transfers from its excess uranium inventory over time is important to the long-term viability and health of the uranium enrichment industries.

IV. Request for Comments

Using the information discussed here, DOE is beginning the decision-making process regarding a potential new Secretarial Determination, pursuant to Section 3112(d) of the USEC Privatization Act, for potential transfers of uranium for cleanup services at the Portsmouth Gaseous Diffusion Plant. DOE requests comments for consideration in the Secretarial Determination.

To enable the Secretary to make a determination as expeditiously as possible, DOE is setting a deadline of April 10, 2017, for all comments to be received. DOE invites all interested parties to submit, in writing, comments and information for consideration. DOE intends to make all comments received publicly available. Any information that may be confidential and exempt by law from public disclosure should be submitted as described below.

V. Confidential Business Information

Pursuant to 10 CFR 1004.11, any person submitting information he or she believes to be confidential and exempt by law from public disclosure should submit via email, postal mail, or hand delivery/courier two well-marked copies: One copy of the document marked “confidential” including all the information believed to be confidential, and one copy of the document marked “non-confidential” with the information believed to be confidential deleted. Submit these documents via email or on a CD, if feasible. DOE will make its own determination about the confidential status of the information and treat it according to its determination. Factors of interest to DOE when evaluating requests to treat submitted information as confidential include: (1) A description of the items; (2) whether and why such items are customarily treated as confidential within the industry; (3) whether the information is generally known by or available from other sources; (4) whether the information has previously been made available to others without obligation concerning its confidentiality; (5) an explanation of the competitive injury to the submitting person which would result from public disclosure; (6) when such information might lose its confidential character due to the passage of time; and (7) why disclosure of the information would be contrary to the public interest.

Issued in Washington, DC, on March 6, 2017.

Raymond Furstenau,
Acting Assistant Secretary for Nuclear Energy,
Office of Nuclear Energy.
