public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Evaluation of the ESSA Title I, Part C, Migrant Education Programs (Recruitment phase).
OMB Control Number: 1875–NEW.
Type of Review: A new information collection.
Respondents/Affected Public: State, Local, and Tribal Governments.
Total Estimated Number of Annual Responses: 920.
Total Estimated Number of Annual Burden Hours: 707.

Abstract: The purpose of this study is to examine how state agencies, school districts, local operating agencies, and schools implement education and transition programs for children and youth who are migratory students under the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA), Title I, Part C. This is the recruitment phase. The actual evaluation will be submitted in a separate collection at a later date.

Dated: March 1, 2017.
Stephanie Valentine,
Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

DEPARTMENT OF ENERGY

Proposed Subsequent Arrangement

AGENCY: Office of Nonproliferation and Arms Control, Department of Energy.
ACTION: Proposed subsequent arrangement.
SUMMARY: This document is being issued under the authority of the Atomic Energy Act of 1954, as amended. The Department is providing notice of a proposed subsequent arrangement under the Agreement for Cooperation Concerning Peaceful Uses of Nuclear Energy Between the Government of the United States of America and the Government of Ukraine and the Agreement for Cooperation in the Peaceful Uses of Nuclear Energy Between the United States of America and the European Atomic Energy Community.

DATES: This subsequent arrangement will take effect no sooner than March 21, 2017.

SUPPLEMENTARY INFORMATION: This subsequent arrangement concerns the retransfer of fuel elements containing 2,644,700 grams of U.S.-origin uranium (106.545 grams U–235) from the Euratom Supply Agency to Ukraine. The material, which is currently located at Westinghouse Electric Sweden in Vasteras, Sweden, will be used for the production of electricity by the National Nuclear Energy Generating Company’s (Energoatom) Zaporizhzhya Nuclear Power Plant 1 in Zaporizhzhya Oblast, Ukraine.

In accordance with section 131a. of the Atomic Energy Act of 1954, as amended, it has been determined that this subsequent arrangement concerning the retransfer of nuclear material of United States origin will not be inimical to the common defense and security of the United States of America.

For the Department of Energy.
David Huizenga,
Acting Deputy Administrator, Defense Nuclear Nonproliferation.

Notice of Commission Staff Attendance

The Federal Energy Regulatory Commission (Commission) hereby gives notice that members of the Commission’s staff will attend the following meeting related to the Midcontinent Independent System Operator, Inc. (MISO)—PJM Interconnection, L.L.C. (PJM) Joint and Common Market Initiative (Docket No. AD14–3–000):

MISO/PJM Joint Stakeholder Meeting—February 28, 2017
The above-referenced meeting will be held at: PJM Valley Forge Campus, Conference and Training Center, 2750 Monroe Blvd., Audubon, PA 19403.

Further information may be found at www.pjm.com.
The discussions at the meeting described above may address matters at issue in the following proceedings:
Docket No. ER17–718, PJM Interconnection, L.L.C.
Docket Nos. EL17–31, EL17–37, PJM Interconnection, L.L.C.

For more information, contact Bahaa Seireg, Office of Energy Policy and Innovation, Federal Energy Regulatory Commission at (202) 502–8739 or Bahaa.Seireg@ferc.gov.
Dated: February 27, 2017.
Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[For Docket No. CP17–61–000]
Steppe Petroleum USA Inc., Bakken Hunter, LLC; Notice of Application

Take notice that on February 14, 2017, Steppe Petroleum USA Inc. and Bakken Hunter, LLC, filed a joint application in Docket No. CP17–61–000 under section
3 of the Natural Gas Act (NGA), and part 153 of the Commission’s regulations requesting authorization to transfer the NGA section 3 Authorization and Presidential Permit issued to Bakken Hunter, LLC on April 24, 2014 in Docket No. CP14–24–000 to Steppe Petroleum USA Inc. This authorization would transfer to Steppe Petroleum USA Inc. the authorization to operate and maintain natural gas pipeline facilities at a point on the International Boundary between the United States of America and Canada in the vicinity of Divide County, North Dakota, and to transfer to Steppe Petroleum USA Inc. the permit to construct, operate and maintain the border crossing facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission’s Web site at http://www.ferc.gov using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERConlineSupport@ferc.gov, or call (866) 208–3676, or for TTY, contact (202) 502–8659.

Any questions regarding this application should be directed to Shaun Robinson, P. Eng., Senior Project Engineer, Polaris Engineering, Ltd., 200, 1120–29th Avenue NE., Calgary, AB, Canada, T2E 7P1 or by calling (403) 263–1387 (fax) or (403) 736–8024 (telephone) or (403) 263–1387 (fax) or (403) 263–1387 (telephone) or (403) 263–1387 (fax) or (403) 736–8024 (telephone).

Pursuant to section 157.9 of the Commission’s rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission’s public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff’s issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission’s public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff’s FEIS or EA. There are two ways to become involved in the Commission’s review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 5 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding. However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission’s rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the project.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission’s environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission’s environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission’s final order. The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the “eFiling” link at http://www.ferc.gov. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. This filing is accessible on-line at http://www.ferc.gov, using the “eLibrary” link and is available for review in the Commission’s Public Reference Room in Washington, DC. There is an “eSubscription” link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERConlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Comment Date: March 17, 2017.

Nathaniel J. Davis, Sr.,
Deputy Secretary.
