## FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0652]

### Information Collection Being Reviewed by the Federal Communications Commission

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

**DATES:** Written comments should be submitted on or before April 28, 2017. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts below as soon as possible.

**ADDRESSES:** Direct all PRA comments to Cathy Williams, FCC, via email [PRA@fcc.gov](mailto:PRA@fcc.gov) and to [Cathy.Williams@fcc.gov](mailto:Cathy.Williams@fcc.gov).

**FOR FURTHER INFORMATION CONTACT:** For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

**SUPPLEMENTARY INFORMATION:** As part of its continuing effort to reduce paperwork burdens, and as required by the PRA of 1995 (44 U.S.C. 3501-3520), the FCC invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

#### Synopsis

1. The Incentive Auction Task Force (Task Force) and the Wireless Telecommunications Bureau (Bureau) provide information regarding the assignment phase of the forward auction (Auction 1002) of the broadcast

television spectrum incentive auction. The assignment phase is designed to give highest priority to assigning bidders within a Partial Economic Area (PEA) contiguous blocks of spectrum to the extent possible and to simplify the bidding process. Bidders that won at least one block of paired spectrum in one PEA in the forward auction clock phase are eligible to participate in the forward auction assignment phase. Bidders eligible to participate in the assignment phase will be able to log in to the assignment phase bidding system between 10 a.m. and 6 p.m. ET on Tuesday, February 21, 2017, to download their assignment phase bidding options (which correspond to their clock phase winnings), view the sequence and timing for the assignment rounds for all PEAs, and identify the assignment rounds in which they will be eligible to participate. Beginning the next day, Wednesday, February 22, 2017, the Task Force and Bureau will provide one practice auction opportunity, and beginning on Tuesday, February 28, 2017, will conduct one mock auction for the assignment phase of Auction 1002, according to the schedule announced below. The first round of forward auction assignment phase bidding will begin on Monday, March 6, 2017, and all assignment rounds are scheduled to conclude by Thursday, March 30, 2017.

2. The practice and mock auctions will give clock phase winning bidders an opportunity to become familiar with the assignment phase bidding system and to ask Commission auction and technical support staff questions about the system and the conduct of the assignment phase. The Task Force and Bureau strongly recommend that all clock phase winning bidders participate in the practice and mock auctions for the assignment phase of the forward auction.

3. The Task Force and Bureau announce the availability of the “FCC Incentive Auction Forward Auction Assignment Phase Bidding System User Guide,” which describes the features of the system that will be used to bid in the assignment phase of the forward auction and which provides detailed instructions for bidding and viewing results and payment information from the assignment phase. The Task Force and Bureau also announce the availability of an online tutorial on bidding in the forward auction assignment phase, which explains the structure of the assignment phase, the process for determining winning assignments and associated payments, and the calculation of final auction payments. Both the user guide and

tutorial are available in electronic form under the “Education” section of the Auction 1002 Web site ([www.fcc.gov/auctions/1002](http://www.fcc.gov/auctions/1002)) and will remain available and accessible on the Auction 1002 Web page for reference. The Task Force and Bureau recommend that bidders eligible to participate in the assignment phase thoroughly review the user guide and the tutorial to prepare for bidding in the assignment phase.

#### I. Assignment Phase Bidding System Availability and Data

4. Bidders eligible to participate in the assignment phase will be able to log in to the assignment phase bidding system for a preview period using a link for the system that will be mailed to each bidder. Bidders will be able to access the system during the preview period between 10:00 a.m. and 6:00 p.m. on Tuesday, February 21, 2017, the day before the assignment phase practice auction begins. Before the assignment phase begins, eligible bidders will be able to access information about their bidding options for each PEA in which they had clock phase winnings, the grouping of PEAs for bidding in each assignment round, and the sequencing of the assignment rounds. The following information will be available to bidders in the system before bidding in the assignment phase begins:

5. *Contiguity Outcome.* The contiguity outcome for each PEA or PEA group will be available in the system. Because all blocks are contiguous and of the same category (Category 1) under the band plan associated with the 84 megahertz clearing target of the final stage, it will be possible to assign every winning bidder from the clock phase contiguous blocks of frequency-specific licenses, regardless of whether they bid in the assignment phase.

