percent if the confirmed violation rate is equal to or greater than 1 percent ("violation rate" means the number of covered employees found during random tests administered under 49 CFR 655.45 to have an alcohol concentration of .04 or greater, plus the number of employees who refuse a random test required by 49 CFR 655.49, divided by the total reported number of random alcohol tests).

Pursuant to 49 CFR 655.45(b), the Administrator’s decision to increase or decrease the minimum annual percentage rate for random drug and alcohol testing is based, in part, on the reported positive drug and alcohol violation rates for the entire public transportation industry. The information used for this determination is drawn from the drug and alcohol Management Information System (MIS) reports required by 49 CFR 655.72. In determining the reliability of the data, the Administrator considers the quality and completeness of the reported data, or may obtain additional information or reports from employers, and make appropriate modifications in calculating the industry’s verified positive results and violation rates.

For 2017, the Administrator has determined the random drug testing rate will remain at 25 percent based on a positive rate lower than 1.0 percent for random drug test data for calendar years 2014 and 2015. The random drug rates were .87 percent for 2014 and .90 percent for 2015. Further, the Administrator has determined that the random alcohol testing rate for 2017 will remain at 10 percent because the violation rate was again lower than 0.5 percent for calendar years 2014 and 2015. The random alcohol violation rates were 0.14 percent for 2014 and 0.14 percent for 2015.

Executive Director.

Transfer of Federally Assisted Land or Facility

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of intent to transfer Federally assisted land or facility.

SUMMARY: Section 5334(h) of the Federal Transit Laws, as codified, 49 U.S.C. 5301, et seq., permits the Administrator of the Federal Transit Administration (the “FTA”) to authorize a recipient of FTA funds to transfer land or a facility to a public body for any public purpose with no further obligation to the Federal Government if, among other things, no Federal agency is interested in acquiring the asset for Federal use. Accordingly, FTA is issuing this Notice to advise Federal Agencies that the Wisconsin Department of Transportation intends to transfer a building to the City of Rice Lake (the “City”). This transfer also includes a 31% interest in the real property. The building is located at 326 South Main Street, Rice Lake, Wisconsin (hereinafter the “Building”).

DATES: Effective Date: Any Federal agency interested in acquiring the Facility must notify the FTA Region V Office of its interest by April 28, 2017.

ADDRESSES: Interested parties should notify the Regional Office by writing to Marisol R. Simón, Regional Administrator, Federal Transit Administration, 200 West Adams, Suite 320, Chicago, IL 60606.

FOR FURTHER INFORMATION CONTACT: Kathryn Loster, Regional Counsel, at 312–353–3869.

SUPPLEMENTARY INFORMATION:

Background

49 U.S.C. 5334(h) provides guidance on the transfer of assets no longer needed. Specifically, if a recipient of FTA assistance decides an asset acquired at least in part with federal assistance is no longer needed for the purpose for which it was acquired, the Secretary of Transportation may authorize the recipient to transfer the asset to a local governmental authority to be used for a public purpose with no further obligation to the Government. 49 U.S.C. 5334(h)(l).

Determinations

The Secretary may authorize a transfer for a public purpose other than public transportation only if the Secretary decides:

(A) The asset will remain in public use for at least 5 years after the date the asset is transferred;

(B) There is no purpose eligible for assistance under this chapter for which the asset should be used;

(C) The overall benefit of allowing the transfer is greater than the interest of the Government in liquidation and return of the financial interest of the Government in the asset, after considering fair market value and other factors; and

(D) Through an appropriate screening or survey process, that there is no interest in acquiring the asset for Government use if the asset is a facility or land.

Federal Interest in Acquiring Land or Facility

This document implements the requirements of 49 U.S.C. 5334(h)(l)(D). Accordingly, FTA hereby provides notice of the availability of the Facility further described below. Any Federal agency interested in acquiring the affected facility should promptly notify the FTA.

If no Federal agency is interested in acquiring the existing Facility, FTA will make certain that the other requirements specified in 49 U.S.C. 5334(h)(l)(A) through (C) are met before permitting the asset to be transferred.
