Dragon,¹ Nacobre, and IUSA. On December 12, 2016, the Department published in the **Federal Register** the preliminary results of administrative review of the antidumping duty order on seamless refined copper pipe and tube from Mexico.²

¹ The Department previously treated GD Affiliates S. de R.L. de C.V. as part of a single entity including: (1) GD Copper Cooperatief U.A.; (2) Hong Kong GD Trading Co. Ltd.; (3) Golden Dragon Holding (Hong Kong) International, Ltd.; (4) GD Copper U.S.A. Inc.; (5) GD Affiliates Servicios S. de R.L. de C.V.; and (6) GD Affiliates S. de R.L. de C.V., which is collectively referred to as Golden Dragon. See, e.g., *Seamless Refined Copper Pipe and Tube from Mexico: Final Results of Antidumping Duty New Shipper Review*, 77 FR 59178 (September 26, 2012), and accompanying Issues and Decision Memorandum.

² See *Seamless Refined Copper Pipe and Tube from Mexico: Preliminary Results of Antidumping Duty Administrative Review; 2014–2015*, 81 FR 89434 (December 12, 2016) (*Preliminary Results*),

We invited parties to comment on the *Preliminary Results*. No interested party submitted comments. As a result, the final results do not differ from the *Preliminary Results*. We continue to find that sales of subject merchandise by Golden Dragon and Nacobre were made at prices less than normal value during the POR. We continue to find that IUSA had no shipments of subject merchandise during the POR. The Department conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order³

The merchandise subject to the order is seamless refined copper pipe and tube. The product is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7411.10.1030 and 7411.10.1090, and also may enter under HTSUS subheadings 7407.10.1500, 7419.99.5050, 8415.90.8065, and 8415.90.8085. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description, available in the Preliminary Decision Memorandum,⁴ remains dispositive.

Final Determination of No Shipments

As noted in the *Preliminary Results*, the Department received a claim of no shipments from IUSA. Based on the results of our U.S. Customs and Border Protection (CBP) data query to determine whether there were any entries of subject merchandise during the POR from IUSA, for the final results, the Department continues to find that IUSA did not have any reviewable entries during the POR.⁵

Final Results of the Review

The Department determines that the following weighted-average dumping margins exist for entries of subject merchandise that were produced and/or exported by the following companies during the POR:

and accompanying Preliminary Decision Memorandum.
