The Hydrographic Services Review  
Panel (HSRP) is a Federal Advisory  
Committee established to advise the  
Under Secretary of Commerce for  
Oceans and Atmosphere, the NOAA  
Administrator, on matters related to the  
responsibilities and authorities set forth  
in section 303 of the Hydrographic  
Services Improvement Act of 1998, as  
amended, and such other appropriate  
matters that the Under Secretary refers  
to the Panel for review and advice. The  
charter and other information are  
located online at: [http://  
www.nauticalcharts.noaa.gov/ocs/hsrp/  
CharterBylawsHSIAStatute.htm](http://www.nauticalcharts.noaa.gov/ocs/hsrp/CharterBylawsHSIAStatute.htm). Past  
HSRP public meeting summary reports,  
agendas, presentations, transcripts,  
webinars, and other information is  
available online at: [https://  
www.nauticalcharts.noaa.gov/ocs/hsrp/  
meetings.htm](https://www.nauticalcharts.noaa.gov/ocs/hsrp/meetings.htm).

**Matters To Be Considered:** The panel  
is convening to hear federal, state,  
regional and local partners and  
stakeholders on issues relevant to  
NOAA's navigation services, focusing  
on the Pacific Northwest including the  
states of Washington and Oregon as well  
as national issues. Navigation services  
include the data, products, and services  
provided by the NOAA programs and  
activities that undertake geodetic  
observations, gravity modeling,  
shoreline mapping, bathymetric  
mapping, hydrographic surveying,  
nautical charting, tide and water level  
observations, current observations, and  
marine modeling. This suite of NOAA  
products and services support safe and  
efficient navigation, resilient coasts and  
communities, and the nationwide  
positioning information infrastructure to  
support America's commerce. The Panel  
will hear from state and federal  
agencies, non-federal organizations and  
partners about their missions and their  
use of NOAA's navigation services;  
what value these services bring; and  
what improvements could be made.  
Other administrative matters may be  
considered. The agenda is subject to  
change.

**Special Accommodations:** This  
meeting is physically accessible to  
people with disabilities. Please direct

both internally at the NSA and within  
the Intelligence Community. The EIS  
considered four options for emergency  
power generation; two options for  
building heating systems; four options  
for locations of parking facilities;  
acquisition of additional space at two  
existing, offsite leased locations; and the  
No Action Alternative.
