Applications for New Awards; Strengthening Institutions Program

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Notice.

Overview Information: Strengthening Institutions Program.
Notice inviting applications for new awards for fiscal year (FY) 2017.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.031A.

DATES: Applications Available: March 1, 2017

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Strengthening Institutions Program (SIP) provides grants to eligible institutions of higher education (IHEs) to help them become self-sufficient and expand their capacity to serve low-income students by providing funds to improve and strengthen the institution’s academic quality, institutional management, and fiscal stability.

Note: The Department of Education (Department) is conducting two separate competitions for SIP grants in 2017. This competition (CFDA number 84.031A) does not include any priorities. The Department is conducting a separate competition under the 84.031F CFDA number. In that competition applicants must address an absolute priority and may address a competitive priority. The 84.031F competition will be announced in a separate Federal Register notice. Applicants may apply for grants in both the 84.031A and 84.031F competitions, but can only receive one grant.

Definitions: These definitions apply to the selection criteria for this competition and are from 34 CFR 77.1.

Logic model (also referred to as theory of action) means a well-specified conceptual framework that identifies key components of the proposed process, product, strategy, or practice (i.e., the active “ingredients” that are hypothesized to be critical to achieving the relevant outcomes) and describes the relationships among the key components and outcomes, theoretically and operationally.

Note: In developing logic models, applicants may want to use resources such as the Pacific Education Laboratory’s Education Logic Model Application (http://relpacific.ncrel.org/resources(elm-app/) or http://files.eric.ed.gov/fulltext/ED544779.pdf) to help design their logic models.

Relevant outcome means the student outcome(s) (or the ultimate outcome if not related to students) the proposed process, product, strategy, or practice is designed to improve; consistent with the specific goals of a program.

Strong theory means a rationale for the proposed process, product, strategy, or practice that includes a logic model.

Note: In 2008, the HEA was amended by the Higher Education Opportunity Act of 2008 (HEOA), Public Law 110–315. The HEOA made a number of technical and substantive revisions to SIP. Please note that the regulations for SIP in 34 CFR part 607 have not been updated to reflect these statutory changes.

II. Award Information

Type of Award: Discretionary grant.

Estimated Available Funds: The Administration has requested $86,534,000 for awards for the SIP program for FY 2017, of which we intend to use an estimated $3,699,000 for this competition. The actual level of funding, if any, depends on final congressional action. However, we are inviting applications to allow enough time to complete the grant process if Congress appropriates funds for this program.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2018 from the list of unfunded applications from this competition.

Estimated Range of Awards: $400,000–$450,000 per year.

Estimated Average Size of Awards: $415,000 per year.

Maximum Award: We will reject any application that proposes a budget exceeding $450,000 for a single budget period of 12 months.

Estimated Number of Awards: 8–9.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 60 months.

III. Eligibility Information

1. Eligible Applicants: This program is authorized by title III, part A, of the HEA. To qualify as an eligible institution under any title III, part A program, an institution must—

(a) Be accredited or preaccredited by a nationally recognized accrediting agency or association that the Secretary has determined to be a reliable authority as to the quality of education or training offered;

(b) Be legally authorized by the State in which it is located to be a junior or community college or to provide an educational program for which it awards a bachelor’s degree;

(c) Be designated as an “eligible institution” by demonstrating that it: (1) Has an enrollment of needy students as described in 34 CFR 607.3; and (2) has low average educational and general expenditures per full-time equivalent (FTE) undergraduate student as described in 34 CFR 607.4.

Note: The notice announcing the FY 2017 process for designation of eligible institutions, and inviting applications for waiver of eligibility requirements, was published in the Federal Register on November 25, 2016 (81 FR 85210). Only institutions that the Department determines are eligible, or which are granted a waiver under the process described in that notice, may apply for a grant in this program.

The title III, part A programs are: SIP; the Tribally Controlled Colleges and Universities program; the Alaska Native and Native Hawaiian-Serving Institutions program; the Asian American and Native American Pacific Islander-Serving Institutions program; and the Native American-Serving Nontribal Institutions program.
