FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–0390]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control

number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments should be submitted on or before May 15, 2017. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

Privacy Act Impact Assessment: Yes.

Nature and Extent of Confidentiality:

In general there is no need for confidentiality. The Commission is required to withhold from disclosure certain information about the individual such as date of birth or telephone number.

FCC 605 application is a consolidated application form for Ship, Aircraft, Amateur, Restricted and Commercial Radio Operators, and General Mobile Radio Services and is used to collect licensing data for the Universal Licensing System. The Commission is requesting OMB approval for an extension (no change in the reporting, recordkeeping and/or third party disclosure requirements). The

Commission is making minor clarifications to the instructions on the main form and schedule B as well as a clarification to Item 3 on the main form.

The data collected on this form includes the Date of Birth for Commercial Operator licensees however this information will be redacted from public view.

The FCC uses the information in FCC Form 605 to determine whether the applicant is legally, technically, and financially qualified to obtain a license. Without such information, the Commission cannot determine whether to issue the licenses to the applicants that provide telecommunication services to the public, and therefore, to fulfill its statutory responsibilities in accordance with the Communications Act of 1934, as amended.

The Commission is revising the basic qualifications section of the form to include a question regarding whether an application has been convicted of a felony in any state or federal court. Applicants, answering yes must provide an explanation. This item enables the FCC to determine whether an Applicant is eligible under §§ 310(d) and 308(b) of the Communications Act of 1934, as amended, to hold or have ownership interest in a station license.

In addition we are seeking approval to change the ship application form require the applicant provide the official ship number. Coast Guard requests we change this question from optional to required. Obtaining the ship number is the only way to reliably link a license to a specific vessel.

The Information provided on this form will also be used to update the database and to provide for proper use of the frequency spectrum as well as enforcement purposes.
