SUPPLEMENTARY INFORMATION:

I. Abstract

This information collection covers permit applications and reports that our Division of Management Authority uses to determine the eligibility of applicants for permits requested in accordance with the criteria in various Federal wildlife conservation laws and international treaties. Service regulations implementing these statutes and treaties are in chapter I, subchapter B of title 50, Code of Federal Regulations (CFR). These regulations stipulate general and specific requirements that, when met, allow us to issue permits to authorize activities that are otherwise prohibited.

Information collection requirements associated with the Federal fish and wildlife permit applications and reports are currently approved under three different OMB control numbers: 1018-0093, “Federal Fish and Wildlife Permit Applications and Reports—Management

Authority; 50 CFR 12, 13, 14, 15, 16, 17, 18, 21, 23”; 1018-0150, “Renewal of CITES Registration of Commercial Breeding Operations for Appendix I Wildlife and Other CITES Requirements, 50 CFR 17 and 23”; and 1018-0164, “Import of Sport-Hunted African Elephant Trophies, 50 CFR 17.” In this revision of 1018-0093, we will include all of the information collection requirements associated with all three OMB Control Numbers. If OMB approves this revision, we will discontinue OMB Control Numbers 1018-0150 and 1018-0164.
