The proposed information collection is necessary for NARA to properly perform its functions; (b) NARA’s estimate of the burden of the proposed information collection and its accuracy; (c) ways NARA could enhance the quality, utility, and clarity of the information it collects; (d) ways NARA could minimize the burden on respondents of collecting the information, including through information technology; and (e) whether the collection affects small businesses.

In this notice, we solicit comments concerning the following information collections:

1. **Title:** Statistical research in archival records containing personal information.
   - **OMB number:** 3095–0002.
   - **Agency form number:** None.
   - **Type of review:** Regular.
   - **Affected public:** Individuals.
   - **Estimated number of respondents:** 1.
   - **Estimated time per response:** 7 hours.
   - **Frequency of response:** On occasion.
   - **Estimated total annual burden hours:** 7 hours.
   - **Abstract:** Regulations at 36 CFR 1256.28 and 1256.56 require this information collection. Respondents are researchers who wish to do biomedical statistical research in archival records containing highly personal information. NARA needs the information to evaluate requests for access to ensure that the requester meets the criteria in 36 CFR 1256.28 and that proper safeguards will be in place to protect the personal information.

2. **Title:** Request to use personal paper-to-paper copiers at the National Archives at the College Park facility.
   - **OMB number:** 3095–0015.
   - **Agency form number:** None.
   - **Type of review:** Regular.
   - **Affected public:** Business or other for-profit.
   - **Estimated number of respondents:** 5.
   - **Estimated time per response:** 3 hours.
   - **Frequency of response:** On occasion.
   - **Estimated total annual burden hours:** 15 hours.
   - **Abstract:** Regulations at 36 CFR 1254.86 require this information collection. Respondents are individuals or organizations that want to make paper-to-paper copies of archival holdings with their personal copiers. NARA uses the information to determine whether the request meets the criteria in 36 CFR 1254.86 and to schedule the limited space available.

**NATIONAL SCIENCE FOUNDATION**

**Committee Management; Notice of Reestablishment**

The Chief Operating Officer of the National Science Foundation has determined that the reestablishment of the Advisory Committee for Polar Programs is necessary and in the public interest in connection with the performance of the duties imposed upon the National Science Foundation (NSF) by 42 U.S.C. 1861 et seq. This determination follows consultation with the Committee Management Secretariat, General Services Administration.

**Name of Committee:** Advisory Committee for Polar Programs (#1130)

1. **Nature/Purpose:** The Advisory Committee for Polar Programs will provide advice and recommendations to the National Science Foundation concerning support for polar research, education, infrastructure and logistics, and related activities.

Crystal Robinson,
Committee Management Officer.

- **Federal Rulemaking Web site:** Go to http://www.regulations.gov and search for Docket ID NRC–2013–0164. Address questions about NRC dockets to Carol Gallagher; telephone: 301–415–3463; email: Carol.Gallagher@nrc.gov. For technical questions, contact the individual listed in the ADAMS Public Documents collection at http://www.regulations.gov/adams.html. To begin the search, select “ADAMS Public Documents” and then select “Begin Web-based ADAMS Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to pdr.resource@nrc.gov. The ADAMS accession number for each document referenced (if it is available in ADAMS) is provided the first time that it is mentioned in this document. In addition, for the convenience of the reader, the ADAMS accession numbers are provided in a table in the section of this document entitled, SUPPLEMENTARY INFORMATION.

- **NRC’s PDR:** You may examine and purchase copies of public documents at the NRC’s PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

**SUPPLEMENTARY INFORMATION:**
Part 40 of title 10 of the Code of Federal Regulations (10 CFR), authorizes the NRC to issue a license to AUC for its Reno Creek Uranium In-Situ Recovery (ISR) Facility in Campbell County, Wyoming. Under conditions in the license, the Source and Byproduct Materials License SUA–1602 authorizes AUC to operate its facilities as proposed in its license application, as amended, and to possess uranium source and byproduct material at the Reno Creek ISR Facility. The NRC’s ROD that supports the decision to approve AUC’s license application for the Reno Creek ISR Facility and to issue the license is available in ADAMS under Accession No. ML17011A195.

By letter dated October 3, 2012, AUC, LLC submitted a license application to the NRC for a Source and Byproduct Materials License for the In-situ extraction and recovery of uranium at its Reno Creek ISR Project in Campbell County, Wyoming. On November 30, 2012, the NRC staff acknowledged receipt of the application and noted that the application was placed in ADAMS under Accession No. ML122890785. The NRC staff also noted that it could not commence its acceptance review until March 2013. The staff commenced the acceptance review in March 2013, and notified AUC on June 18, 2013, that the NRC staff had completed its acceptance review and found the application acceptable for detailed technical (safety) and environmental review. In addition to the application, the NRC staff held multiple public meetings with AUC to discuss various issues and submitted detailed requests for additional information to which AUC provided responses during the review process. The NRC’s Safety Evaluation Report documenting its review of AUC’s application was completed on September 30, 2016. The NRC issued its final environmental impact statement on December 16, 2016.

In accordance with 10 CFR 2.390 of the NRC’s “Rules of Practice,” the details with respect to this action, including the Safety Evaluation Report and accompanying documentation and license, are available online in the ADAMS Public Documents collection at http://www.nrc.gov/reading-rm/adams.html. From this site, you can access the NRC’s Agencywide Document Access and Management System (ADAMS), which provides text and image files of the NRC’s public documents.

BILLING CODE 7590–01–P

NUCLEAR REGULATORY COMMISSION

Advisory Committee on the Medical Uses of Isotopes: Meeting Notice

AGENCY: U.S. Nuclear Regulatory Commission.

ACTION: Notice of meeting.

The U.S. Nuclear Regulatory Commission will convene a meeting of the Advisory Committee on the Medical Uses of Isotopes (ACMUI) on April 26–27, 2017. A sample of agenda items to be discussed during the public session includes: (1) An update on medical-related events; (2) a presentation by Elekta on the physical presence requirements for the Leksell Gamma Knife® Icon™; (3) an update on Category 3 source security and accountability evaluation initiatives; (4) a discussion on the training and experience requirements for authorized individuals for various modalities; (5) an update on the patient release project; (6) a discussion on the reporting of medical events for various modalities; (7) a discussion on patient intervention; and (8) a discussion on medical event reporting and impact on safety culture. The agenda is subject to change.
