SUPPLEMENTARY INFORMATION:

I. Background

In the addenda to FR Doc 2016–26668 (81 FR 80170 through 80562), the final rule entitled, “Medicare Program; Revisions to Payment Policies under the Physician Fee Schedule and Other Revisions to Part B for CY 2017; Medicare Advantage Bid Pricing Data Release; Medicare Advantage and Part D Medical Loss Ratio Data Release; Medicare Advantage Provider Network Requirements; Expansion of Medicare Diabetes Prevention Program Model; Medicare Shared Savings Program Requirements” there was a technical error in an element of the payment calculation for several services that is identified and corrected in this

correcting document. These corrections are effective as if they had been included with the document published November 15, 2016. Accordingly, the corrections are applicable beginning January 1, 2017.

II. Summary and Correction of Errors in the Addenda on the CMS Web Site

Due to a technical error in the allocation of indirect practice expense (PE) for CPT codes 97161 through 97168, the incorrect CY 2017 PE relative value units (RVUs) were included in Addendum B. The corrected CY 2017 PE RVUs for these codes are reflected in the corrected Addendum B available on the CMS Web site at www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/PhysicianFeeSched/index.html.

III. Waiver of Proposed Rulemaking

Under 5 U.S.C. 553(b) of the Administrative Procedure Act (the APA), the agency is required to publish a notice of the proposed rule in the **Federal Register** before the provisions of a rule take effect. Similarly, section 1871(b)(1) of the Social Security Act (the Act) requires the Secretary to provide for notice of the proposed rule in the **Federal Register** and provide a period of not less than 60 days for public comment. In addition, section 553(d) of the APA and section 1871(e)(1)(B)(i) of the Act mandate a 30-day delay in effective date after issuance or publication of a rule. Sections 553(b)(B) and 553(d)(3) of the APA provide for exceptions from the APA notice and comment, and delay in effective date requirements; in cases in which these exceptions apply, sections 1871(b)(2)(C) and 1871(e)(1)(B)(ii) of the Act provide exceptions from the notice and 60-day comment period and delay in effective date requirements of the Act as well. Section 553(b)(B) of the APA and section 1871(b)(2)(C) of the Act authorize an agency to dispense with normal notice and comment rulemaking procedures for good cause if the agency makes a finding that the notice and comment process is impracticable, unnecessary, or contrary to the public interest, and includes a statement of the finding and the reasons for it in the rule. In addition, section 553(d)(3) of the APA and section 1871(e)(1)(B)(ii) allow the agency to avoid the 30-day delay in effective date where such delay is contrary to the public interest and the agency includes in the rule a statement of the finding and the reasons for it.

In our view, this correcting document does not constitute a rulemaking that would be subject to these requirements. This document merely corrects

technical errors in the CY 2017 PFS final rule. The corrections contained in this document are consistent with, and do not make substantive changes to, the policies and payment methodologies that were proposed subject to notice and comment procedures and adopted in the CY 2017 PFS final rule. As a result, the corrections made through this correcting document are intended to resolve inadvertent errors so that the rule accurately reflects the policies adopted in the final rule.

Even if this were a rulemaking to which the notice and comment and delayed effective date requirements applied, we find that there is good cause to waive such requirements. Undertaking further notice and comment procedures to incorporate the corrections in this document into the CY 2017 PFS final rule or delaying the effective date of the corrections would be contrary to the public interest because it is in the public interest to ensure that the rule accurately reflects our policies as of the date they take effect. Further, such procedures would be unnecessary because we are not making any substantive revisions to the final rule, but rather, we are simply correcting the **Federal Register** document to reflect the policies that we previously proposed, received public comment on, and subsequently finalized in the final rule. For these reasons, we believe there is good cause to waive the requirements for notice and comment and delay in effective date.

Dated: March 16, 2017.

Ann C. Agnew,

Executive Secretary to the Department, Department of Health and Human Services.

Synopsis

As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), the FCC is notifying the public that it received OMB approval on February 27, 2017, for the rules associated with the *Orders* related to certain high-cost carriers' obligation to report broadband location information where they have deployed facilities meeting their public interest obligations, as well as associated certifications and quarterly reports, published at 81 FR 24282, April 25, 2016, 81 FR 44414, July 7, 2016, and 81 FR 83706, November 22, 2016, as well as 47 CFR 54.316 and 54.320(d). Under 5 CFR 1320, an agency may not conduct or sponsor a collection of information unless it displays a current, valid OMB Control Number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a current, valid OMB Control Number. The OMB Control Number is 3060-1228.

The foregoing notice is required by the Paperwork Reduction Act of 1995, Public Law 104-13, October 1, 1995, and 44 U.S.C. 3507.

The total annual reporting burdens and costs for the respondents are as follows:

OMB Control Number: 3060-1228.

OMB Approval Date: February 27, 2017.

OMB Expiration Date: February 29, 2020.

Title: Connect America Fund—High Cost Portal Filing.

Form No.: N/A.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 1,526 unique respondents; 3,595 responses.

Estimated Time per Response: 8 hours–30 hours.

Frequency of Response: On occasion, quarterly reporting requirements, annual reporting requirements, one-time

reporting requirement and recordkeeping requirement.

Obligation To Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 151–154, 155, 201–206, 214, 218–220, 251, 252, 254, 256, 303(r), 332, 403, 405, 410, and 1302.

Total Annual Burden: 65,713 hours.

Total Annual Cost: No Cost.

Nature and Extent of Confidentiality:

We note that USAC must preserve the confidentiality of certain data obtained from respondents; must not use the data except for purposes of administering the universal service programs or other purposes specified by the Commission; and must not disclose data in company-specific form unless directed to do so by the Commission. Respondents may request materials or information submitted to the Commission or the Administrator believed confidential to be withheld from public inspection under 47 CFR 0.459 of the FCC's rules.

