The USACE has determined that the basic project purpose in the present case is to develop an additional, reliable water supply for the applicant (NTMWD) and its member cities and customers.

The purpose of the RDEIS is to provide decision-makers and the public with information pertaining to the Proposed Action and alternatives, and to disclose environmental impacts and identify mitigation measures to reduce impacts. NTMWD proposes to build the LBCR with a total storage capacity of approximately 367,609 AF. A dam approximately 10,400 feet (about two miles) long and up to 90 feet high would be constructed, and much of the reservoir footprint would be cleared of trees and built structures. NTMWD also proposes to construct several related facilities or connected actions. These include a raw water intake pump station and electrical substation at the reservoir site, as well as a 90–96 inch diameter buried pipeline to carry raw water from the new reservoir approximately 35 miles in a southwesterly direction to a new water treatment plant and terminal storage reservoir that would be located west of the City of Leonard, also in Fannin County, Texas. A number of rural roads within the footprint and in the vicinity of the proposed reservoir would have to be closed or relocated; the most significant of these is FM 1396, which would be relocated to cross the reservoir in a different alignment on an entirely new bridge that would need to be constructed.

An aquatic resources mitigation plan has been prepared by the applicant to comply with the federal policy of “no overall net loss of wetlands” and to provide compensatory mitigation, to the extent practicable, for impacts to other waters of the U.S. that would be impacted by construction of the proposed reservoir. NTMWD has purchased a 14,960-acre parcel of land known as the Riverby Ranch, which borders the Red River. This working ranch is located downstream of the proposed project within both the same watershed (Bois d’Arc Creek) and the same county (Fannin). NTMWD acquired the Riverby Ranch specifically because its biophysical features have the potential to provide a portion of the appropriate mitigation for the proposed project. Additional mitigation is proposed within a 1,900-acre upstream site and within the proposed reservoir itself. Though not part of the proposed mitigation plan, Bois d’Arc Creek downstream of the reservoir will receive environmental flow releases as a result of an operations plan and flow regime established in consultation with the Texas Commission on Environmental Quality (TCEQ), and stipulated in the Water Right Permit issued by TCEQ to NTMWD.

The U.S. Environmental Protection Agency Region VI, U.S. Forest Service, U.S. Fish and Wildlife Service, and the Texas Parks and Wildlife Department (TPWD) participated as cooperating agencies in the formulation of the Draft EIS.

1. On December 8, 2009, the USACE held a NEPA EIS public scoping meeting in Bonham, Texas. On March 24, 2015, the USACE held a public meeting during the comment period on the previous DEIS. The revision and publication of this RDEIS is informed by public and agency comment on the original DEIS and changes have been made to address commented issues. No public meeting is planned during this comment period. Copies of the RDEIS will be available for review during the comment period at the USACE Tulsa District Office, the permit applicant’s office in Wylie Texas, and at five locations in the project area in Fannin County, Texas, addresses of each as follows.

- Bonham Public Library, 305 East 5th Street, Bonham, TX 75418; (903) 583–3128.

- Sam Rayburn Library, 800 West Sam Rayburn Drive, Bonham, TX 75418; (903) 583–2455.

- Bertha Voyer Memorial Library, 500 6th Street, Honey Grove, TX 75446; (903) 378–2206.

- Leonard Public Library, 102 South Main Street, Leonard, TX 75452; (903) 587–2391.

- North Texas Municipal Water District headquarters, 505 East Brown Street, Wylie, TX 75098.

Electronic copies of the Draft EIS may be obtained from the USACE Tulsa District, Regulatory Office or its Web site at http://www.swt.usace.army.mil/
collection requirements and minimize the public’s reporting burden. It also helps the public understand the Department’s information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Impact Aid Discretionary Construction Grant Program (1894–0001).

OMB Control Number: 1810–0657.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 40.

Total Estimated Number of Annual Burden Hours: 240.

Abstract: The Impact Aid Program, authorized by Title VII of the Elementary and Secondary Education Act, as amended, provides financial assistance to Local Educational Agencies (LEA) whose enrollment or revenues are adversely affected by Federal activities. The ESEA, as amended, authorized a Discretionary Construction Grant program under Section 7007(b). The Impact Aid Discretionary Construction Program provides grants to eligible Impact Aid school districts for emergency repairs and modernization of school facilities. The eligible Impact Aid school districts have a limited ability to raise revenues for capital improvements because they have large areas of Federal land within their boundaries. As a result, these districts find it difficult to respond when their school facilities are in need of emergency repairs or modernization; the Impact Aid Discretionary Construction Program assists these LEAs.

Washington Tomakie,
Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

DEPARTMENT OF EDUCATION

Application for New Awards; Expanding Opportunity Through Quality Charter Schools Program (CSP)—Grants to State Entities

AGENCY: Office of Innovation and Improvement, Department of Education.

ACTION: Notice.

SUMMARY: CSP—Grants to State Entities; Notice inviting applications for new awards for fiscal year (FY) 2017.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.282A.

Date of Pre-Application Webinar: March 30, 2017, 2:00 p.m. to 4:00 p.m., Washington, DC, time.

If you use a TDD or a TTY, call the FRS, toll free, at 1–800–877–8339.

SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: Through the CSP Grants to State Entities (CSP State Entities) competition (CFDA number 84.282A), the Department awards grants to “State entities” (as defined in this notice) to enable them to award subgrants to “eligible applicants” (as defined in this notice) to enable such eligible applicants to open and prepare for the operation of new “charter schools” (as defined in this notice) and to “replicate” (as defined in this notice) and “expand” (as defined in this notice) “high-quality charter schools” (as defined in this notice). Grant funds may also be used to provide technical assistance to eligible applicants and “authorized public chartering agencies” (as defined in this notice) in opening and preparing for the operation of new charter schools, or replicating or expanding high-quality charter schools; and to work with authorized public chartering agencies to improve authorizing quality, including developing capacity for, and conducting, fiscal oversight and auditing of charter schools.

Background: The CSP State Entities program provides financial assistance to State entities to support charter schools that serve elementary and secondary school students in a given “State” (as defined in this notice). Charter schools receiving funds under the CSP State Entities program also may serve students in “early childhood education programs” (as defined in this notice) or postsecondary students.

The CSP State Entities program is newly authorized under the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA) (20 U.S.C. 7221–7221j). This notice contains information regarding eligibility, priorities, definitions, application requirements, and selection criteria under the new law.

All charter schools receiving CSP funds must meet the definition of “charter school” in section 4310(2) of the ESEA, including by complying with various non-discrimination laws, such as the Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, section 444 of the General Education Provisions Act (GEPA), and part B of the Individuals with Disabilities Education Act (IDEA).

Priorities: This notice includes eight competitive preference priorities. Competitive preference priorities 1 and 2 are from the notice of final priorities, requirements, definitions, and selection criteria for this program, published in the Federal Register on June 15, 2015 (80 FR 34201) (NFP). Competitive preference priorities 3 through 8 are from section 4303(g)(2) of the ESEA.

Competitive Preference Priorities: For FY 2017 and any subsequent year in which we make awards based on the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we award:

• An additional five points to an application that meets one, and an

1 Prior to enactment of the ESSA, the ESEA, as amended by the No Child Left Behind Act of 2001 (NCLB), authorized the Secretary to make awards to State educational agencies to enable them to conduct charter school subgrant programs in their States. Unless otherwise indicated, all references to the ESEA in this notice are to the ESEA, as amended by the ESSA.
