

develop and distribute additional compliance assistance materials to post on the Agency's Web site ([www.msha.gov](http://www.msha.gov)). Compliance assistance materials would include templates for workplace examinations for different mining environments that would facilitate compliance and minimize mine operator recordkeeping burden. MSHA would make these compliance assistance materials available at a number of informational stakeholder meetings at various locations around the country. MSHA also understands that mine operators may need time to adjust schedules, develop additional recordkeeping capacity, and in other ways modify the way they currently do business to comply with the rule. For these reasons, MSHA is proposing to extend the rule's effective date to July 24, 2017.

MSHA is committed to assuring that mine operators and miners affected by the examinations final rule have the training and compliance assistance they need prior to the rule's effective date. As part of the outreach and compliance assistance process, MSHA would consider issues raised by stakeholders and consider further extending the effective date in order to determine if these issues can be reasonably addressed through compliance assistance and training. MSHA also seeks comments regarding the appropriate length of the proposed extension.

#### 33 CFR Part 100

[Docket Number USCG-2017-0010]

RIN 1625-AA08

#### Special Local Regulations; Sector Ohio Valley Annual and Recurring Special Local Regulations Update

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Coast Guard is amending and updating its special local regulations relating to recurring marine parades, regattas, and other events that take place in the Coast Guard Sector Ohio Valley area of responsibility

(AOR). This notice informs the public of regularly scheduled events that require additional safety measures through establishing a special local regulation. Through this notice the current list of recurring special local regulations is updated with revisions, additional events, and removal of events that no longer take place in Sector Ohio Valley's AOR. When these special local regulations are enforced, certain restrictions are placed on marine traffic in specified areas. Additionally, this one proposed rulemaking project reduces administrative costs involved in producing separate proposed rules for each individual recurring special local regulation and serves to provide notice of the known recurring special local regulations throughout the year.

**DATES:** Comments and related material must be received by the Coast Guard on or before April 26, 2017.

**ADDRESSES:** You may submit comments identified by docket number USCG-2017-0010 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this proposed rule, call or email Petty Officer James Robinson, Sector Ohio Valley, U.S. Coast Guard; telephone (502) 779-5347, email [James.C.Robinson@uscg.mil](mailto:James.C.Robinson@uscg.mil).

§ Section

##### **II. Background, Purpose, and Legal Basis**

The Captain of the Port (COTP) Ohio Valley is proposing to establish, amend, and update its current list of recurring special local regulations.

These special local regulations are proposed to be added, amended, and updated to the list of annually recurring special local regulations under 33 CFR 100.801 in Table no. 1 for annual special local regulations in the COTP Ohio Valley zone. The Coast Guard will address all comments accordingly, whether through response, additional revision to the regulation, or otherwise. Additionally, these recurring events are provided to the public through local

avenues and planned by the local communities.

The current list of annual and recurring special local regulations occurring in Sector Ohio Valley's AOR is published under 33 CFR part 100.801. That most recent list was created January 25, 2016 through the rulemaking 81 FR 3976.

The Coast Guard's authority for establishing a special local regulation is contained at 33 U.S.C. 1233. The Coast Guard is amending and updating the special local regulations under 33 CFR part 100 to include the most up to date list of recurring special local regulations for events held on or around navigable waters within Sector Ohio Valley's AOR. These events include marine parades, boat races, swim events, and other marine related events. The current list under 33 CFR 100.801 requires amending to provide new information on existing special local regulations, updating to include new special local regulations expected to recur annually or biannually, and to remove special local regulations that are no longer required. Issuing individual regulations for each new special local regulation, amendment, or removal of an existing special local regulation creates unnecessary administrative costs and burdens. This single proposed rulemaking will considerably reduce administrative overhead and provides the public with notice through publication in the **Federal Register** of the upcoming recurring special local regulations.

The Coast Guard encourages the public to participate in this proposed rulemaking through the comment process so that any necessary changes can be identified and implemented in a timely and efficient manner.

##### **III. Discussion of Proposed Rule**

33 CFR part 100 contains regulations to provide effective control over regattas and marine parades conducted on U.S. navigable waters in order to ensure the safety of life in the regattas or marine parade area. Section 100.801 provides the regulations applicable to events taking place in the Eighth Coast Guard District and also provides a table listing each event and special local regulation. This section requires amendment from time to time to properly reflect the recurring special local regulations in Sector Ohio Valley's AOR. This proposed rule amends and updates Section 100.801 replacing the current Table 1 for Sector Ohio Valley.

Additionally, this proposed rule would add 12 new recurring special local regulations and removes 06 special local regulations as follows: 12 added

under the new Table 1 for Sector Ohio Valley.

