

period. Because reimbursement payments can be made only during the statutory three-year reimbursement period, the Media Bureau will announce a date prior to the end of the reimbursement period at which time all remaining expense documentation and additional estimates for work not yet completed must be submitted. A station or MVPD must provide a detailed explanation on the Reimbursement Form if an actual cost exceeds the estimated cost for a particular line item. Reimbursement claims will be reviewed to ensure that payment is made only for costs "reasonably incurred" in accordance with Section 1452(b)(4). The Commission has determined that costs incurred during or before the incentive auction that would otherwise be reimbursable are eligible for reimbursement. Although some reassigned stations will have already incurred expenses that may be eligible for reimbursement by the time the Closing and Reassignment Public Notice is released, requests for reimbursement of such costs will not be processed until after the Media Bureau makes an initial allocation for stations and MVPDs that have timely filed reimbursement cost estimates during the 90-day period after release of the Closing and Reassignment Public Notice.

Service Rule Waiver in Lieu of Reimbursement. In lieu of receiving reimbursement for relocation costs, a reassigned station may request a waiver of the Commission's service rules to allow the station to make flexible use of its reassigned spectrum to provide services other than broadcast television services. Such waivers are subject to all applicable interference protections and will only remain in effect while the licensee provides at least one broadcast television program stream on such spectrum at no charge to the public. The Commission has delegated authority to the Media Bureau to act on service rule waivers on a case-by-case basis. Waivers will be evaluated in accordance with the Commission's general waiver standard, and must demonstrate that the applicant will protect against interference and provide at least one broadcast television program stream at no charge to the public, as required by the Spectrum Act. Stations may request that a waiver be granted on either a temporary or a permanent basis.

The Media Bureau will accept service rule waiver requests from reassigned stations otherwise eligible for reimbursement for relocation costs during a 30-day window commencing upon release of the Closing and Reassignment Public Notice. Waiver requests must be filed via LMS in

accordance with the instructions in Appendix A, and must include the requisite fee. Waiver requests should also be emailed to: IATransitionlicensing@fcc.gov. The Media Bureau will expeditiously process petitions and timely inform the petitioners of the disposition. A licensee must accept the terms of a waiver within 10 days of grant. Instructions on how to accept grant of the waiver will be provided in the written notification sent to the station by the Media Bureau.

Until the Media Bureau grants a waiver request and the station accepts the terms of the waiver grant, a station must meet all requirements to obtain reimbursement (e.g., timely filing the Reimbursement Form). A station that is granted and accepts the terms of a waiver must comply with all transition filings, construction, and notice requirements, and deadlines, unless otherwise instructed by the Media Bureau.
