SUPPLEMENTARY INFORMATION: This ICR seeks PRA authority for the Unemployment Insurance Benefits Operations Self-Assessment Report of Responses information collection. The report of responses to the state self-assessment will support periodic reviews conducted by ETA Regional and National Office staff for purposes of oversight and monitoring as well as providing technical assistance. This will enable the ETA to assess a state's activities and its administrative compliance with Federal law. The information gathered from the self-assessments will enable ETA Regional Office staff to work with the state to identify areas where performance improvements are needed. The results will be used to inform ETA technical assistance efforts nationally and with individual states. The results will also enable a more robust and effective collection and dissemination of state best practices. Social Security Act section 303(a)(6) authorizes this information collection. See 42 U.S.C. 503(a)(6).

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition,

notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notice published in the **Federal Register** on June 30, 2016 (81 FR 42729).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB ICR Reference Number 201612-1205-005. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Coal Mine Operator Response to Schedule for Submission of Additional Evidence (Form CM–2970) and Operator Response to Notice of Claim (Form CM–2970a) information collection. The OWCP, Division of Coal Mine Workers' Compensation (DCMWC) administers the Black Lung Benefits Act (30 U.S.C. 901 et seq.), which provides benefits to coal miners totally disabled due to pneumoconiosis and their surviving dependents. When the DCMWC makes a preliminary analysis of a claimant's eligibility for benefits, and if a coal mine operator has been identified as potentially liable for payment of those benefits, the responsible operator is notified of the preliminary analysis. Regulations codified at 20 CFR part 725 require that a coal mine operator be identified and notified of potential liability as early in the adjudication process as possible. Forms CM–2790 and CM–2970a are used for claims filed after January 19, 2001, and indicate that the coal mine operator will submit additional evidence or respond to the notice of claim. Black Lung Benefits Act section 426 authorizes this information collection. See 30 U.S.C. 936.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240–0033.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on March 31, 2017. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information