6. *Grouping of PEAs for Bidding.* Bidders will be able to view whether any PEAs have been grouped for purposes of bidding in the assignment phase. PEAs will be grouped for bidding in the same assignment round if the same bidders won the same number of blocks in each of the PEAs in the group, and if all of the PEAs in the group are either high-demand PEAs or in the same Regional Economic Area Grouping (REAG) and either subject to the small market bidding credit cap or not subject to the cap. The same assignment will be made for all of the PEAs in the group.

7. *Bidding Options.* Bidders can download their full list of bidding options provided in the “My Bids and Options” download. This file provides information about all of the bidding options available to the bidder for all assignment rounds in which it can bid,

based on its winnings in the clock phase. This file can also be used to upload bids. Consistent with the contiguity outcome described above, each bidder's bidding options for a PEA will be all of the contiguous options consistent with the bidder's clock phase winnings.

**8. Detailed Schedule of Rounds.** The full schedule of assignment rounds will be available for viewing in the system. The assignment rounds will begin on Monday, March 6, 2017. The bidding system has already determined that there will be seventy-four assignment rounds based on the number of PEAs that can be grouped together for bidding. We expect to conduct four assignment rounds per day; therefore, we anticipate that the assignment phase will conclude on Thursday, March 30, 2017. The high-demand PEAs will be assigned first—in decreasing order of weighted pops—one PEA (or PEA group) per assignment round. Once the high-demand PEAs have been assigned, the remaining PEAs within each of the six REAGs will be assigned, with parallel bidding taking place for a PEA (or PEA group) in as many as six REAGs during the same assignment bidding round. Within each REAG, bidding will take place in order of decreasing weighted pops.

9. Access to the actual assignment phase data will be suspended during the practice and mock auction, but will become available again at 10:00 a.m. ET on Friday, March 3, 2017—three days before bidding in the assignment phase begins. During the practice and mock auctions, bidders will continue to log in using the same link they use for assignment phase bidding.

## II. Assignment Phase Practice Auction

10. For the assignment phase practice auction, the bidding system will use the actual PEAs in the incentive auction, but bidders will not necessarily be assigned PEAs in which they have clock phase winnings. Each clock phase winning bidder will be assigned a randomly-selected set of PEAs on which it may bid. Each bidder's assigned practice PEAs will determine the assignment rounds in which it may bid in the practice auction. Bidding in the practice auction will not predict actual bidding in the assignment phase of the forward auction.

### A. Practice Auction Design

11. Each bidder will be randomly assigned practice winnings in PEAs to provide an opportunity to participate in at least the same number rounds in the practice auction as it will have in the actual assignment phase, up to a

maximum of five rounds. For example, if a clock phase winner has actual winnings in PEAs in four rounds of the assignment phase, it will be randomly assigned PEAs in at least four rounds for the practice auction. If a clock phase winner has actual winnings in PEAs in more than five rounds of the assignment phase, it will be randomly assigned PEAs in five rounds for the practice auction.

12. Bidders' assigned practice winnings will enable them to simulate the experience they will have in the assignment phase. Accordingly, if a bidder's clock phase winnings include any blocks in any of the high-demand PEAs, then the bidder will be randomly assigned practice winnings in one high-demand PEA or PEA group. A bidder that does not have clock phase winnings in any high-demand PEA will not be assigned practice winnings in a high-demand PEA and will not be able to practice bidding in an assignment round for a high-demand PEA or PEA group. If a bidder has clock phase winnings in multiple REAGs that will be assigned in the same assignment round, its assigned practice winnings will include PEAs or PEA groups in multiple REAGs that will be assigned in the same round. If a bidder does not have clock phase winnings in multiple REAGs that will be assigned in the same assignment round, its assigned practice winnings may or may not include PEAs or PEA groups in multiple REAGs that will be assigned in the same round.

13. In each PEA, a bidder will be randomly assigned either one or two blocks, and each bidder's practice clock phase winnings will include both reserved and unreserved blocks in at least one PEA. Each bidder will be eligible for its actual forward auction bidding credit in the practice auction.

