Bureau of Alcohol, Tobacco, Firearms and Explosives

Agency Information Collection Activities; Proposed eCollection eComments Requested; Revision of a Currently Approved Collection; Annual Firearms Manufacturing and Exportation Report

AGENCY: Bureau of Alcohol, Tobacco, Firearms and Explosives, Department of Justice.

ACTION: 60-day notice.

SUMMARY: The Department of Justice (DOJ), Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), will submit the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 60 days until May 15, 2017.

FOR FURTHER INFORMATION CONTACT: If you have additional comments, particularly with respect to the estimated public burden or associated response time, have suggestions, need a copy of the proposed information collection instrument with instructions, or desire any additional information, please contact Jodie Trovinger, Federal Firearms Licensing Center, Firearms and Explosives Services Division either by mail at 244 Needy Road, Martinsburg, WV 25405, by email at Jodie.Trovinger@atf.gov, or by telephone at 304-616-4673.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

1. An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: An estimated 12,000 respondents will complete the form, and it will take each respondent approximately 20 minutes to complete the form.

2. An estimate of the total public burden (in hours) associated with the collection: The estimated annual public burden associated with this collection is 4,000 hours which is equal to (12,000 (total # of respondents * .3333 (20 mins))).

Issued: March 10, 2017.

William R. Bishop, 
Supervisory Hearings and Information Officer.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731–TA–287 (Second Review)]

Raw-in-Shell Pistachios From Iran; Revised Schedule for Full Five-Year Review

ACTION: Notice.

SUPPLEMENTARY INFORMATION: On December 9, 2016, the Commission established a schedule for the conduct of the full five-year review (81 FR 90867, December 15, 2016). The Commission is revising its schedule as follows: The Commission will make its final release of information on May 26, 2017 and final party comments are due on May 31, 2017.

For further information concerning this review, see the Commission’s notice cited above and the Commission’s Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission’s rules.

By order of the Commission.

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Cooperative Research Group on Mechanical Stratigraphy and Natural Deformation in Eagle Ford Formation and Equivalent Boquillas Formation, South-Central and West Texas (Eagle Ford II)

Notice is hereby given that, on February 16, 2017, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 et seq. (“the Act”), Southwest Research Institute—Cooperative Research Group on Mechanical Stratigraphy and Natural Deformation in Eagle Ford Formation and Equivalent Boquillas Formation, South-Central and West Texas (“Eagle Ford II”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, E&P Energy Company, L.P., Houston, TX, has been added as a party to this venture.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and Eagle Ford II intends to file additional written notifications disclosing all changes in membership.

On July 1, 2015, Eagle Ford II filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the Federal Register pursuant to Section 6(b) of the Act on July 29, 2015 (80 FR 45234).

The last notification was filed with the Department on December 7, 2015. A notice was published in the Federal Register pursuant to Section 6(b) of the Act on January 6, 2016 (81 FR 513).

Patricia A. Brink,
Director of Civil Enforcement, Antitrust Division.

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Cooperative Research Group on Cracking of Duplex Stainless Steel

Notice is hereby given that, on February 16, 2017, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 et seq. (“the Act”), Southwest Research Institute—Cooperative Research Group on Cracking of Duplex Stainless Steel (“DSS–CRG”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties to the venture and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the identities of the parties to the venture are: Chevron U.S.A., Inc., Richmond, CA; Fluor Enterprises, Inc., Aliso Viejo, CA; Marathon Petroleum Company LP, Findlay, OH; and Shell Global Solutions (US) Inc., Houston, TX.

The general areas of DSS–CRG’s planned activity are identification of failure mechanisms and major contributing factors for cracking in REACs and quantification of their effects; establishment of safe integrity operational window (IOW) for avoidance of cracking-related failures in REACs; development of guidelines and tools for risk based inspection directed towards assessment of cracking in REACs currently in service; development of guidelines for manufacturing of REACs resistant to cracking; identification of NDE techniques for determining ferrite content in the weld metal and HAZ of REAC welds; and evaluation of NDE techniques for crack detection in REAC welds.

Patricia A. Brink,
Director of Civil Enforcement, Antitrust Division.