Date	Event/sponsor	Ohio Valley location	Regulated area
2 days—First weekend in August .....	Powerboat Nationals—Ravenswood Regatta .....	Ravenswood, WV	Ohio River, Mile 220.5–221.5 (West Virginia).

3 days—One of the first two weekends in September.	Evansville HydroFest .....	Evansville, IN .....	Ohio River, Mile 791.8–793.0.

This proposed rule would remove the following seven special local regulations from the existing Table 1 Part 100.801 as follows:

Date	Event/sponsor	Ohio Valley location	Regulated area
1 day—Saturday before Memorial Day weekend.	Venture Outdoors/Venture Outdoors Festival ....	Pittsburgh, PA .....	Allegheny River, Mile 0.0–0.25 Monongahela River 0.0–0.25 (Pennsylvania).

2 days—First or second weekend in September.	State Dock/Cumberland Poker Run .....	Jamestown, KY ....	Lake Cumberland (Kentucky).

The effect of this proposed rule would be to restrict general navigation during these events. Vessels intending to transit the designated waterway through the special local regulations will only be allowed to transit the area when the COTP Ohio Valley, or designated representative, has deemed it safe to do so or at the completion of the event.

**IV. Regulatory Analyses**

We developed this proposed rule after considering numerous statutes and executive orders (E.O.s) related to rulemaking. Below we summarize our analyses based on a number of these statutes and E.O.s, and we discuss First Amendment rights of protestors.

**A. Regulatory Planning and Review**

E.O.s 12866 (“Regulatory Planning and Review”) and 13563 (“Improving Regulation and Regulatory Review”) direct agencies to assess the costs and benefits of available regulatory

alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits including potential economic, environmental, public health and safety effects, distributive impacts, and equity. E.O.13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. Executive Order 13771 (“Reducing Regulation and Controlling Regulatory Costs”), directs agencies to reduce regulation and control regulatory costs and provides that “for every one new regulation issued, at least two prior regulations be identified for elimination, and that the cost of planned regulations be prudently managed and controlled through a budgeting process.”

The Office of Management and Budget (OMB) has not designated this rule a significant regulatory action under section 3(f) of Executive Order 12866.

Accordingly, the Office of Management and Budget (OMB) has not reviewed it.

As this rule is not a significant regulatory action, this rule is exempt from the requirements of Executive Order 13771. See OMB’s Memorandum titled “Interim Guidance Implementing Section 2 of the Executive Order of January 30, 2017 titled ‘Reducing Regulation and Controlling Regulatory Costs’” (February 2, 2017).

The Coast Guard expects the economic impact of this proposed rule to be minimal, and therefore a full regulatory evaluation is unnecessary. This proposed rule establishes special local regulations limiting access to certain areas under 33 CFR part 100 within Sector Ohio Valley’s AOR. The effect of this proposed rulemaking will not be significant because these special local regulations are limited in scope and duration. Additionally, the public is given advance notification through local forms of notice, the **Federal Register**,

and/or Notices of Enforcement and thus will be able to plan operations around the special local regulations in advance. Deviation from the special local regulations established through this proposed rulemaking may be requested from the appropriate COTP and requests will be considered on a case-by-case basis. Broadcast Notices to Mariners and Local Notices to Mariners will also inform the community of these special local regulations so that they may plan accordingly for these short restrictions on transit. Vessel traffic may request permission from the COTP Ohio Valley or a designated representative to enter the restricted area.

#### *B. Impact on Small Entities*

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

This proposed rule would affect the following entities, some of which may be small entities: The owners or operators of vessels intending to transit the special local regulation areas during periods of enforcement. The special local regulations would not have a significant economic impact on a substantial number of small entities because they are limited in scope and will be in effect for short periods of time. Before the enforcement period, the Coast Guard COTP will issue maritime advisories widely available to waterway users. Deviation from the special local regulations established through this proposed rulemaking may be requested from the appropriate COTP and requests will be considered on a case-by-case basis.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the proposed rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine

compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

#### *C. Collection of Information*

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

#### *D. Federalism and Indian Tribal Governments*

A rule has implications for federalism under E.O. 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in E.O. 13132.

Also, this rule does not have tribal implications under E.O. 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

#### *E. Unfunded Mandates Reform Act*

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### *F. Environment*

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded under section 2.B.2, figure 2–1, paragraph (34)(h) of the Instruction because it involves establishment of special local regulations related to marine event permits for marine parades, regattas, and other marine events. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

#### *G. Protest Activities*

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

#### **V. Public Participation and Request for Comments**

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, you may review a Privacy Act notice regarding the Federal Docket

Management System in the March 24, 2005, issue of the **Federal Register** (70 FR 15086).

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that Web site's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified

when comments are posted or a final rule is published.