Needs and Uses: This information collection addresses the requirement that certain carriers with high cost reporting obligations must file information about their locations which meet their broadband deployment public interest obligations via an electronic portal ("portal"). The *Rate-of-Return Order* required that the Universal Service Administrative Company (USAC) establish the portal so that carriers could file their location data with the portal starting in 2017. The *Rate-of-Return Order* required all recipients of Phase II model-based support and rate-of-return carriers to submit geocoded location data and related certifications to the portal. Recipients of Phase II model-based support had been required to file such information in their annual reports due by July 1. The *Phase II Auction Order* requires auction winners to build-out networks capable of meeting their public interest obligations and report, to an online portal, locations to which auction winners had deployed such networks. The *ACS Phase II Order* requires Alaska Communications Systems (ACS), a recipient of Phase II frozen support, to comply with the reporting, certification and non-compliance measures similar to those previously adopted for ETCs electing Phase II model-based support. For the same reason, the Commission also adopted a cost certification requirement for certain locations. This collection also implements the *Rate-of-Return Order* by moving and revising the currently approved requirements under OMB Control Numbers 3060-1200 and 3060-0986 to enable recipients of Phase

II model-based support and rural broadband experiment funding to file their location information and associated reports and certifications in the portal instead of on the FCC Form 481 or as is currently required.

Federal Communications Commission.

Marlene H. Dortch,
Secretary.

[Docket No. 130312235-3658-02]

RIN 0648-XF290

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Snapper-Grouper Resources of the South Atlantic; Commercial Trip Limit Reduction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; commercial trip limit reduction.

SUMMARY: NMFS issues this temporary rule to reduce the commercial trip limit for vermilion snapper in or from the exclusive economic zone (EEZ) of the South Atlantic to 500 lb (227 kg), gutted weight, 555 lb (252 kg), round weight. This trip limit reduction is necessary to protect the South Atlantic vermilion snapper resource.

DATES: This rule is effective 12:01 a.m., local time, March 22, 2017, until 12:01 a.m., local time, July 1, 2017.

FOR FURTHER INFORMATION CONTACT: Mary Vara, NMFS Southeast Regional Office, telephone: 727-824-5305, email: mary.vara@noaa.gov.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery in the South Atlantic includes vermilion snapper and is managed under the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic

Region (FMP). The South Atlantic Fishery Management Council prepared the FMP. The FMP is implemented by NMFS under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

The commercial ACL (commercial quota) for vermilion snapper in the South Atlantic is divided into two 6-month time periods, January through June and July through December. For the January 1 through June 30, 2017, fishing season, the commercial quota is 388,703 lb (176,313 kg), gutted weight, 431,460 lb (195,707 kg), round weight (50 CFR 622.190(a)(4)(i)(D)).

Under 50 CFR 622.191(a)(6)(ii), NMFS is required to reduce the commercial trip limit for vermilion snapper from 1,000 lb (454 kg), gutted weight, 1,110 lb (503 kg), round weight, when 75 percent of the fishing season commercial quota is reached or projected to be reached, by filing a notification to that effect with the Office of the Federal Register, as established by Regulatory Amendment 18 to the FMP (78 FR 47574, August 6, 2013). The reduced commercial trip limit is 500 lb (227 kg), gutted weight, 555 lb (252 kg), round weight. Based on current information, NMFS has determined that 75 percent of the available commercial quota for the January 1 through June 30, 2017, fishing season for vermilion snapper will be reached by March 22, 2017. Accordingly, NMFS is reducing the commercial trip limit for vermilion snapper to 500 lb (227 kg), gutted weight, 555 lb (252 kg), round weight, in or from the South Atlantic EEZ at 12:01 a.m., local time, on March 22, 2017. This reduced commercial trip limit will remain in effect until the start of the next fishing season on July 1, 2017, or until the seasonal commercial quota is reached and the commercial sector closes, whichever occurs first.

Classification

The Regional Administrator, Southeast Region, NMFS, has determined this temporary rule is necessary for the conservation and management of South Atlantic vermilion snapper and is consistent

with the Magnuson-Stevens Act and other applicable laws.

This action is taken under 50 CFR 622.191(a)(6)(ii) and is exempt from review under Executive Order 12866.

These measures are exempt from the procedures of the Regulatory Flexibility Act because the temporary rule is issued without opportunity for prior notice and comment.

This action responds to the best scientific information available. The Assistant Administrator for Fisheries, NOAA (AA), finds that the need to immediately implement this commercial trip limit reduction constitutes good cause to waive the requirements to provide prior notice and opportunity for public comment pursuant to the authority set forth in 5 U.S.C. 553(b)(B), because prior notice and opportunity for public comment on this temporary rule is unnecessary and contrary to the public interest. Such procedures are unnecessary because the rule establishing and providing for a reduction in the commercial trip limit has already been subject to notice and comment, and all that remains is to notify the public of the commercial trip limit reduction. Providing prior notice and opportunity for public comment is contrary to the public interest because any delay in reducing the commercial trip limit could result in the commercial quota being exceeded. There is a need to immediately implement this action to protect the vermilion snapper resource, since the capacity of the fishing fleet allows for rapid harvest of the commercial quota. Providing prior notice and opportunity for public comment on this action would require time and increase the likelihood that the commercial sector could exceed its quota.

For the aforementioned reasons, the AA also finds good cause to waive the 30-day delay in the effectiveness of this action under 5 U.S.C. 553(d)(3).

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 17, 2017.