### B. Practice Auction Schedule

14. The assignment phase practice auction will begin on Wednesday, February 22, 2017, and continue through Friday, February 24, 2017. Bidders will be able to preview assignment phase practice auction data beginning at 10:00 a.m. ET on Wednesday, February 22, 2017, and three practice assignment rounds will be conducted that afternoon with bidding for assignments in high-demand PEAs. The second and third days of the practice auction will consist of four practice assignment rounds each day and will include bidding for assignments in non-high-demand PEAs, with bidding conducted for PEAs in up to six REAGs during each round.

15. When the assignment phase practice auction data preview period

begins, bidders will be able to access the system to download the file of assignment phase practice bidding options and to see the order of the assignment rounds for the PEAs in which they have assignment phase practice PEA selections.

16. The assignment phase practice auction will occur as follows:

February 22, 2017

Preview Period—10:00 a.m.–12:00 p.m. ET

Practice Assignment Round—12:00 p.m.–1:00 p.m. ET

Practice Assignment Round—2:00 p.m.–3:00 p.m. ET

Practice Assignment Round—4:00 p.m.–5:00 p.m. ET

February 23, 2017 and February 24, 2017

Practice Assignment Round—10:00 a.m.–11:00 a.m. ET

Practice Assignment Round—12:00 p.m.–1:00 p.m. ET

Practice Assignment Round—2:00 p.m.–3:00 p.m. ET

Practice Assignment Round—4:00 p.m.–5:00 p.m. ET

17. Bidders that participate in the assignment phase practice auction will have the ability to use all features of the assignment phase bidding system, as in the actual assignment phase bidding rounds.

## III. Assignment Phase Mock Auction

18. The assignment phase mock auction will provide winning clock phase bidders with a final opportunity, after their experience during the practice auction, to bid in simulated assignment phase rounds. As with the practice assignment rounds, the mock auction will allow participants to become more familiar with the assignment phase bidding system and to ask Commission staff questions they may have in advance of the actual assignment phase of Auction 1002.

19. The assignment phase mock auction will begin on Tuesday, February 28, 2017, and continue through Thursday, March 2, 2017. As in the practice auction, there will be a preview period on the morning of the first day of the assignment phase mock auction, and three mock assignment rounds will be conducted that afternoon with bidding for assignments in high-demand PEAs. The second and third days of the mock auction will consist of six practice assignment rounds each day and will include bidding for assignments in non-high-demand PEAs, with bidding conducted for PEAs in up to six REAGs during each round.

20. Clock phase winners will again be randomly assigned clock phase winnings for the assignment phase mock auction. Similar to the practice auction, each bidder will be randomly assigned practice winnings in PEAs that will provide an opportunity to participate in at least the same number rounds in the mock auction as it will have in the actual assignment phase, up to a maximum of 10 rounds. Other than the number of assigned rounds, the mock auction will use the same criteria for assigning PEAs to bidders as described above for the assignment phase practice auction.

21. The assignment phase mock auction will occur as follows:

February 28, 2017

Preview Period—10:00 a.m.–12:00 p.m.  
ET

Mock Assignment Round—12:00 p.m.–  
1:00 p.m. ET

Mock Assignment Round—2:00 p.m.–  
3:00 p.m. ET

Mock Assignment Round—4:00 p.m.–  
5:00 p.m. ET

March 1, 2017 and March 2, 2017

Mock Assignment Round—10:00 a.m.–  
10:40 a.m. ET

Mock Assignment Round—11:00 a.m.–  
11:40 a.m. ET

Mock Assignment Round—12:00 p.m.–  
12:40 p.m. ET

Mock Assignment Round—2:00 p.m.–  
2:40 p.m. ET

Mock Assignment Round—3:00 p.m.–  
3:40 p.m. ET

Mock Assignment Round—4:00 p.m.–  
4:40 p.m. ET

#### **IV. Bidder Questions During the Assignment Phase, Including the Practice and Mock Auctions**

22. Commission auction staff will be available during the assignment phase practice and mock auctions and the actual assignment phase bidding rounds. Only a person who has been designated as an authorized bidder, the contact person, or the certifying official on the qualified bidder's FCC Form 175 should call on behalf of a bidder. To place bids by telephone or to ask time-sensitive questions during the auction, an authorized bidder must use the FCC Auction Bidder Line telephone number supplied in the registration materials and have his or her login information and RSA SecurID® token available. Bidders can also use the messaging function of the bidding system for non-time-sensitive questions or suggestions.
